

Gradually increasing cloudiness and continued cool this afternoon and tonight. Wednesday mostly cloudy and cool with some rain.

81 KILLED IN RAIL DISASTER

Every Man Killed Or Wounded

Commies Wipe Out U.S. Squad

AN EDITORIAL

Dr. Frank Graham And The Communist Speaker Ban

With wars, threats of wars and other world tensions, it would appear that Dr. Frank Graham and every other United States employee at the United Nations would have more important things to do than spending time running back and forth to North Carolina to make speeches against the Communist Speaker Ban Law.

Considering the fact that Communists are killing American troops in Viet Nam, it seems very inappropriate, to say the least, for Dr. Graham to devote his energy and the taxpayers' time and money trying to convince North Carolina legislators that Communists have the right to speak on our campuses.

It is the duty of every American, especially those feeding at the public trough, to do all they can to help fight the Communists, not to help coddle them.

At the ultra, ultra plush headquarters of the United Nations, where the carpets are as thick as the prime steaks in its swank dining rooms, Dr. Graham is afforded every comfort, convenience, nicety and luxury that the taxpayer's money can buy.

In the plush and ornate bars of the UN, the finest champagnes, vodkas, wines and liquors from the world's great distilleries are on tap for the mere asking. The cuisine of the many dining rooms at UN headquarters is said to be the finest in the world, always a banquet fit for a king.

And just a taxi hop away from UN headquarters lies at disposal of Dr. Graham the fine museums and libraries some of the world's greatest art and cultural centers, all the glitter and glamour of Broadway, Times Square, the world's beautiful dancing dolls - you name it, almost anything his heart could desire. And a pocketfull of the taxpayers' money to purchase it with.

While Dr. Graham enjoys such luxury, our battle-scarred GIs wade through the mud and marshes of the Viet Nam jungles, forced to exist on tasteless Army combat rations when they can find a minute to eat at all.

Many of them are footsore, weary, wounded and bleeding. They thank the Good Lord for every day they manage to survive without getting their eyes gouged out, their innards ripped out at the point of bayonet or their heads shot off by some savage Communist Guerilla.

And yet Dr. Graham has the unmitigated gall to climb into a taxi or a United Nations limousine, head for luxury airplane or train accommodations to return to North Carolina and tell the people we ought not to ban Communists, that we ought to roll out the red carpet for their top propaganda spokesmen, honor them and be nice to them so we can learn their views.

Why, he says, it's absolutely necessary to academic freedom to welcome the Commies to our campuses. In fact, he adds, if we don't do it then the great Southern Association of Colleges and Schools might even take away our accreditation.

Call it anything you like, but the United States is at war with the Communists.

In a war, you don't compromise with the enemy. You shoot to kill, you fight to win. And you die if necessary to do it. Thousands already have.

Meanwhile, the people back home aren't expected to use tax money to play footsie with the Communist politicians behind the enemy guns that kill our boys.

Slice it any way you like, that's what it means.

By Chinese Communist

U.S. Plane Shot Down

TOKYO (UPI) - Communist China said its air force shot down a U. S. fighter plane today in a dogfight over Kwangsi Province in South China.

A Peking Chinese language broadcast said the American plane was

one of four which intruded into Chinese territory on a mission of "provocation." Kwangsi Province borders Communist North Viet Nam.

The broadcast said the plane was shot down by a unit of the Chinese People's Liberation Army Air Force.

Jury Finds Slayer Guilty

Ezekiel Owen, 32, of Lillington, Route 2, is awaiting sentence in Harnett Superior Court on a manslaughter conviction in the slaying of James Campbell, about 30, of the same community last March 28th. A jury convicted Owen of manslaughter and Judge W. H. S. Bur-

he would pass sentence on him late Wednesday.

According to Owen, Campbell had shot at his car as he was enroute home with his girl friend, Jesse gwyn ordered Owen jailed and said McDougald.

Owen said he returned home, got

SAIGON (UPI) - Ambushing Communist guerrillas today killed or wounded every member of an American infantry squad on patrol in the jungles 15 miles northeast of Saigon, a U. S. military spokesman reported. A squad usually has about 12 men.

In air action, two American planes were lost, and one pilot was presumed killed. One of the planes was hit by ground fire during a raid over North Viet Nam. The other crashed in South Viet Nam for unknown reasons.

Use Children As Shields

Further North, in The Qui Nhon area, guerrillas forces were reported using children as shields against American air raids, then shooting the children when they were no longer needed. The atrocity was witnessed by Maj. B. H. Mann, a Marine Corps helicopter pilot.

The ambushed patrol of the U. S. Army's 1st Infantry Division was attacked as it was returning from a nighttime search-and-kill mission in the Bien Hoa area shortly before sunrise. Another American patrol in the area heard the sound of battle and tried to work its way through jungle to help repulse the attacking guerrillas.

But the Viet Cong had melted in to the thick underbrush and escaped, by the time the second patrol arrived. American casualties were officially described as "heavy." Two Viet Cong bodies were found.

The B52 raid today was the 37th of the war and the fourth in the last nine days. The target was 15 miles north of Tay Ninh City.

PCA Loaning Farmers More

More than 20,000 North Carolina farmers were being served with over \$98 million in short and intermediate - term credit on July 31, 1965, by the 24 production credit associations throughout North Carolina, according to Herman P. Green, general manager of the Dunn Production Credit Association.

Mr. Green who has just returned from a meeting of PCA executive committee and credit personnel held at Goldsboro, reported that the loan volume of these farmer-owned and operated credit cooperatives in North Carolina has increased by nearly \$6 million during the past year. Meeting the increased credit needs of agriculture in the state.

The role of directors, managers, and credit men of production credit associations in credit administration was the principal subject discussed at the meeting and Mr. Green said, "It is necessary that North Carolina farmers employ more good management on their farms and do more sound financial planning in order to handle the increased amount of capital required on North Carolina farms today."

Dr. C. E. Bishop, Head of the Department of Agricultural Economics at N. C. State University, Raleigh, was the guest speaker at the meeting and spoke on "Financing Modern Agriculture."

Mr. Green was accompanied to the meeting by the following officers and directors of the Dunn Association, E. E. Seay, Sam F. Hudson, James H. Withers and James L. Warren.

CO-CHAIRMAN - Tommy Godwin, top is, is serving as chairman and Joe Ruark, bottom, is co-chairman of the drive to raise \$50,000 in Dunn tomorrow for Campbell College. A hundred Dunn business and professional men have been asked to assist them in the solicitation.

At Iowa State Univ.

Kissing Costly

AMES, Iowa (UPI) - Some Iowa State University students are paying \$1 or more for a good night kiss.

School authorities recently banned parking on one side of street through the women's dormitory area. They restricted parking on the other side of the street to faculty members.

Many students scoffed at the new parking ordinance and parked their cars in front of the dormitories for that last intimate farewell before walking their dates to the door. When the amorous students returned to their cars, they found parking tickets attached to their windshield wipers.

Students were outraged at the cost of a kiss. Fines ranged from \$1 for the first ticket, to \$3 for the second, \$5 for the third, \$10 for the fourth, and \$5 more for each additional offense.

"A good night kiss is fine," one student scowled, "but who can afford it?"

The no parking signs were placed

Russell Writing On Revolutionary

Mrs. Cornelius Harnett Provided Dried Fish

A home-sick North Carolina delegate to the 1777 Congress in Philadelphia wanted some Southern dried fish so badly that he didn't care "if they even stank."

Phillips Russell, retired University of North Carolina Journalism professor, discovered a note from the delegate Cornelius Harnett written in 1777 to a friend, William Wilkinson, in Wilmington.

Prof. Russell, who is at work on a history of N. C. during the Revolutionary War which will be published soon, reports that the note read:

Another 130 Workers Hurt In Wreckage

DURBAN, South Africa (UPI) - Rescue workers toiled through the night to free survivors from the twisted wreckage of a derailed work train in which at least 81 Africans were killed and 130 injured.

Frenzied survivors killed one white railroadman and wounded another in confusion of rescue operations.

The derailment was described as the worst railroad disaster in South African history. Three cars of the packed train left the rails at 6 p. m. Monday but the accident went unreported for more than three hours.

The slain white man, a signalman identified as W. Hartsief, 20, was hacked to death when he tried to help the injured, railway officials said. His assistant was attacked by near berserk mob and hospitalized with broken ribs and other serious injuries.

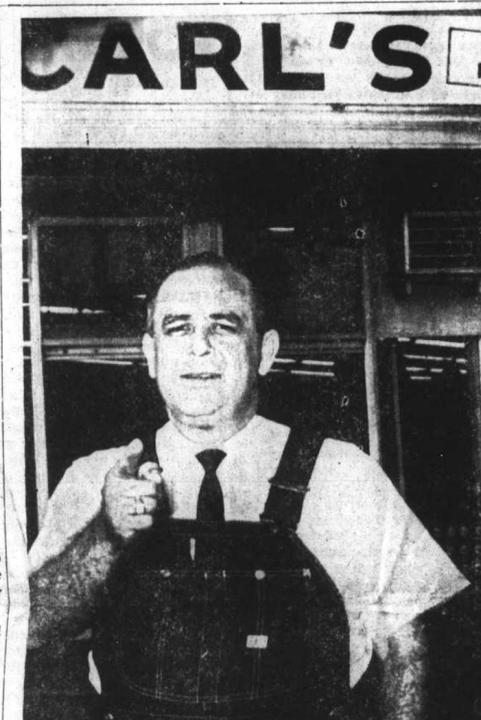

The three cars jumped the rails as the Natal North Coast Line train was en route from Durban to the African township of Kwa Mashu with more than 1,500 workers aboard.

Authorities said an infuriated mob of 500 Africans rushed to the scene and was dispersed by police reinforcements aided by police dogs.

The three coaches were dragged on their sides for a distance of 350 yards. Victims who fell under the wheels were strewn up and down the tracks.

Tomorrow Is Campaign Day

\$50,000 Is Dunn's Quota For Campbell

"Y'ALL COME" - Erwin's annual Overalls Days Celebration begins Thursday and in keeping with the occasion "farmer" Carl Lucas dons a pair of overalls to extend all citizens a cordial invitation to attend the event. There'll be a big dance Friday night at 8:30. The event is sponsored by Mr. Lucas and his three business firms, Carl's Super Markets in Erwin and Dunn and Carl's Sundries in Erwin. (Daily Record Photo by Russell Bassford.)

Church's Responsibility Increased

Pope Declares Visit Added Obligation

ROME (UPI) - Pope Paul VI told the Ecumenical Council today his historic pilgrimage to the United Nations had increased the responsibility of the Roman Catholic Church to the cause of world peace.

The 68-year-old pontiff returned today from New York with words of praise for U. N. leaders "and all the people of the United States of America."

He was visibly tired but instead of resting he drove immediately to St. Peter's Basilica to report to the more than 2,000 council fathers

who are debating the church's relationship to the modern world. "In the name of Christ, we preached peace to them," the Pope said. "You know that this announcement implies great duties... The church has assumed a greater obligation to the cause of peace. It is certainly not our task to enter the fields of politics and economics where civil peace is built, but we can and must help in its construction through moral support and working charity - also material charity."

Board Refers Action On Naming Good Neighbor Council

Harnett OKs Road Bond Issue

The Harnett County Board of Commissioners is on record as unanimously favoring the insurance of \$300 million in State highway bonds for road improvements.

Chairman Jack Brock said today the board voted its enthusiastic approval at its session on Monday.

There has been little or no opposition to the issue. If approved by the voters in State referendum on Nov. 2 Harnett County will receive \$947,800 of the money for secondary rural roads.

In addition, the following amounts would go to towns within the county for urban road improvements: Angier, \$49,000; Coats,

\$41,100; Dunn, \$296,700; Lillington, \$48,700.

Chairman Brock said the board took no action on a request from Rev. Tom Freeman of Dunn that a County Good Neighbor Council be formed to work with the State organization. He said the Rev. Mr. Freeman had been expected to attend the meeting but was unable to do so to discuss it with the officials.

The board rejected a proposal that the Harnett Mental Health Program be combined with that of Cumberland County since a separate unit will mean that Harnett will be allotted six hospital beds under the program.

"We feel it's about as near to Dorothea Dix as to Cape Fear

Dunn will be asked for \$50,000 tomorrow toward the one million dollar state-wide campaign being carried on for Campbell college.

Tommy Godwin, who is heading up a one day drive for the \$50,000 in Dunn tomorrow for the Chamber of Commerce, says he hopes to have the total amount by 9:00 tomorrow night.

The community room of the Home Savings and Loan will be headquarters for the drive.

Both pledges and cash will be accepted in the one day drive. One hundred business and professional men in Dunn have been asked to give a day to help out in the campaign.

Harnett is seeking \$100,000 as its share in the campaign statewide. Bill Corbin of Dunn is Harnett county chairman Henderson Belk of Charlotte is state chairman.

If Dunn raises \$50,000 tomorrow as its share in the Harnett county campaign the county Campaign will probably be reached at the same time tomorrow night.

It is one of the biggest money raising efforts ever attempted in Dunn in a single day.

Workers are urged to report to the Home Savings and Loan as they receive cash and pledges tomorrow.

The million dollars is needed at Campbell to make it an accredited school.

The money will be used to pay off a \$600,000 debt on the new science building, a \$300,000 debt on the new addition to the library there and \$90,000 will go for new books in the library.

The noon Dr. John Bunn, of the Department of Religion of the college, spoke to the Kiwanis club on the Campbell million dollar effort and the need of it.

Last night the Dunn Jaycees also went on record as backing the drive and agreed to conduct a house to house canvass for part of the \$50,000 effort.

Billy Pope and Bill Crowder will be co-chairman for the canvass tomorrow night.

Dunn, Lillington, Buie's Creek, Angier, Erwin and Coats are conducting drives as part of the \$100,000 campaign in the county.

Joe Ruark of Dunn is assisting Tommy Godwin in the Dunn drive as co-chairman.

Godwin today emphasized the need of speed in the drive and urged workers to report early tomorrow at the Home Savings and Loan for contact cards.

Belk, the state chairman, has set November 1 as the target date for finishing up the \$1,000,000 drive in the state.

Over half of this money was reported raised several weeks ago at a meeting held by Belk of the 12 man Million dollar Cabinet, of which Corbin is a member, in Raleigh.

Valley and we might decide to utilize the beds at Good Hope or the Dunn Hospital." He pointed out.

Dr. Dale Morter, the Harnett doctor, divides his time between the county health department and Campbell College.

Tax Collector Earl Jones reported a substantial increase in tax collections and Tax Supervisor Thomas Allen reported he has found another \$900,000 in taxable property to be put on the books.

Road petitions in Duke and Black River were drawn, two small tax refunds were approved and action taken on routine other matters.
