Was Financial Failure

Worlds' Fair Ends

NEW YORK (UPI) — The 1964-1965 New York World's Fair closed early today with an attendance explosion, a wave of vandalism and an admission of financial failure.

Formal closing ceremonies for the billion dollar extravaganza were minimal - flag lowering at sunset, a fireworks display and the booming of an old Swedish cannon.

Fair president Robert Moses announced that the fair had only

\$10 million instead of the \$30 million originally promised to devote to demolition and creation of a permanent park.

The fair wound up with a two-year total attendance of 51,607,037 more than 10 million above the 1958 Brussels fair. Moses had counted on 70 million.

Many of the pavilions were hit by vandals, and some closed several hours early because of thefts and disorders among youngsters tired of standing in the long lines.

All Four Shot In The Head By Berserk Mother

LAUREL, Md. (UPI) — The estranged wife of a former Kansas congressman apparently went berserk early today and shot their four children to death as they slept, police said.

Later, Mrs. Denver D. Hargis, 37, went into hysterics, when she was confronted by her 44-year-old husband and another woman.

The couple had been separated for about three months, police said and Mrs. Hargis twice had called her estranged husband's home in Vienna, Va., to threaten the lives of their children.

On her way to an arraignment on the murder charge Mrs. Hargis met the former congressman and the unidentified woman. "What you got her here for," she screamed, kicking and wrestling with police.

She was subdued and taken to the nearby Waterloo state police barracks. Police there had been alerted earlier by Hargis who said there might be "serious trouble" at his wife's apartment.

Police found the doors and windows of the apartment locked. Using crowbars, the state policemen entered the apartment.

Three of the youngsters, Brenda, 2, Michael, 8, and Sandra Hargis, 12, were dead. The fourth, Debra, 5, died en route to a Fort Meade hospital. All had been shot once in the head with a .25 caliber pistol.

Mrs. Hargis was picked up a short time later in her automobile on a downtown street.

A homicide charge was expected to be filed against her later today, police said.

Hargis, 44, is a former mayor of Coffeyville, Kan., and served one term in the 86th Congress from Kansas from 1959 to 1961.

Hargis, who started his law practice in Coffeyville in 1948, served as mayor of the city in 1953, 1955, and 1957. Following his defeat for re-election to Congress in 1961 he joined the Defense Department as a consultant.
