COURT RESTORES STRIKE PEACE

CHRISTMAS CHECKS BEING MAILED — Over \$52,000 is being mailed by Commercial Bank to its 1965 Christmas Club members. Mrs. Hild Smith, left, and Mrs. Janet Signor are shown preparing the checks. The new 1966 Christmas Club is now open.

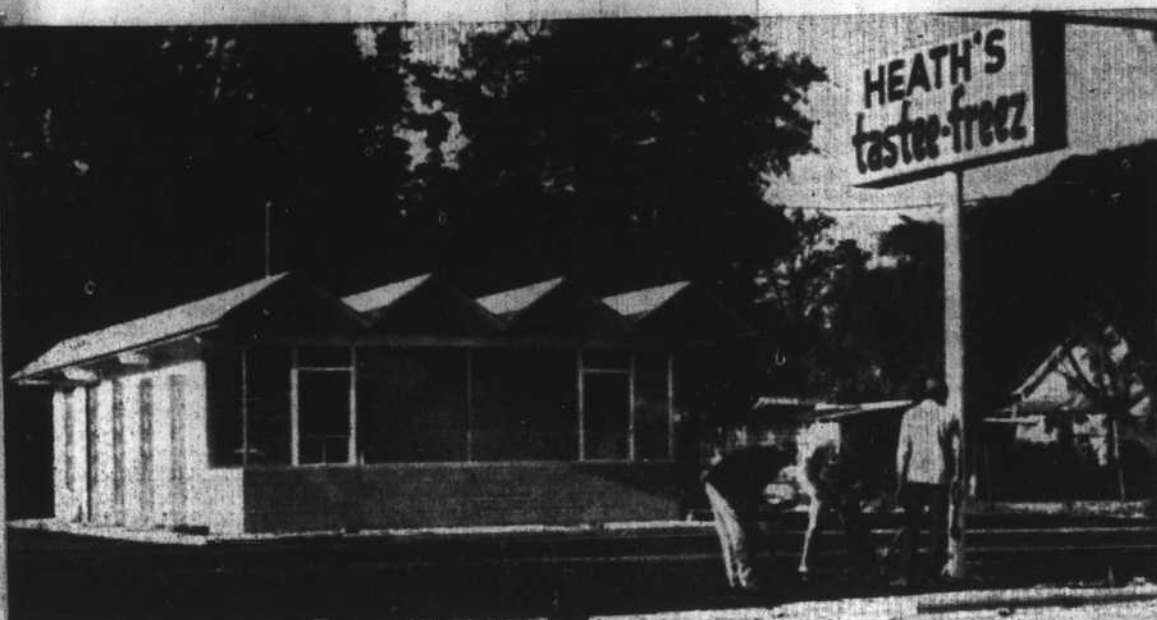

U. S. Casualties In Viet Nam Now Over 1,000

WASHINGTON (UPI) — American combat deaths in Viet Nam, keeping pace with the increased U. S. involvement in the fighting, are now above the 1,000 mark.

The disclosure came Thursday, almost at the same time Defense Secretary Robert S. McNamara announced at the Texas White House that American military strength in Viet Nam would be bolstered still further beyond its present level of 160,000 men.

It also came almost precisely at the time that McNamara had once predicted could be the end of "the major part of the United States military task" in the Southeast Asian country.

The new information about the total number of American deaths (Continued On Page 8)

HEATH'S TASTER-FREEZE TO OPEN TUESDAY — Pictured here is the handsome new home of Heath Taster-Freeze which will open for business Tuesday at 6.0 E. Cumberland Street. The building is the latest in modern design and the food outlet will serve the complete Taster-Freeze line with all the fancy deserts and favors, hamburgers, hot dogs, barbecue and pizza burgers. Open from 10:30 to 11 p. m., the firm is owned by Bill Heath, popular Dunn businessman who formerly operated Heath's Frozen Foods; It will be operated by Mrs. Heath and Mrs. Ruth Pope. The formal opening will come later. (Daily Record Photo by Russell Bassford.)

Judge Limits Pickets To 8; More Warrants

A quiet and orderly peace was restored today -- by court order -- at the strikebound Wellons Candy Company in Dunn, when workers in three departments had been off their jobs since Monday morning.

There was a brief flurry of excitement shortly after 7 o'clock Friday morning when workers started to get off a company bus, which arrived at the plant on a road off Highway 301 heavily guarded by Sheriff Wade Stewart's deputies and a half dozen or more State troopers.

According to officers, a number of pickets moved in and tried to force them back on the bus but the incident was not serious and ended quickly.

As workers arrived, Deputies Lemuel Gregory, Carson Hall and Sherwood Hall and Corporal J. B. Pearce of the highway patrol stood at the door to make sure they got through without difficulty. Other officers stood nearby.

A short while later, Deputy Hall served on officials and four other members of Local 503 of the American Bakery Confectionary Union (CIO-AFL) a restraining order signed by Superior Court Judge W. A. Johnson of Lillington, which put an end to some activities of the past few days.

Meanwhile, Robert C. Bryan, the company attorney, issued warrants for a dozen more pickets, bringing to 20 the total number indicted for allegedly throwing bricks, bottles and other objects to knock glasses out of the bus Thursday morning as it started into the plant. Names of the 12 indicted today were withheld pending serving of the warrants.

Soon after Hall served the restraining order on union representatives Claude Sanders of Fayetteville and William Bordeaux of Fayetteville, along with Cleo Tanner, Harry Smith, Ed Walker and (Continued On Page 8)

Dunn, Benson Legionnaires Going To Winston-Salem

Carver Predicts Ban Action

State American Legion Commander J. Alvis Carver of Dunn predicted early this morning before leaving for Winston-Salem to preside over the semi-annual meeting of the State Executive Committee that a strong resolution will be adopted upholding the Communist Speaker Ban Law and opposing the proposed amendment which would destroy the law.

State Senator Robert B. Morgan of Lillington, the Legion's spokesman for the ban law, will be the principal speaker at the session, to be held in the Robert E. Lee Hotel.

Mrs. Carver and his aide-de-camp, Belvin Strickland, along with Mrs. Strickland, accompanied him.

Also attending the Legion sessions in Winston-Salem today and tomorrow will be: Hoover Adams and professional men to be exchanged between Rotary districts in different countries, awards to young men to enable them to take tech-

of Dunn, member of the Legion's Foreign Relations and Publications committees; John H. Satterfield of Dunn, State Sergeant-at-Arms; Jerry B. Bryant of Dunn, memorial committee member.

Attending from Benson will be: Division Commander Fulton Starling; Mayor Bob Tart, who holds a number of offices in the State organization and is immediate past head of the Legion's 40 & 8, Edmond Massey.

County Attorney Neill McK. Ross, who is also Harnett Democratic Chairman, will attend from Lillington.

Adams, who has been assisting the State Department with publicity favoring the Communist Speaker Ban Law, has just been appointed to the Legion's national counter-subversive activities committee and will attend a meeting of that group in Indianapolis at a later date.

Meanwhile today, there were increased possibilities that the Communist Speaker Ban Issue might be resolved by submitting it to a vote of the people. The Legion, he said, would welcome this.

Commander Carver says the proposed amendment would leave the law entirely and completely ineffective.

A statewide referendum on proposed amendments to the Speaker Ban law likely will be sought if dissenting state legislators, and various veteran's organizations fail to strengthen the law in the General Assembly next week.

State Rep. I. H. O'Hanlon of Cumberland County was to outline referendum strategy and other legislative ideas during a meeting at Winston-Salem Friday with top officials of the American Legion. A statement of intent was expected Friday afternoon following an executive committee meeting of post commanders.

Also expected at the meeting was State Sen. Robert Morgan of Lillington, another supporter of the existing speaker ban and himself a member of the American Legion.

"I feel that if we can't get the bill amended and put as many teeth in it as we can, then I favor a referendum," O'Hanlon said in a telephone interview. "In fact, I may ask for it myself."

O'Hanlon also predicted that his special session "will run a lot longer than a lot of people anticipated."

"I don't think it will be over in one or two days, but in maybe four or five days," he predicted. "The battle lines are clearly drawn and I think you can look for a fight."

O'Hanlon also predicted that the (Continued on Page 8)

Woman Tries To Burn Self

SOUTH BEND, Ind. (UPI) — South Bend police said today they believed a woman who set herself ablaze in front of her home was dependent over the accidental death of her 3-month-old daughter.

Reports that Mrs. Celine Jankowski, 34, tried to immolate herself as a protest against the Viet Nam war were discounted.

Mrs. Jankowski was reported in fair condition today at South Bend Memorial Hospital with burns on her arms, abdomen, chest and back.

The incident occurred Wednesday night. A neighbor, Henry Eozniak, said he ran outside and wrapped his coat around Mrs. Jankowski to put out the fire.

The Jankowskis have two other children, 3 and 2 years old. Their infant daughter Michelle was found suffocated Oct. 28 in a crib.

A police spokesman said he doubted the Viet Nam protest reports. "When the baby suffocated, this woman had been despondent ever since."

Tells UNC Trustees It Voids Law

White Opposes Ban Change

RALEIGH (UPI) — The University of North Carolina joined the states 11-tax supported colleges in endorsing a Communist speakers policy today. The spot-light now turns on the General Assembly which will meet in special session Tuesday to consider amending the law which bars Communists from speaking on the campuses.

With only Sen. Tom White dissenting, the trustees of the Consolidated University approved the recommended speakers policy which sets only an "infrequent" limit on Communist appearances.

Appalachian College, which met earlier this morning, became the last of the colleges to adopt the policy.

White, a member of the university trustees, voted "no" against the policy which he said was vague and ineffective. He proposed an amendment which would bar Communists unless the trustees decided that a Communist speaker "can im-

part knowledge which is useful and advantageous for educational or scientific purposes, and that such knowledge is not available by any other means, in such cases and in such cases only, such persons may be permitted."

White's motion that his amendment be accepted died for lack of a second.

Speaking On Red Ban Law

Sen. Morgan On Go

Harnett Senator Robert B. Morgan of Lillington, who is expected to play a key role in the special session of the Legislature next week on the Communist Speaker Ban issue, has been busy in various parts of the State this week speaking on the subject.

The popular Harnett official is president pro tem of the Senate, is the American Legion's top spokesman on the law, and is also chairman of the board of East Carolina College.

On Wednesday night, Sen. Mor-

gan spoke to a large crowd in Rocky Mount, last night he addressed the Wilmington post of the American Legion.

Today, he will be the principal speaker at the semi-annual meeting of the State Department's Executive Committee in Winston-Salem, and from there he goes to Mt. Airy.

"I'm not having an opportunity (Continued on Page 8)

Finally Diagnosed

Doctors Say Ike Had Heart Attack

AUGUSTA, Ga. (UPI) — Doctors said today that the attack of chest pain that former President Dwight D. Eisenhower suffered Wednesday was a definite heart attack.

The announcement was made at a routine 11 a. m. EST news briefing by Capt. Wallace Hitchcock, Fort Gordon, Ga., public information officer.

The five star-general suffered his first seizure of heart pain Tuesday morning. He seemed to be making a good recovery from the attack when the pain returned more severely Wednesday.

Hitchcock said Eisenhower has experienced "no further pain" since the second of two chest pain attacks since he was hospitalized at Fort Gordon.

He said Eisenhower is "in excellent spirits" and "enjoyed his breakfast this morning."

Eisenhower is receiving intermittent oxygen and his blood pressure and circulation are stabilized Hitchcock said.

Prosecuting Witness Failed To Appear

Mrs. Chance Freed In Death

Acting city Judge D. K. Stewart Thursday night dismissed a murder charge against Mrs. Norma Maynor Chance in the slaying of her husband, Edward Chance, 45, after the prosecuting witness failed to appear for a hearing in Dunn Recorder's Court.

The Indian farmer was shot to death Oct. 22 as he and his wife were feeding hogs near their home, Rt. 4, Dunn.

Ira B. Dorman, 32, Dunn carpenter, has been ordered held for

the grand jury and is free under \$7,500 bond in the slaying.

Mrs. Chance was charged in a warrant sworn out by her brother-in-law, Eugene (Son) Chance, a Dunn house mover. At the hearing Thursday night, defense attorneys J. Shepard Bryan and Robert C. Bryan told the court they had attempted four times previously to obtain a hearing for the woman, but had been unable to do so.

Private prosecutor Everett Dorf-

myre offered a doctor's certificate signed Nov. 9 claiming Eugene Chance was ill. Bryan told the court that he had three witnesses in the courtroom prepared to swear they had seen Eugene Chance riding up and down in front of the courthouse a few minutes before the hearing started.

Judge Stewart said he didn't care to hear them and dismissed the charges. Solicitor Howard Godwin did not object.

Promotes World Relations

Rotarians Observe Foundation Week

The Rotary Club Dunn will join more than 12,000 other Rotary clubs in 128 countries and geographical regions in participating in the world-wide observance on "The Rotary Foundation Week," Nov. 14-20, according to club president Earl Vann.

Leon McKay is chairman of Rotary Foundation.

"The idea of this special week is to focus attention on the objective of the Foundation: to promote un-

derstanding and friendly relations between peoples of different nations through tangible and effective projects," he said. "This year the Foundation has provided nearly \$1 million dollars for support of its programs, including the recent expansion of activities.

"These new activities, to be carried on in addition to the already well-established Rotary Foundation Fellowship program, include grants (Continued on Page 8)

On Voyage Toward Venus

Russians Launch Unmanned Station

MOSCOW (UPI) — The Soviet Union today launched an unmanned space station on a voyage toward Venus, a trip which America's Mariner 2 pioneered three years ago.

The Russian probe, named Venus 1, launched in February, 1961, was a failure.

There were believed to have been two other Soviet attempts to send payloads to Venus in 1961, but they also failed to get beyond an orbit around Earth.

Tass, the official Soviet news agency, said Venus 2 would pass the mysterious planet at the end of February next year. It reported

the interplanetary space station was functioning normally.

Mariner Data Valuable

Mariner 2 blazed the trail to the vicinity of Venus when it came within 22,000 miles of the planet on Dec. 14, 1962, and made three complete scans of the surface. Valuable information was received from Mariner by American space scientists.

Other Mariner shots since then have obtained close-up photographs of the Moon and Mars.

Tass' first report on Venus 2 said it was more than 34,000 miles from Earth.

GROUND BREAKING FOR NEW DUNN MEAT PLANT — There was more good news for the Dunn area with groundbreaking rites held this week for the new Modern Foods Plant being erected in Dunn's new industrial park. President Tom Farmer, left, and Mayor Bill Marshburn, right, are being given a hand at the shovel by Mrs. Farmer. Left to right are: Chamber President Abe Elmore; County Commissioner Harvey O'Quinn; Chairman Guyton Smith of the chamber's industrial committee; County Agent C. R. Ammons, Mr. and Mrs. Farmer, Mayor Marshburn, Ben Harts field, the general contractor; Chairman Jack Brock of the county commissioners; Chamber Manager Joe McCullers, County Commissioner Willard Nixon and City Councilman Bill Godwin.
