STRIP TEASE ON TIMES SQUARE—Those long absent from New York have a jolt coming to them when they visit Times Square. The Times Tower, completed in 1904, shown left, in a 1936 photo, has had a face-lifting and a name-change. Because of zoning laws, had the tower been razed when it was converted for its new owner, a new building would have been limited to six or seven floors in height, rather than its present 362 feet. The building's skeleton was stripped, center (1964), and the present structure, the Allied Chemical Tower, is seen as it will look when dedicated Dec. 2. One familiar touch remains: the electric news bulletin sign girding the lower floors of the building. Meanwhile, the shows go on, the hot dogs are sold and the razzle-dazzle traffic of Times Square continues to flow.

Princess Dances With All Who Broke On Her

Grocery Boy At Meg's Party

NEW YORK (UPI) — Princess Margaret and Lord Snowdon danced away Tuesday night on a transparent floor over a bubbling pool at a lavish farewell party attended by

socialites, celebrities and Tommy Cole. Although the royal British couple were the guests of honor, a good deal of attention was diverted

to Tommy who as cheered as he arrived in his borrowed tux and slightly crooked bow tie.

Tommy, a shy grocery boy, looked somewhat bewildered by it all as many of the guests called him by name. His invitation was a reward for his honesty in returning a stray invitation to actress Elaine Stritch.

Miss Stritch inadvertently used the back of her invitation to prepare a grocery list last week. When Tommy returned it, she mentioned the incident to party hostess Sherman Douglas, who in turn invited

Another 470 Wounded As Losses Mount

SAIGON (UPI) — Communist troops killed 240 American servicemen and wounded 470 others last week, a U. S. military spokesman announced today. This costliest week of the war brought U. S. losses since 1961 to 1,335 dead and 6,131 wounded. Another six Americans were missing.

The figure included all services—Army, Air Force and Navy — but most of the casualties were suffered by the 1st Cavalry Division which won an "unprecedented victory" in killing more than 2,200 North Vietnamese regulars in a weeklong battle on the slopes of Chu Pong Mountain rising above the Ia Drang Valley.

The toll of dead was almost three times larger than any other week of the war. The Army announced last Wednesday that 80 Americans died the previous week — a record. That figure was increased today to 88 and observers believed last week's total also would rise.

Follows Earlier Record The week before that had been a record — 77 killed, 12 missing and 264 wounded.

Military observers also believed the number of casualties would rise as more and more Americans were thrown into direct combat with the Viet Cong and North Vietnamese regulars. The army today moved four full field hospitals to handle any increase.

Dunn Negroes Given 10 Years, Put On Probation

Hinnant Gets 12-15 Years

HOSTESSES — Two of the hostesses at the reception following the dedication ceremony were Campbell's N. C. Home Economics Association officers Helen Harrington of Fuquay and Celeste Bullock of Willow Springs, who here have their own cups of tea in the dining room of the new home management house.

Harvey Hinnant, 48-year-old brick mason and owner of a night spot near Lillington, was given 12 to 15 years in prison Wednesday for the slaying of a soldier in a row over \$15 on May 18, 1963.

A jury in Harnett Superior Court convicted Hinnant on charges of manslaughter Tuesday and Judge W. H. Burgwyn of Woodland passed sentence Wednesday morning. Solci or Archie Taylor had sought a conviction of second degree murder.

Judge Burgwyn, in sentencing Hinnant, told him, "You're a mighty fortunate man not to have been convicted of murder."

Court records showed Hinnant had been convicted previously for assault and other offenses.

State Senator Robert Morgan, attorney for Hinnant, had offered evidence to show the shooting was accidental. He asked the court to be lenient with Hinnant.

Judge Burgwyn said Morgan did a very able job of defending Hinnant and is saving him from a murder conviction.

Sidney G. Magee, 25, of Gulfport, Miss, a soldier stationed with the 92nd Chemical Co. at Fort Bragg, was the victim of the shooting.

Evidence showed Magee was at Hinnant's night spot with two companions, William Y. Fleming and John Cowar. Hinnant was away earlier in the night and upon return was told by his employee, Thurman McDouglad, that Magee had grabbed \$15 out of the cash in his pocket belonging to Hinnant.

Hinnant went outside, according to witnesses, dragged Magee out of the car, took him inside and got his pistol and shot Magee. Hinnant claimed he had merely asked the soldier to come back inside and discuss it and that the gun went off accidentally. He said he had no intention of killing the soldier. Officers testified a search Magee's body at the time failed to turn up the \$15 he was accused of snatching.

Two Dunn Negroes charged with stealing \$36 in an armed robbery from Behonest McNair at Greenwood Cemetery in Dunn were given 10 years in prison, suspended and placed on five years probation.

One of the defendants, Edward Wynn, 19, has just completed a prison term for temporary larceny and David Cameron, the other defendant, is still in prison, serving a year for larceny. Evidence showed that the three men were drinking together and that during the brawl McNair was robbed of the money.

Harnett Teachers Hear Bunn Lecture

Harnett County teachers Monday night heard an illustrated lecture on recent archaeological findings in the near East by Dr. John Bunn, head of the department of religion of Campbell College.

Dr. Bunn spent most of last year in Israel where he taught Hebrew in one of the Israelite universities. He also traveled widely in the near East.

He photographed ruins of many notable buildings or cities with Biblical or historical significance and visited many sites of archaeological research. During the summer, he noted, many college and high school students are employed on excavations of historical sites where all dirt turned is carefully screened by hand.

All of the color photographs used in his lecture were made by Dr. Bunn. Mrs. Hill Lee of Buies Creek, vice-president and program chairman, introduced the visitor. A solo was sung by Miss Sue Arnold, Campbell College student.

Mrs. Alice Bethune of the Lillington faculty, who is the unit president, presided. Mrs. Ozelle Adams led the devotional. A brief

Exemplifies Real Meaning of Thanksgiving

Harvest Train Well Loaded

Thanksgiving, according to tradition, arrived two days early Tuesday at the Falcon Children's Home in Falcon.

It came in the form of a long, rambling Harvest Train that rolled in just before noon loaded with many tons of food, clothing — everything from soap to soda pop, for the 77 boys and girls.

Mrs. Ralph Lucas, office manager at the home, reported there was also from \$13,000 to \$15,000 in

cash from the North Carolina Conference of Pentecostal Holiness Churches and about the same amount from the denomination's churches in 10 other conferences.

More than 1,000 people in cars, trucks and other types of conveyances came from these conferences in the two Carolinas, Virginia, Maryland, Georgia, Alabama, Florida and Oklahoma.

The "train," which assembled in Dunn for the 10-mile trip to Falcon,

was longer than ever, included more people than ever and, according to the Rev. Eddie Morris, superintendent of the home, was probably the most bountiful ever.

Churches in Alabama sent a total of 8,800 pounds of sugar; there were over 100 bushel of choice apples from Virginia, another conference sent many cases of washing powder. There were also toys, clothing and other goodies for the bright.
