Davis Named To Represent Unemployment Committee By Hoover

John W. Davis, President of West Virginia College Institute, Named to Serve on Committee Which Would Aid Unemployment Relief.

WASHINGTON.—(CNS)—The urgent requests of Dr. Emmett J. Scott, the National Association for the Advancement of Colored People, and other interesting persons, that a colored person be placed on the President's Organization on Unemployment Relief were acceded to last Friday when Mr. Walter S. Gifford, director of the organization, announced the appointment of John W. Davis, president of the West Virginia College Institute at Institute, West Virginia, as one of eighteen nationally prominent persons to serve on a committee which would administer unemployment relief during the coming winter. President Davis, is the head of one of the seventeen land grant colleges which receive aid from the federal government. He is a graduate of Morehouse College and has long been a recognized leader in educational circles. The committee to which he belongs is headed by Mr. Fred C. Croxton, Mr. Gifford's Chief Assistant.

"This committee will make available information on the administration of relief, both public and private, based on the experience of the last winter and previous periods of unemployment distress," Mr. Gifford said. "In general, relief funds are expended locally through long established agencies, but in this emergency, special organizations have in many places been created to provide employment in the shape of special or 'made' work which is paid out for relief funds. This method of providing relief and many other suggestions that have been received will be considered by this committee and such methods as are thought useful will be issued for consideration by those responsible locally for those activities."

The appointment of Mr. Davis came as a welcome relief to the hundreds of colored people who had felt that they would be lost in the shuffle unless a colored person were appointed to urge the grave needs of Negro workers before the committee.

Majestic Swans Again Nesting in Yellowstone

Yellowstone Park.—The appearance of eight pairs of trumpeter swans was reported in Yellowstone National park during the month of May, which is their nesting period. Conservationists hail this as good news, for these majestic birds are one of the species which are facing extinction under changing conditions, and the Yellowstone is one of the points where it is hoped to check the apparently ebbing tide. Unless the few remaining trumpeter swans in existence can nest and rear their young safely, the species will soon join the dodo and the passenger pigeon.

Darrow Enters Scottsboro Case By Request Of N.A.A.C.P.

Husband On Vacation, His Wife Moves Things Out Of Doors

Difficulties Began When Mollie Gibson Brewer, Daughter of The Late Rev. Malachai Gibson of Baltimore, Filed Divorce Against Husband

WASHINGTON.—(CNS)—Washington society was agog this week discussing the latest developments of the sensational Brewster-Gibson divorce case, which has once again brought the popular school man and his equally popular wife, also a school teacher, into the local courts. This time the Brewsters are at swords points over joint property owned by them. And William Brewer, the husband, has begun legal action to have his wife adjudged in contempt of court for having stolen a march on him by moving his personal effects out of their joint home at 1010 Fairmont St., N. W., and moving hers in while he was visiting his parents in Georgia.

The Brewer difficulties began when Mollie Gibson Brewer, daughter, of the late Rev. Malachai Gibson of Baltimore, filed a divorce suit against her husband who is a Harvard graduate and a prominent school man of this city, last Spring. In her suit, Mrs. Brewer alleged mental cruelty and incompatibility and asked for alimony and that she be given their home which was purchased in her name. Mr. Brewer countered this suit with a cross bill and was successful in preventing his wife's claims for alimony when he proved that she was making as great a salary as he and was perfectly able to maintain herself comfortably. The divorce suit has yet to be heard.

Pending the divorce suit the Brewsters agreed that they would live apart and rent out their home; but after Mrs. Brewer had moved into the Howard Manor here, Mr. Brewer remained at their home and refused to move.

Recently he went to Georgia on his vacation to visit his parents. While he was away, Mrs. Brewer entered the premises, packed his things and sent them to the storage and moved in with her mother. Now Brewer is out and she is in again.

Following this Brewer sought last week to have his wife adjudged in contempt of court. The motion was partially argued last week, but a judgment and decision of the court was postponed until September 14.

Walter White Completes Details In Chicago And Alabama

NEW YORK.—Clarence Darrow, Veteran champion of human rights internationally known criminal lawyer and defender of the weak and defenseless, has accepted an invitation personally delivered to him by Walter White, secretary of the National Association for the Advancement of Colored People, to participate in the defense of the eight Negro boys sentenced to death in Scottsboro, Alabama. Mr. Darrow's entrance into the case has been welcomed by the other N. A. A. C. P. attorneys in the case, and Mr. Darrow has signified his willingness to go to Alabama and deliver one of the arguments to be made next January before the State Supreme Court in the case.

This latest arrangement by which the N. A. A. C. P. is throwing the entire weight of its power and influence in the scale in behalf of the condemned colored boys, is reported by Mr. White on his return from a journey which took him to Chicago to see Mr. Darrow add then to Birmingham to complete details for the legal procedure with the attorneys on the scene of battle.

Mr. Darrow, it will be recalled, on a previous occasion, in the celebrated Sweet case in Detroit, successfully defended eleven colored people charged with first degree murder for defending Dr. Ossian H. Sweet's home from mob attack. He entered the case at a time when the feeling in Detroit was exceedingly bitter and other attorneys feared to undertake the case, and by his outstanding courtroom skill procured acquittal of the one defendant, Harry Sweet, whom the state elected to try.

"In accordance with the relentless, persistent and careful attention to detail of the N. A. A. C. P. in all its legal work," said Mr. White, at the N. A. A. C. P. offices, 69 Fifth Avenue, "a bill of exceptions is being prepared for submission to the Supreme Court of Alabama that will assemble every scrap of pertinent matter bearing on the case.

Bread From Seaweed Is Popular on West Coast

Display Of Sudden Wealth Reveals Theft

MACON, Ga.—(CNS)—"H a d Willie Brown, undersized 17 year old boy, been a more expert driver he might have passed unnoticed through Macon last Tuesday afternoon with nearly \$1,200, part of the money which he confessed to sheriff's deputies he had stolen from an aged Dooley county woman late last Monday.

The diminutive youngster, whom officers described as "shifty looking," came to Macon early in the afternoon and rolled his new acquired automobile up to the curb near the courthouse. He got out, went to a local clothing store and purchased \$75 worth of clothing, and returned to his automobile.

Nervously, he started the motor. Inexpertly he shifted in gear. It was the forward gear, however, and instead of backing from the curb, he ran a short distance onto the sidewalk. Harry E. Papp, county probation officer, was passing. The youth's inability to handle the automobile attracted the officers' attention.

The boy confessed working on the farm of Jim Hughes, 65 year old bachelor, and Miss Henrietta Hughes, 75, of near Lilly, Ga., he had slipped into the aged woman's room Monday afternoon late and confiscated the entire trunk. The aged brother and sister had kept their money there for many months. He opened the trunk with a hammer he had stolen, left it in the hall and made his way to Brysville.

13-Year Old Boy Sought By Angry Mob

Young Hodges, Accused of Shooting 19 Year Old White Youth, Surrendered To Local Authorities By His Father Saturday Night.

CLAYTON, N. C.—(CNS)—Young Hodges, 13, was surrendered to local authorities by his father last Saturday night, after he had lain in hiding for several hours to elude a mob which had been organized for the purpose of lynching him. The young boy was accused of having shot a nine year old white boy, Julian Hardy. From 300 to 400 whites organized a mob to search for the Negro youth. The Negro youth had dispersed, the father of the boy sent another son to where Young was hiding and told him to come home. There he was turned over to Deputies Norwood and Barbour. Young had been hiding in a swamp near his home. Feared Mob Violence.

When the mob started search for the youth Saturday afternoon after news of the white boy's death, the elder Hodges secretly told the two deputies he knew where his son was hiding, but feared mob violence. The deputies arranged to return to the home after the mob had dispersed.

The boy was placed in the John son county jail at Smitfield. He denied he shot Hardy, saying he was in a field a short distance away when he heard the report of a gun.

MEASURE STRENGTH OF MAN IN TESTS

Public Health Service Puts 500 Through Paces.

Washington.—How strong is a man? The answer has just been made by the United States public health service through a series of tests given to 500 men. Generally, heavily built men were found to be stronger than slender men of the same weight.

The tests were made to ascertain the pulling, pushing, handgripping, lifting and lung power of men between the ages of twenty and thirty-four, between the weight of 120 and 180 pounds, and between the heights of 63 and 70 inches.

The greatest pulling power was demonstrated by men in the heaviest weight class, between 180 and 189 pounds. Men in the two heaviest classes, 150 to 159 and 160 to 189 pounds, tied as the most powerful pushers. In each of these weight groups the taller men proved to be the best pushers, with a force of 121 pounds, the record figure.

In the handgripping contest the tallest and heaviest men gave the most powerful hand grips, with a force of 108.49 pounds. But the shortest men in the heaviest group were the most powerful lifters, lifting on an average 519.2 pounds. The men having the greatest lung power were found among the shortest in the 150-159 pound class. Their lung force was measured at 154 millimeters.
