

Evening Child Care Available To Students

Beginning with the Winter Quarter, Central Piedmont Community College will offer evening care for preschool children ages 2 - 5 who are children of CPCC night students. This is another way to help citizens upgrade their quality of life by making it possible for them to attend the College. Registration for the Winter Quarter begins Monday, November 17.

The hours of child care will be 6 p.m. to 10 p.m., Monday through Thursday. Enrollment is on a quarterly basis, and the CPCC student must present his or her registration card at the time of enrollment of the child. Enrollment must be in advance of class attendance to reserve a space for the child.

The cost per child per evening is \$2.60, and all fees are payable four weeks in advance in the CPCC business office. This service is being offered within CPCC's present licensing framework. It is possible that purchase of care sponsorship for marginal income parents can be arranged through Social Services.

Financial commitments make it necessary for the College to have at least thirty children rolled each quarter in order to offer this service. Each child will be required to have a health certificate.

To enroll your child, call Mrs. Lois Petrowski, Director of CPCC's Child Care Training Center, at 373-6758 between the hours of 8 a.m. and 5 p.m.

CPCC To Offer Community, School Course

Instructor will be Marion H. (Moe) Ward, executive director of Dimensions for Charlotte-Mecklenburg. He will be joined by various business, civic, government and political leaders as the course progresses.

The course will meet 10 times—each Thursday from 7:30-9:30 p.m. in the Board Room of the Education Center, 701 E. Second Street—between November 13 and February 5.

Registration will be at the first meeting on November 13. The fee is \$3. Participants will also need their social security numbers to register.

The course will be built around basic areas of school community interest including the school, city and county government, economy and the community, physical planning and the environment, higher and continuing education, government services, people services to people, and people's relations to each other.

Operation Santa Claus Is In Full Swing Again

"Operation Santa Claus", a community project sponsored by the Mental Health Association for Retarded Children, and the Voluntary Action Center, is in full swing again! Its success is dependent upon the response of the "caring" residents of Mecklenburg County.

Conducted annually, "Operation Santa Claus" provides an opportunity for citizens of our county to share with those less fortunate - some, who have no contact with family, or friends - the true spirit of Christmas.

In 1974, more than 25,000 gifts were contributed by civic, and church groups, merchants, schools, and individuals, for distribution among the residents of Broughton State Mental Hospital, and Western Carolina Children's Center, Morganton, N. C., as well as other centers throughout the state, including our Day Care Services Patients at the Mental Health Center of Mecklenburg

County in Charlotte. Suggested gift items include: Clothing of all kinds for children, women, and most of all men... large sizes especially in clothing for adults. Toys, soft rubber dolls, cosmetics, toilet articles, jewelry, candy, stationery, books, games, etc. Cash contributions are used to purchase articles such as washing machines, televisions, wall pictures, etc., to be used for the patients benefit.

Gifts should be delivered, unwrapped, to the Mental Health Association, the Association for Retarded Children, or the Voluntary Action Center, U. C. S. Building, 301 S. Brevard Street, beginning November 24, and not later than December 10, 1975. Gift collection, at the home, may be arranged by calling 372-7170.
