

"Demon Possession"

By J.M. Little

The fourth class of demons I want to call your attention to is: Demon Spirits Of Nakedness. The apostle Luke tells us in his gospel in the 8th chapter and verse 27 that this man "...wore no clothes..." In other words he went around naked. You may be already asking the question: "Why don't we see such demon possession manifested as that today?" Wherever you find the gospel preached under the power of the Holy Spirit you'll find the manifestation of demon possession. We are living in the most demons possessed age on the earth right today and more especially since World War Two. Yes, the poor man of Gadara would not keep any clothes on. A demon spirit of nakedness will not let his captive go clothed as they should according to the Word of God. Our clothes are our shame. I know many of you will get mad at some things I'm going to say now but you had better hear the Word of the Lord. God hates sin, and God hates the sin of "nakedness." All this parading naked today around the world is under the influence and control of demons. Satan and his demons of nakedness are making you go naked today to expose you to "fallen angels" in order that they (the fallen angels) may look more quickly on your flesh and lust after you to co-habit with you. We have the same thing going on today as it was in the days on Noah. In Genesis 6 the story of a great wickedness is told. Listen to Gen. 6:1-4 "and it came to pass, when men began to multiply on the face of the earth, and daughters were born unto them: that the sons of God (fallen angels) saw the daughters of men that they were fair: and they took their wives of all they chose. And the Lord said, My Spirit shall not always strive with man, for that he also is flesh; yet his days shall be an hundred and twenty years. There were giants in the earth in those days; and also after that, when the sons of God came in unto the daughters of men, and they bare children to them, the same became mighty men which were of old, men of renown."

J. M. Little

I don't care how much you preachers try to make these sons of God saved men, these sons of God were nothing less than fallen angels. Not a one of these sons of God is named. You cannot make them sons of Seth as some of you try. We are told in the Word of God: "He that is of God heareth God's Word." Not a one of these sons heeded Noah's preaching. In the Old Testament. Usually the term "sons of God" refers to angels as it does in this passage. Fallen Angels who were separately created by God had sexual intercourse with the women of Noah's day and brought forth children. A preacher who did not believe these sons were fallen angels told me one day that only God could create life. Well, the life is in the blood. He skinned his ignorance didn't he? I cannot explain how these fallen angels could have relationship with women and bring forth children any more than you can explain how a man and his wife can have relationship and bring forth children. But I also know that in another Scripture we are told that the sons of God were here when God laid the foundations of the earth. In other

words, before the earth was created the sons of God were already in existence.

Our Lord said in Luke 17:26 "And as it was in the days of Noah, so shall it be also in the days of the son of man." In other words, before the Second Coming of Christ for His saints and with His saints, the same things that took place in Noah's day would take place just before His coming. So all this exposure of the human flesh we witness today is motivated by demons! You are given over to demons. You women who love to show off your bodies, you do not realize that Satan is setting you up for the "kill." You go around parading and showing off not knowing that you are all the more attracting fallen angels to co-habit with you. I believe that if a fallen angel co-habits with a woman there is no hope of her ever being saved. We have never witnessed such as we are witnessing today as far as women and men going naked. Just before the flood the Lord calls our attention to this particular wickedness that took place which sorely displeased Him.

I've been among the Indians and so far I haven't seen them go naked like the other races of this country. I have yet to see an Indian girl go around with just a bandkerchief on her top parts and a scarf or bandanna on her bottom. But you Black and White girls go like that and you think you are above others and that you are "somebody come." Well, you also are "somebody going." You are going to Hell as straight as a martin to his gourd. I don't care how much you get mad at me for telling you the truth. A postman complained the other day of a woman going to the mailbox in her bed clothes. What are we coming to in this nation! The nation is gone my friend, the whole world is gone. Right now, I realize there are individuals walking the streets of Charlotte, New Orleans, London, Rome, Paris, Saigon, Moscow, Peking, who are not complete human, but the offspring of both man and beast. Will you ever wake up to your ruined state and the judgment of God that is falling on this world? When sin is fully ripened, it almost is, then God's full judgment will fall, it is about to fall.

I wish there were some way I could warn you. On every hand we fight demons every day. This generation is the most demon possessed ever

which is evidence our Lord's soon coming is very near, even at the doors. I tremble for you who are outside of the fold. The door of mercy will soon be shut. What about you my awakened sinner? Are you going back to sleep? Hasten to Christ. When God saved me He saved the worst sinner who ever lived. I plead with you to turn to Christ. You saints pray much for me and let's pray one for another. Every day it gets harder and harder on the Lord's people. Just look around you, almost no one is saved and almost no one wants to be saved. And even more, what little light the old generation had they have lost. They at one time seemed to believe some good truths but now they have given them up, or better yet, they have been taken away. I don't know about some of you here. You have lingered and trifled with your soul and precious convictions for so long. One of the most awful things about Hell will be the memory of all the space God gave you to repent. You wasted them all. What about eternity, brother? What about it, what about your congregation, preacher? Where are they headed? What about you, preacher? Where are you headed? You are headed for Heaven or Hell. You could be in Hell already young woman. Why aren't you? There is only a cobweb of mercy keeping you out of Hell. Did you ever see that? Many others are already gone to Hell, you may be next. You will be in eternity forever my friend. And as our late pastor used to say, "as death finds you, so will eternity hold you."

I was talking with a man just recently, all he could talk about was his cows. He said he went to Canada and bought a cow for \$1700, he hauled her 2,000 miles and got back home and another man's bull got to her and it made him so sick. He was so sick he could have died. His treasure is his cows. One day he is going to leave his cows behind. Well, they are not his cows anyway. The cattle on a thousand hills belong to my Lord.

Good Binocularity

By Dr. Raleigh W. Bynum, O.D.F.A.A.O. M.P.H.

For the past two years there has been in progress a heated debate as the importance of vision in the process of reading. Although the results are not final, it seems that there is only one aspect of the visual system that plays any part in reading skill. That aspect is known as binocularity or the ability of one eye to function properly with the other eye. Good binocularity indicates a situation whereby the information required from each eye is brought together in the brain so that each source adds to or complements the other. Also, there is no discomfort or strain coming from this process.

Poor binocularity, on the other hand, is a condition whereby the processing of information from each eye is done in such a manner as to lower the efficiency and comfort of the visual system. This situation is characterized by the fact that the person having it will be a better reader with one eye covered than he will be with both eyes open.

The poor binocularity is due to interference from one eye to the other and this interference is usual found either in the focusing or convergence systems of the eyes. Focus interference is when one eye focuses at a different point from the other eye. The right eye may focus at 14 inches and the left eye at 10 inches. This condition would result in two different messages being sent to the brain and since the brain can only tolerate a small difference in information received, an interfering mix up results.

In addition, the two eyes may not be pointing (convergence) at the same place on the page. The right eye may be aimed at the point slightly to one side of the left eye, not far enough to cause double

Dr. Raleigh W. Bynum vision but just enough to cause interference.

This poor binocularity will result in reduced reading speed and reading comprehension. The student will find that he or she must read study material three or four times before the information can be remembered. Also, a very heavy fatigue results from reading for only a short time. In young children this is sometimes exhibited not as tiredness but as lack of attentiveness. The older student will simply say he or she does not like to read.

A defect in binocularity is therefore the major visual factor in poor reading ability but due to the subtlety of the problem, it is not readily detectable. New methods of detection have recently made us aware of the enormity of this problem and its influence in school performance.

It may be important to know a student's binocular status than to know if he is 20-20 at twenty feet. A simplified reason for this is that a near sighted student can move closer to the blackboard but a student with poor binocularity cannot adjust and must have professional help if he is expected to read efficiently.
