The Little Miss Springtime pageant, sponsored by the Les Dames Royales, Inc., will be held Friday, May 27, in the Eastland Mall Auditorium at 8 p.m.

The pageant, which is an annual affair sponsored by Les Dames to raise money toward a scholarship fund for a freshman at Johnson C. Smith University and the Anita Stroud Camp Fund, will feature eight lovely young ladies vying for the title. They are Shawna Alexander, Tonya Staton, Shana Edwards, Dawn McCree, Pamela Diggins, Wendy Reid, Karen Fernandez and Nicole Bobbitt.

The organization has been preparing the contestants for the pageant during the last four months in which they participated in pre-pageant activities such as the Mother-Daughter luncheon, a skating party, a slumber party and a family picnic. All of these activities will culminate on Friday evening when one of the young ladies is crowned Miss Springtime.

According to Ms. Verta Witherspoon, a member of Les Dames, the purpose of the organization is to provide services and cultural enrichment for the community and to provide social activities for the club members and their friends.

## State Approves Transit Contract

Yesterday the North Carolina Department of Transportation announced the approval of a contract in the amount of \$315,058 between the State Board of Transportation and the City of Charlotte. These State funds will be used as matching money to complete an existing Urban Mass Transportation Section 3 grant for capital improvements to the Charlotte Transit System.

Normally, Section 3 grants are 80 percent Federally funded and 20 percent locally

funded. However, the strong participation by the North Carolina Department of Transportation allows the local portion of this grant to be broken down to 10 percent City and 10 percent State. This, in effect, means that the \$630,116 expenditure originally anticipated by the City will be reduced by one-half to \$315,058.

# Your biggest investment: How to improve on it.

If you're like most people, your home is your biggest investment. All told, you've got thousands upon thousands of dollars involved.

And, since you've got so much in it, it makes sense to improve on your investment. (It can also be much more economical than moving.)

Maybe your house needs repairs. Maybe you need another room. Considering the winter we had, maybe you should improve your insulation and add storm windows to hold down utility bills.

Any of these improvements can pay off in your home's increased value, and, at NCNB, we'll be happy to help with the money you need.

Because, as a homeowner, you've proven that you know how to handle credit. So come see us.

Let's talk over what you want to do, and the best way of doing it. It could be a Personal Loan, or it may be an NCNB Homeowner Loan, with lower monthly payments, over a longer period.

Either way, the people who make loans at NCNB will work with you to help improve the investment you have in your home.

After all, that's the basic idea of 'Cash-Flow' Banking - information, services and people to help you in making the most of the money you make. And the money you borrow.

**NCNB**

Adding a new room to your home costs several thousand dollars, but it could be well worth it since it can increase the value of your home. Helping you with home improvements is just part of Cash-Flow Banking, and it all begins with a booklet fitting your situation, which is yours for the asking. Stop in at any NCNB office, or call 800-822-8855 and we'll send you a copy.
