9th District congressman

Jim Martin

Earns Small

Business Award

WASHINGTON, D.C. - Rep. James G. Martin (R), 9th Dist., N.C., has earned the "Guardian of Small Business Award" presented by the National Federal of Independent Business (NFIB).

Rep. Martin qualified for the NFIB "Guardian" award by voting in favor of small business 90 percent of the time during the 95th Congress.

NFIB president Wilson S. Johnson, in conferring the award on Rep. Martin noted:

"We initiated our rating system to give special recognition to those legislators who support small business and to make sure that small business owners know how their legislators represented them in Congress."

"NFIB and it's more than 540,000 member firms nationwide regard a 70 percent or higher rating on key small business issues as worthy of the 'Guardian' award," Johnson said. "Too many legislators go back home claiming to support small business simply because they voted for an appropriations bill for the Small Business Administration (SBA). We feel our membership deserves to know how their Congressman voted on each of the issues which are of direct importance to small business."

"I hope that all citizens interested in preserving small business will take note of Rep. Martin's voting record and realize they have someone in Washington who is aware of the problems facing small business," Johnson said. "The small and independent business person can't survive today without this type of fair representation."

NFIB, the nation's largest small business organization, is nonprofit and nonpartisan.
