Drive Right To

Avoid Becoming

**A Statistic**

Driving defensively is a way of life for a lot of automobile drivers.

Becoming a defensive driver could save your life.

Here are some other suggestions from specialists with the NC Agricultural Extension Service to help you avoid becoming an accident statistic:

Observe the speed limits. Speeding is a factor in more than one in four accidents.

Yield the right of way - even if the other driver is wrong. Failing to yield is a factor in more than one in five accidents.

Keep a safe distance from the car ahead of you. Tailgating is involved in almost one in 10 accidents.

Drive during daylight hours whenever possible. The fatality rate is more than three times greater at night than in the daytime.

Don't drink and drive. Drinking is a factor in about half of all fatal traffic accidents.

Use your seat belt. The National Safety Council says that if all passengers in cars did so, at least 12,000 lives would be saved each year.

**Awards Banquet**

The annual Awards Banquet of the TALAH (tah-lah-hee) Cub and Boy Scout District will be held at the Armory located at Douglas Municipal Airport on West Boulevard on December 7, at 6:30 p.m.

All adults who have children in scouting in this District are encouraged to attend this banquet which recognizes those people who make scouting possible. Reservations for the banquet can be made by calling Patsy Patterson at 392-4656 on or before December 1.
