

ASC Announces

Three New Affiliates

The Arts and Science Council of Charlotte is pleased to announce the addition of three new affiliate members to the Council. The Charlotte Printmakers Society, the Charlotte Film Makers, and the Chambers Music Society of Charlotte have all been approved by the ASC Board of Directors, bringing the Council's total affiliate members to 52. In announcing the three new affiliates, Halsey North, Executive Director of the Arts and Science Council stated, "We are proud of the diversity and new ideas these groups can contribute to ASC. Their interest simply illustrates the wide range of arts involvement in our community, and we are certainly looking forward to working with them."

The Charlotte Printmakers Society serves as an organized group of area printmakers who not only produce original

prints but also encourage and promote the arts of hand printmaking. In addition, they are actively involved in shows and exhibitions which are open to the public.

The Charlotte Film Makers is a new organization that promotes film making as an art form by sponsoring a local film makers' showcase, a film making workshop, and a home movie festival. They are also anticipating additional involvement on a state-wide basis in the near future.

Promoting local chamber music interest and involvement, the Chamber Music Society of Charlotte has already organized a complete 78-79 season of afternoon concerts at the Circle Theatre in the Mint Museum of art. The Society is also planning additional concerts in the Charlotte-Mecklenburg area in the next few months.
