## Eastern Introduces

### Schedule Improvements

Eastern Airlines will begin daily through-plane service on July 2 between Charlotte and San Francisco, via St. Louis.

Announcing the new service today, Ed Bennett, manager-passenger sales, said, "Eastern was recently awarded a new nonstop route segment by the Civil Aeronautics Board between St. Louis and San Francisco. We are thus able to route flights on a transcontinental basis and to provide Charlotte travelers and cargo shippers with the most convenient service of any airline to a major new destination."

Flight 724 will depart Douglas Municipal Airport daily at 8:52 a.m., stop briefly in St. Louis, and arrive at 12:09 p.m. in San Francisco.

Return service will be on Flight 721, leaving San Francisco at 1:00 p.m. and arriving at 9:45 p.m. in Charlotte, following the St. Louis stop.

"Inflight meal service will feature menus in both the First Class and Coach cabins of the flight," said Bennett. "For instance, one Coach meal selection will begin with

an antipasto-with-shrimp appetizer, followed by top sirloin and lobster tail, and stuffed tomato with broccoli, rolls and butter. The other Coach selection is a chef's salad bowl and shrimp, which includes a variety of deli meats, garnishes, breadsticks, roll and butter. Both meals include complimentary wine and are topped off with French pastry and fresh fruit."

Additionally, Eastern will provide one-stop evening service via Atlanta from San Francisco utilizing an A-300 Whisperliner. Flight 74 will leave San Francisco at 9:25 p.m. and arrive Charlotte at 7:00 a.m.

"Other service improvements for Charlotte," said Bennett, "include more seats to New York. On May 1, Eastern introduced the A-300 Whisperliner on Flight 386, the 4:45 p.m. departure to LaGuardia, and now we will put an A-300 on Flight 352, the 8:00 a.m. nonstop to LaGuardia, arriving at 9:30 a.m."

### Fourth Ward Model On Display

A large, three dimensional model of Charlotte's Fourth Ward area is now on public display in the lobby of City Hall, 600 East Trade Street. The exhibit is sponsored by the City's Community Development Department.

The model shows homes and buildings which have been restored in Charlotte's only historic district—Fourth Ward. These include the Berryhill, McNinch and other Victorian homes. Planned housing structures and other improvements not yet built are also included in the model design.

The Community Development Department has been upgrading streets, lighting and sidewalks in Fourth Ward. The Department is responsible for the overall planning of the area.

The model will be on display uptown in the lobby of NCNB starting July 16.

Persons interested in scheduling the model for display should contact Skip Burns, Community Development Department, 374-2016.
