## TRICHOLOGY CORNER

Mr. Charles R.B.

Question: I have lots of oil in my skin and makeup will not stay on in places. Why?

Answer: All skin is different. The skin should be tested and a system of cosmetic uses should be designed for your individual skin. Most cosmetic stores have only salespeople on staff. A Trichologist trained in skin care would be the best answer. A few full service Salons have these people on staff.

I've worked hard to get where I am.  
That's why I save at Wachovia.

It hasn't been easy. Putting myself through college and then graduate school taught me the value of a dollar. And now that I'm on my own, I have a good job, a fine apartment, a nice car, and a paycheck that can be spent all too easily if I'm not careful. But I've always known I need to save some of that money. To put some aside... for things like car repairs, weekend trips, and vacations.

So I looked for a bank that would give me what I want. High interest on my savings, convenient branches close by, and friendly people who'll take the time to help me.

That's why I chose Wachovia. There's an office right here in my neighborhood and one downtown where I work. The tellers are friendly, and my savings earn 5 1/4% daily interest. But best of all, there is someone I can call anytime about my savings account, and whose advice I can trust. My Personal Banker.

Right now I have good reasons to save. And very good reasons to save at Wachovia.
