

NEW BURGER KING OWNERS
...Lee Andrews and Nasif Najeed

For Local Youth New Burger King To Help Support Programs

By Teresa Burns
Post Staff Writer

When you think of Burger King, you usually can picture a delicious Whopper or that savoring new Chicken delight. But the two owners of the new Burger King, located at 2601 Beatties Ford Rd., also have community services to offer.

Nasif Najeed and Lee D. Andrews came from Raleigh and Greensboro respectively to set up a partnership. "We wanted to stay in North Carolina," Najeed explained, "because we felt our roots were here. And now we feel right at home here in the community."

The idea is still a thought, but the two men have been toying with the notion for years. "Our kids need to know what society is all about...it's a business arrangement. We have to teach our kids what this system has to offer and teach them how to plan and make choices when they are young enough to make corrections," Andrews explained.

Another purpose for this program is to teach the youth how to make money the legal way, but the community must embrace the idea also for it to be a success, Andrews continued.

The fast food chains are an expanding industry, it gives the housewife who has to work a break. And the Burger King on Beatties Ford Rd. provides a family oriented and wholesome atmosphere. The decor is one of the most fascinating ones in

Charlotte, especially for a fast food restaurant. There are elegant antique-like fans churning from the ceiling and brass rails that set a nostalgic atmosphere. A meeting area has been built in the center of the dining area for birthday parties, nursery gatherings, meeting quarters for senior citizens, clubs, sororities, fraternities, etc.

Fire safety films, in conjunction with the Fire Department, will be sponsored by Burger King on Beatties Ford Rd. for nurseries and kindergartens. Along with the film, premiums will be provided by the restaurant—balloons, toys, each week something different.

Burger King also allows the use of a five gallon cooler for any event.

Najeed's and Andrews' Burger King is a part of a franchise but is initially owned by the two men. They have 65 employees and because this is the first restaurant venture for both of them, they call on their previous professions for guidance.

Najeed is a former B-52 pilot, an air craft commander and a graduate of A&T State University. He then became a pilot with Piedmont Airlines and following this position managed an Aviation Operation at Gary Municipal Airport. He is married to Salimah Najeed, a St. Paul, Minn., native, and they have two sons, Akbar and Faheem.

Andrews is a corporate attorney and legal council for North Carolina A&T State University. He has served on many boards, educational and institutional.

He is married to Fannie Chestnut Andrews of Wilmington and they have two daughters, Alexis Marie and Danielle.

These two men have built more than a fast-food factory. They have incorporated many beneficial services because of their concern... after all they are now a part of our community.

For "Woman Of The Year" Elease Davis Is Choice Of Cosmetologists Sorority

The Alpha Phi Chapter of Theta Nu Sigma, the Cosmetologist Sorority, voted Elease Davis as their state "Woman of the Year."

Mrs. Davis, owner of Lisa's Hair Care Center in Cornelius and Lisa's House of Beauty, 632 N. Graham St., Charlotte, has 23 years of experience as a hairdresser.

She was chosen as "Woman of the Year" in recognition of her civic, sorority, church and community participation. She is now eligible to compete for the national title of "Woman of the Year" acknowledged by the Theta Nu Sigma Sorority.

Mrs. Davis has an excellent chance of obtaining this title, for she is one person who enjoys aiding others. "I love people," she began. "That's just a way of life for me...I'm not a person to stay still and do nothing. My personality is to help others. I like doing things and working in the background and planning. I let others be out front."

But it seems all of Mrs. Davis' organizational and leadership skills have made her a stand-out. She

has been a member of The Alpha Phi Chapter of Theta Nu Sigma since 1969. She has served as correspondent secretary, second and first anti Basileus and in 1978 received the Distinguished Award from the chapter for untiring service to the chapter.

Mrs. Davis is also a member of Cosmetology Chapter Number Four. She is chairperson of the sick committee in this group. She is a member of the North Carolina State Beauticians and Cosmetologists Association, Inc.; a member of the National Institute of Cosmetology; and the NBCL Courtesy Committee.

As a member of Faith CME Church, Mrs. Davis is a class leader and chairperson of the Program Committee of the Missionary Society. She is also a

Elease Davis
...Experienced hairdresser member of the Women's Aglow Fellowship and the Golden Heu Chapter Number 15, Order of the Eastern Star (PHA).

Mrs. Davis will serve as Basileus for the Alpha Phi Chapter during the 1981-82 year.

Presently married to Hubert J. Davis, Mrs. Davl. has three children from her previous marriage to the late Willie Walton. Mrs. Carol Walton Mack, Michael Lee Walton, a rising junior at A&T State University and Jeffery B. Walton, a 1981 graduate of Myers Park High School and a rising A&T State freshman are the children of Mrs. Davis.

New Alcohol Education Program Set

Did you know the average student has his first drink at age 13? Surveys indicate 63 percent of the boys and 54 percent of the girls had their first drink by the end of 7th grade. And teenagers are reporting there are more occasions of getting drunk.

The Charlotte Council on Alcoholism will begin a new program in the Charlotte-Mecklenburg Schools for grades K-6 on alcohol education. Topics will include its use, and prevention education for alcoholism.

The curriculum is designed to prepare students for decisions they will make on whether or not to use alcohol and how much, effectively change attitudes towards use and abuse, deal with myths on alcoholism, decrease the glamour attached to alcohol use and suggest alternatives to drinking.

Driver Education

Classes Begin Monday

Summer driver education classes will begin on June 8. There will be only one session of classroom work which consists of 30 hours. Classes will meet two hours daily, Monday through Friday, 3-5 p.m. Classroom teachers will inform the students as to schedule changes after June 8.

All classroom work will be completed on June 26.

Charles Knight
...Rising 11th grader

Charles Knight Receives Gold Star Award

Charles E. Knight did more than just sit in the classes at Camden Military Academy. He received the Gold Star for maintaining an above 90 average and was promoted to the rank of sergeant.

Knight received these honors at the annual commencement exercises held recently at Camden Military Academy, located in Camden, S.C. He is a rising 11th grader and the son of Mr. and Mrs. Charles Knight of Charlotte.

As one of 240 students at the boarding academy which teaches grades seven through 12, Knight was one of about 18 students to receive special academic honors. He also plays on the Junior Varsity football team and plays the drums in the band.

Classes will be held at all senior high schools. Behind-the-wheel instruction will be scheduled on an individual basis after successful completion of classroom work. Students will be scheduled for an required to attend a 12-hour range phase and then three hours on-the-road instruction. There may be several days lapse between the ending of one phase and the beginning of the next phase. The range phase is counted as one-half of the behind-the-wheel instruction. It takes nine days to complete behind-the-wheel instruction, including the range phase. Students will be scheduled according to birthdays.

Listed below are the requirements for eligibility:

1. Any student who will be 16 years of age on or before November 30 may take driver education this summer.
2. All students who will be 16 years old on or before July 31, 1982, and who will be in a public junior high school, private or parochial school should take driver education this summer.
3. Anyone who does not attend school and will be 16 years old on or before July 31, 1982, but under 18 years of age, is eligible.
4. Rising 10th graders whose birthday will be after November 30, 1981 and who will be in a public senior high school next school year will be taught driver education in the 10th grade.

Students are required to bring their birth certificate. Non-public school students should bring proof of planned attendance. (Example: admission letter or statement of enrollment.) June 8 will be the first day of class as well as registration and the only time driver education will be offered this summer.

All students who will not be in a public senior high school are urged to take driver education this summer, because evening classes may not be available during the next school year.
