

# Soundstage To Present Contemporary Music's Best Talents

This fall, the top talents from today's music scene -- jazz, rock, folk and rhythm and blues -- will perform on a stage before a nationwide audience on public television's SOUNDSTAGE Specials, premiering.....

Count Basie have performed on SOUNDSTAGE.

SOUNDSTAGE Specials are designed to highlight the performer and the music. Each SOUND-

STAGE Special is taped in an environment that best suits the type of performance, be it a television studio, a theatre, a nightclub, or a huge rock con-

cert. And SOUNDSTAGE Specials are available in stereo for simulcasts with local FM radio stations, increasing that feeling of "being there."

SOUNDSTAGE Specials are produced by WTTW Chicago and made possible by funding from public television stations. Executive Producer: Thea Flaum.

## Spirit Square Plans Dazzling Fashion Show

It's that time of year again. The air is getting cooler, the leaves will soon be magnificent in color, and Thanksgiving and Christmas are right around the corner. And, with the holiday season comes family get togethers, shopping to do, and lots of parties to go to.

It's time to spruce up your wardrobe! The easiest and simplest way is to go to the Dazzling Holiday Fashion Show at Montal-

do's on Thursday, October 22, sponsored by the Spirit Square Auxiliary.

The leading American Fashion designer John Anthony will be there with a collection of his meticulously cut coats and his ultra-feminine evening fashions.

Anthony works like a painter-sculptor, creating his own unique shapes, textures and colorings with fabric as his medium. Grace

Morabella, editor-in-chief of "Vogue," says, "A woman dressing at John Anthony could own fewer than 10 pieces -- and have enough clothes for an entire year."

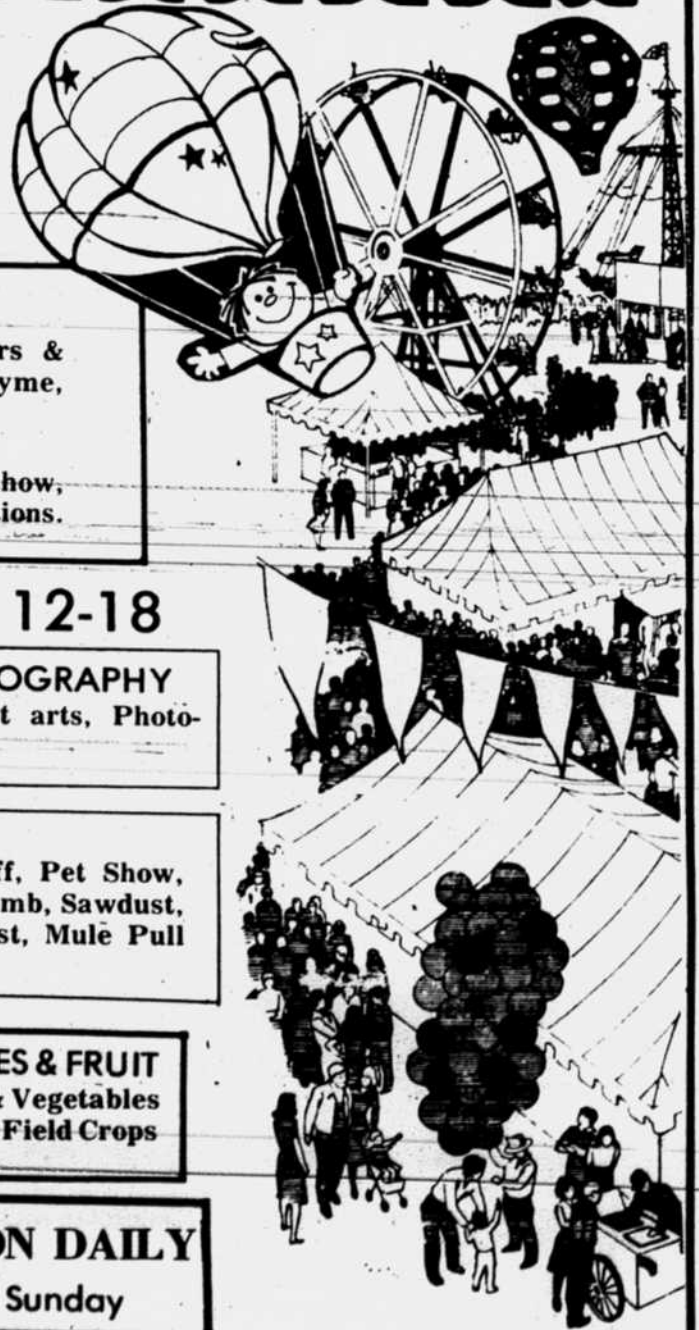

The Fashion Show will be on the 2nd floor of Montaldo's beginning at 10:30 a.m. Along with valet parking and door prizes, you can enjoy the show while sipping champagne and nibbling pastries.

The SOUNDSTAGE Specials have been critically-acclaimed as the best music series on television. In the past, such leading contemporary musicians as Dionne Warwick, Roberta Flack, Victor Borge, ABBA, The Little River Band, Manhattan Transfer, Bob Dylan, Gordon Lightfoot, The Temptations, The Doobie Brothers, John Prine, Barry Manilow, Chick Corea, Ella Fitzgerald and
