ALBUM REVIEW

Dazz Band

KEEP IT LIVE

There's something refreshingly unique about the Dazz Band's first LP, "Keep It Live." Full of energy, creativity and innovative music, "Keep It Live" is just the charge needed for today's music lovers.

From the moment the music begins the tune "Let It Whip" climaxes into a purely funky tune. And before you know it you're moving to the beat. But it all slows down to prepare you for the

melodious, appealing song "Gamble With My Love." Hear this song once and you'll want to hear it over and over. An appealing love serenade, "I'll Keep on Lovin' You" keeps you in the same soothing frame of mind. But the stirring ballad "Just Can't Wait 'till the Night" will hold you with its lyrics and its musical arrangements. "Shake What You Got" will rock you. That's Side One.

Side Two of "Keep It Live" jumps head-on with one of the album's most solid tunes, "Keep It Live." Believe me, you will not be able to keep still. "It's mellow; it's slow and it's "Just Believe In Love" which makes way for an easy funk tune "Can We Dance." Culminating with "Let Me Love You Until," "Keep It Live" does just that.

Where can you find this LP? Where else but L&L Records in Freedom Mall.
