ALBUM REVIEWS Marvin Gaye

"Midnight Love"

There's a different atmosphere and style for Marvin Gaye fans when they clue in on his first release for Columbia records, "Midnight Love."

What strikes you first about Gaye's LP is his altered tonal quality. Only "Sexual Healing" reminds you of the Gaye who sang "I Want You," "Let's Get It On" and "Distant Lover."

Another difference you'll find is Gaye's involvement in the playing of the drums, Fender Rhodes, synthesizer, organ, orchestra bells, bells, glockenspiel, finger cymbals, bongos and congos.

Side One of "Midnight Love" offers "Midnight Lady," "Sexual Healing," "Rockin' Adter Midnight" and "Til Tomorrow." Flip to Side Two and there's "Turn On Some Music," "Third World Girl," "Joy" and "My Love Is Waiting."

Millie Jackson
"Hard Times"

Yes, everybody knows

that Millie Jackson is famous for her unharnessed style of rapping but very few credit Ms. Jackson for being a fine vocalist. On her newest LP, "Hard Times," you have a mixture of those two elements in other words, some good music.

On Side One there's "Blufunkes," "Special Occasion," "I Don't Want To

Cry," and "We're Gonna Make It."

Side Two contains "Hard Times," "The Blues Don't Get Tired Of Me," "Miss On Your Hands," "Finger Rap" a reprisal of the last two numbers and "Feel Love Comin' Out."
