

Mrs. Rosetta Caldwell Turns 94!

The 94 years Rosetta Harrington Caldwell has been living has provided her with wisdom that surpasses the knowledge confined to textbooks. To say the least her knowledge is as vast as that as a holder of a Ph.D.

On June 22 Mrs. Caldwell, affectionately known to friends and her church family as "Mother Caldwell," celebrated her 94th birthday.

A native of Lawrence County, South Carolina Mrs. Caldwell married John Caldwell at an early age. To their union three children were born: Mrs. Lilea B. Allen of Pittsburgh, Pa., Mrs. Ruby Mitchell and Rev. Wilch Caldwell, pastor of Faith Memorial Baptist Church.

Mrs. Caldwell and her husband shared 51 years together before he died in 1958.

Most of Mrs. Caldwell's life has been devoted to doing the Lord's work. After accepting Christ as her personal Saviour in 1905, Mrs. Caldwell began teaching Sunday school in 1908.

Having moved to Charlotte Mrs. Caldwell became affiliated with St. Paul Baptist Church. There she remained until 1969 when she became a charter member of the then, newly-

MRS. ROSETTA CALDWELL
...Devoted church worker

formed Mayfield Memorial Baptist Church. Today, she still teaches Class No. 3 of the Adult Church School Department and Group No. 3 of the Adult Missionary Department.

Honored by her pastor, Dr. H.S. Diggs, and the Mayfield Memorial family as "Mother of the Church," Mrs. Caldwell is dressed and ready at 9 a.m. each Sunday to go to church.

There has been no problem that seems too large for Mrs. Caldwell. She has solved many of life's problems by applying her favorite quote: "Come, let us reason together."

USDA Improves School Lunch Program Management

Washington - The U.S. Department of Agriculture has finalized a comprehensive system for finding and correcting management problems in local school lunch programs, Assistant Secretary Mary C. Jarrett said.

Called the assessment, improvement and monitoring system, the procedure fosters better overall management of the lunch program by states, monitors the use of federal funds, and protects the nutritional integrity of meals served under the national school lunch program.

The system has been operating on an interim basis since 1981 while USDA fine-tuned the procedures based on the practical experience of states implementing the plan.

Even on an interim basis, Jarrett said, "the new system has made a real difference in the effective management of the federal school lunch program." Previously, USDA had no nationwide program for monitoring school lunch management by states.

Under the final rule, states will perform on-site reviews or audits of all school districts on a periodic basis. They assess local program operations against designated performance standards and require corrective action if problems are found.

USDA has earmarked \$4 million annually in available state administrative expense funds to assist sales in carrying out the system's requirements. These funds, as well as other

funds provided to states by USDA for administering the school nutrition pro-

grams, can be withdrawn if a state fails to meet the requirements.

Local Woman Graduates

Decatur, Ga. - Agnes Scott College senior Mary Julia "Julie" Babb of Charlotte was awarded the bachelor of arts degree June 5 at the women's liberal arts college in suburban Atlanta. She was presented her diploma by Agnes Scott President Ruth Schmidt during evening commencement exercises held outdoors on the wooded campus.

During the ceremony, Dean of Students Martha C. Kirkland placed over each graduate's shoulders the long cloth drape, or academic hood, signifying the

bachelor of arts degree. The hood displays a college's colors, which for Agnes Scott are purple and white.

Ms. Babb, a 1979 graduate of West Charlotte High School, is the daughter of Mr. and Mrs. James Greer Babb Jr. of Edgemoor Road. She majored in English and was vice president of the student representative council of the student government. She was also a member of the Christian Association.
