Barber-Scotia Celebrates

Homecoming

The blue and gray colors of Barber-Scotia College will be out in full force when alumni and friends of Barber-Scotia College return for Homecoming '84 on Saturday, February 4.

Most of the out-of-towners will arrive Friday in time for the "Old-Timers Game" and the reception for Miss Homecoming, Barbara Brown.

The Barber-Scotia Sabres, both men's and women's teams, will be matched against Allen University. The game time is 1 p.m. and will be held in the gym.

The soul food dinner, block shows, and hospitality hour will follow the games, and the Annual Charlotte Alumni Chapter Fellowship Ball will be held at the Holiday Inn Concord at 9 p.m.

One of the big highlights for students will be the homecoming dance, featuring Felix and Jarvis and the Naughty Boys.

The general public is invited to attend these activities and can contact the office of public relations for further information.

Barber-Scotia Receives

3M Gift

As one of the 42 United Negro College Fund (UNCF) institutions, Barber-Scotia College is the proud and grateful beneficiary of copiers and ultra-modern electronic typewriters from the 3M Company of St. Paul, Minnesota. "This gift is in recognition of the service that we (UNCF members) provide to many communities in which 3M employees live and do business."

Barber-Scotia presented a proposal of its needs for typewriters in offices and for copiers to expedite and facilitate the work of the entire institution. The positive response of the 3M Company to UNCF made it possible for Barber-Scotia to receive typewriters with a value of \$14,360 and copiers with a value of \$63,970—making a total gift valued at \$78,330. Production will be greatly enhanced.

The college is appreciative of the fact that corporate citizens like 3M have elected to take their community responsibilities seriously enough to stake a claim in the future of the youth of America. By its gift, 3M enables 42 institutions to better serve over 50,000 of those youth. It is an investment whose dimensions and benefits are inestimable.
