Well, it's not the beach but the 20th anniversary of the Beach Boys is bound to put you in the summer frame of mind. STOP THE PRESSES

That's what Bantam Books has done. For the first time in its 21-year

album is exactly what they have done. Never a group known for staying in a particular musical trend, the Pointer Sisters on "Break Out" do a whole lot of rocking, upbeat numbers that don't for once overshadow the vocal talents of June, Anita and Ruth.

Side one begins with "Jump," "Automatic," "Baby, Come and Get It," "I Need You" and "Dance

Electric."

Side two includes "Neutron Dance," "Easy Persuasion," "Nightline," "Telegraph Your Love" and "Operator."

Mrs. T.M. writes: Someone has come between me and my boyfriend and we separated. We couldn't get along. I just couldn't hold him, no matter what I did. He was seeing another woman and I didn't think I would ever get him back, but I loved him and that's why I went to Sister Margo. Thanks to her and her prayers, we are married and very happy in our new home!
