

WEDDINGS & ENGAGEMENTS

McLean And Rankin Unite

Wanda Kaye Rankin and Carl Jones McLean joined in holy matrimony on August 5, 1989. The ceremony was held at Mount Tabor Church in Cleveland, N.C. and was officiated by the Reverend Joe Spears.

Wanda is the daughter of Mr. and Mrs. Joe Dewitt Rankin, and Carl is the son of Mrs. Elizabeth McLean.

Carolyn Nesbit was the matron of honor and the maid of honor was Natalie Heaggans.

The bridesmaids were Deborah Griffis, Sylvia McLean, Vanessa Richmond, Thaddine Marshall, Rita Taggart, Mae Speight, and Emily Turner. Nicole Ramsey and Faith Cornett were the flower girls while the junior bridesmaids were Michelle Rankin and Kenya Nesbit.

The best man was Tim Covington.

The groomsmen included Jeff Hardy, Ray Rankin, Ronald Rankin, Tim Worth, Kenny Dawkins, Tony Flanory, Steve Crump and Wayne Mallory. Also included in the ceremony was the ringbearer Michael Rankin, and the junior groomsman which was Carlton Holmes.

Wanda is a graduate of South Iredell High School and the University of N.C. at Greensboro. She received a B.A. in early childhood education. She is employed as a teacher. Carl attended Independence High School and is also a graduate of Johnson C. Smith University. He received a B.A. in communications. He is employed at WSOC-TV as a photographer/editor.

The newlyweds took a cruise to Freeport, Nassau where they stayed for a week.

The couple will reside in Charlotte.

Carr Retires After 41 Years

William Carr, formerly of Charlotte, now residing in Belmont, is retiring from A. D. M. Milling Company after 41 years of service.

He is a member of C. N. Jenkins Memorial Presbyterian Church and is a devoted husband, father and grandfather. He and his wife, Pauline, are the proud parents of four children; Carl Lee, Willine, Sherian and Jackquelyn. They are the grandparents of three - Trina, Reggie and Jeff.

Carr, affectionately called "E.Z. Money," is also an avid collector of antique clocks, likes to travel and is an enthusiastic wrestling fan. His favorite music is jazz but he also enjoys the sounds of the big bands.

His family and friends will toast this celebration on August 19, 1989 at McDonald's Cafeteria with a tribute of gifts, compliments and dinner to acknowledge their high esteem for a job well done.

After retirement, Carr plans to travel; but as a favorite saying of his, he plans to take time to smell the roses.

to her, except for us."

But Truesdale isn't finished yet. She will start to work in September on a general education diploma at Central Piedmont Community College. She said she doesn't need that degree to get a job in the nursing field but it may help her get a better salary. Also, she thinks it may inspire others to finish their education.

"It's very important that they follow through with education," she said. "That's the only way they're going to make it."

How long will it take her to get a GED?

"If I do as well as I've been doing, it's not going to take very long," she said.

Jerome & Deborah Scott

Great Scott! Former Teacher Aims to Become Matol Millionaire

Although Jerome Scott received his first Matol royalty override check less than two years ago, he is no stranger to networking. "I was involved with a couple of other networking programs and prior to that I spent 9½ years teaching school. My other ventures in networking were just practice leading up to Matol.

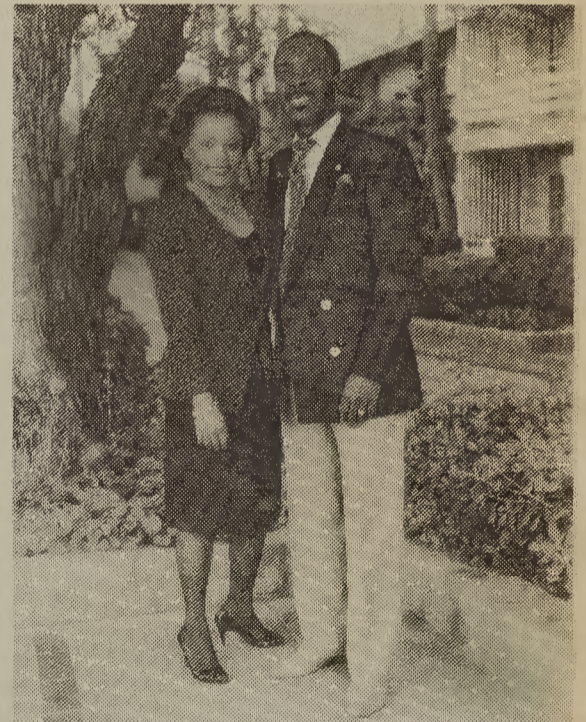

Never Before Has It Been So Easy . . .

Experience may be the best teacher, but this teacher is enjoying his best experience. Jerome enthuses over the ease with which he has achieved Field Advisor in less than two years.

"Never before in all the programs that I've worked has it been so easy. All we have to do is motivate people to try the product and the product does all the rest. We have supervisors who have no sales experience at all, never thought they could be successful in selling anything and now they are doing extremely well, because the only thing they did was share the product.

Jerome can certainly testify to the life quality improvement he has enjoyed with Matol. "I was doing quite well with the other company, enjoying a six figure income, but with Matol it seems to me that the track that we're on now, over the next 12 months we will probably enjoy earnings in excess of the annual salary of the President of the United States." His royalty override check supports his optimism: from \$8,664 in September 1988 to \$10,558 in February, to a whopping \$18,063 in March! Even with no further growth (extremely unlikely, given his fast track record), Jerome can look forward to 1989 income of over \$220,000!

Typically, Jerome expresses satisfaction with his financial success in terms of what it permits him to do for others, not for himself. "My father worked two jobs to help send me through school, and I had a chance to do something for my parents who had retired recently. I surprised them with a retirement party and the keys to a brand new Lincoln Continental.

"Matol has also afforded us the opportunity to help our daughter Kimberly realize a long-term dream. She always wanted to study in Australia so she spent six months there and is getting ready to graduate from high school.

"My goal is to help at least ten people become millionaires through the efforts of Matol and sharing Km."

Matol Has An Appointment With Destiny

Jerome Scott's enthusiasm for Matol goes far beyond the product. "The Imaging School is unique in all my years of network marketing. This company realizes the tremendous value of training; they are making that a priority to the end that we will have the best trained distributor sales force in the world, and that excites me.

"It's so refreshing to get with a company that has the integrity and the experienced principals that this company has. We have all the earmarks of a company that's destined to be around for a long, long time and so that's why I am excited to be a part of the Km movement.

"I think Matol has an appointment with destiny. The Matol opportunity is absolutely awesome."
