The biggest investment you'll ever make, is now easier to make.

Say you make around \$30,000 per year. You might think buying a house is out of the question.

Not so. Wachovia's Neighborhood Revitalization Program (NRP) helps make it possible. With lower closing costs. Flexible income and credit guidelines. And no mortgage insurance requirement. It's designed to take the burden out of purchasing a home.

In fact, you could get into a new home for as little as 3% down! We can even arrange free group seminars that explain the entire program.

For more details, just stop by any Wachovia office and talk to a Personal BankerSM
