

KRAFT SPECIAL SAVINGS SALE

The Farm

The Farm Stands For Great Freshness!
 The difference between great freshness and just Okay freshness -- is time. At The Farm, we've built a system that rushes a product just picked in a field or orchard to us faster than anyone else we know of. No stops for brokerage. No stops for middlemen. No stops at big city markets for auctioning. The only time we slow down is for our own buyers and Quality control inspectors. It's straight from the farm to The Farm. And it's another reason why we say, at A&P, Super Fresh, and Sav-A-Center We're Doing More For You.
