The Prophet's Column

Remember that we we said in our last message that the greatest enemy of the Gospel is an individual on a religious profession without Christ. Well, this brother has accused me of hoarding money and stealing money. I did not ask him to tell me how he was living. Years ago he heard some of my testimony, which I knew was giving him unshirtd hell, and I praise God for it. A slander will go around with a "muckrake" to gather all the slander he can find and then he goes and spreads the slander as if it were true. If anyone here gets saved he or she will have to come over the lies being

hurled against the servant of the Lord. The Lord has given me grace to just leave this brother to his lies and slander campaign. Anyone who wants to join his bandwagon of slander is free to do so, but you will go down to Hell with him. An unsaved fellow always judges the other fellow by himself. A born-again believer will not fight another born-again believer. This preacher is a total stranger to Holy Spirit Conviction (John 16:7-11). And let me say to every tried and persecuted saint who is being slandered, you cannot convince the enemy you are innocent of the slander he is hurling

against you. Don't even try to answer or prove your innocence before a slanderer. He is prejudiced against you and if you had 500 witnesses he wouldn't believe one of them. Just let him go on to Hell and lead his congregation to Hell. Satan is stepping up his attacks against the Lord's people because he knows his time is short and the Lord is coming soon! Once a lie goes out against the Lord's people, it cannot be retrieved. When I was in the office several years ago, one of my employees stepped into a hardware store and one of the employees there said to him: "I heard you had been stealing up there..." And another individual said to

me; "...has been buying a lot of real estate lately." Thereby, believing the lie. It was a deacon who had been spreading the slander against my employee. And he went on to spread slander against another employee and me. When my Lord was on trial, who were the first ones to yell "CRUCIFY HIM?" The chief priests. And so it is today, the religious world is leading the mob in persecuting the Lord's people. My friends, get ready to die! There will be more persecution before my Lord comes. ARE YOU SAVED? IS CHRIST REAL TO YOUR HEART? If you have never left the religious world you are not saved.

Promise Keepers rally draws praise

men atone for the abuse of women and the neglect of their wives and families is a good call, so I have nothing but praise for the Promise Keepers," Farrakhan said.

"We can, in effect, change the spiritual direction of this nation," Farrakhan made his comments Sunday during a news conference in Des Moines.

McCartney, former football coach at the University of Colorado, also sought to allay fears that his movement is exclusionary, telling feminists, homosexuals, atheists and adherents of other religions:

"We love you. You can trust us because we're men of integrity. We're not out to divide this nation, but we're out to share the gospel message....They'll find being in the company of guys that keep their promises is healthy."

At the same time, he reiterated the movement's stand on homosexuality - "The sin of homosexuality cannot be excused" - and women: When it comes to decision-making at home, "somebody has to break the tie" and it's the man who should "tenderly and gently" take authority.

Although McCartney said he is a registered Republican, he stressed he sees no political agenda for his group.

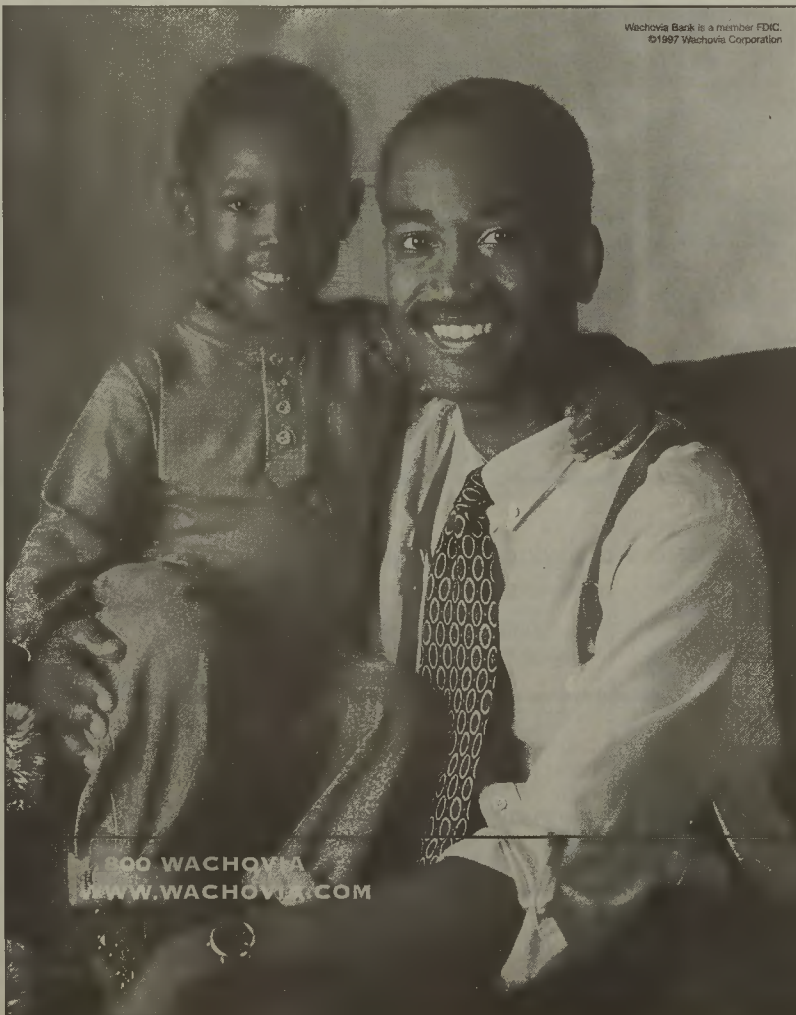

"I find it fascinating I'm doing what I'm doing. I'm going to be obedient to the call of God on my life," he said.

But asked whether he would run for president if God said it was necessary to do so to fulfill his mission, McCartney said: "Absolutely. I'd be a fool not to."

William Bright, a speaker at the gathering from Orlando, Fla., told a reporter he expected "a revolution will take place in thousands

of communities because of what happened" Saturday. But he noted that not all of them will be able to keep the promises they made.

"It's like an alcoholic who makes all kinds of resolutions and then fails," Bright said. "But the percentage of those who will go home different and will make a differ-
