ENGINEERING

Boart Longyear

a global drilling company, is seeking talented and innovative engineers to assist in the design and development of equipment for use in the earth boring and mining industries. This position will offer the ideal candidate hands-on training with the potential for advancement into a technical or managerial career.

JOB REQUIREMENTS:

- * 4-year degree in Mechanical, Mining, Electrical or Construction Engineering (recent graduates are encouraged to apply)
- * Passion and enthusiasm for learning the drilling industry
- * Excellent communication skills (written and verbal)
- * Technical/mechanical aptitude and practical problem-solving ability
- * Strong work ethic and superior organizational skills
- * Willingness to work independently or as part of a team
- * Must be willing to relocate
- * Knowledge/experience in the environmental, consulting or contracting industry, including activities or projects related to environmental drilling, is preferred

* This position may provide applied learning opportunities in the following areas:

- * Mobile drilling equipment design including hydrostatic drives
- * Electronic drilling control systems
- * Open & closed loop hydraulic methods
- * Extensive mechanical devices knowledge including gears, chain & sprockets, springs, bearings & fasteners
- * Kinematics, robotics & mechatronics
- * Mechanical vibrations
- * Drafting experience with the AutoCAD and/or Inventor platforms
- * Preparation of layout, assembly, detail & note drawings
- * Preparation of equipment operations and maintenance manuals
- * Stress Analysis using conventional or FEA methods
- * Estimating, scheduling and purchasing skills
- * Bidding and drilling project planning

**Boart Longyear offers excellent pay and competitive benefits.

Apply to: Human Resources
2640 W 1700 S.
Salt Lake City, UT 84104
