RESEARCH POLICY ANALYST

The NC Association of County Commissioners seeks professional for Research Policy Analyst in its Public Technology and Research department. This position is responsible for assessing, researching, and evaluating policy issues for the Association and the collection and analysis of fiscal, policy and survey data for use in analyzing problems of local government programs and finance. Selected candidate must be able to work independently in planning, organizing, implementing, and evaluating research programs and projects, both of a continuing and an ad hoc nature; preparing estimates of the fiscal and programmatic impact of proposed legislation on counties; performing research on policy issues; developing and maintaining databases; preparing tables & charts; providing written analyses. Work assignments are characterized by defined objectives and specific guidelines but require an overall understanding of project design and purpose. Candidate must exhibit sound professional judgment in the location and collection of data, selection of statistical techniques, interpretation of findings, and design of reporting format. Required skills and qualifications include: a four-year degree in economics, business administration, public administration, sociology, or related social science to include courses in statistics, research methodology, and computer science; two years' experience in gathering, editing, and analyzing data for social and economic research; and possessing and maintaining a valid NC driver's license. See NCACC website for link to full job description. Send resume and a 5-year salary history to: Human Resources, P.O. Box 2567, Raleigh, NC 27602-2567 or e-mail to ncacc@ncacc.org. EOE/M/F/H
