

**PUBLIC NOTICE**

Public Notice  
 State of North Carolina  
 Environmental Management Commission/ NPDES Unit  
 1617 Mail Service Center  
 Raleigh, NC 27699-1617  
 Notification of Intent to issue a NPDES Wastewater Permit

On the basis of thorough staff review and application of NC General statute 143.21, Public law 92-500 and other lawful standards and regulations, the North Carolina Environmental Management Commission proposes to issue a National Pollutant Discharge Elimination System (NPDES) wastewater permit to the person(s) listed below effective 45 days from the publish date of this notice.

Written comments regarding the proposed permit will be accepted until 30 days after the publish date of this notice. All comments received prior to that date are considered in the final determinations regarding the proposed permit. The Director of the NC Division of Water Quality may decide to hold a public meeting for the proposed permit should the Division receive a significant degree of interest.

Copies of the draft permit and other supporting information on file used to determine conditions present in the draft permit are available upon request and payment of the costs of reproduction. Mail comments and/or requests for information to the NC Division of Water Quality at the above address or call the Point Source Branch at 919-733-5083, extension 520. Please include the NPDES permit number (attached) in any communication. Interested persons may also visit the Division of Water Quality at 512 N. Salisbury Street, Raleigh, NC 27604-1148 between the hours of 8:00 a.m. and 5:00 p.m. to review the information on file.

Charlotte Mecklenburg Utility Department (4000 Westmont Drive, Charlotte, NC 28217) has applied for renewal of NPDES permit NC0024970 for the McAlpine Creek WWTP in Mecklenburg County. This permitted facility discharges 64 MGD treated wastewater to McAlpine Creek in the Catawba River Basin. Currently CBOD, ammonia nitrogen, fecal coliform, and total residual chlorine are water quality limited. This discharge may affect future allocations in this portion of the Catawba River Basin.

Gough Econ, Inc. (PO Box 669583, Charlotte, NC 28226) has applied for renewal of NPDES permit NC0058084 for the Gough Econ, Inc. WWTP in Mecklenburg County. This permitted facility discharges treated wastewater to an unnamed tributary to the Catawba River in the Catawba River Basin. Some parameters may be water quality limited, which may affect future allocations in this portion of the Catawba River Basin.

NPDES Permit Number NC0083887, City of Charlotte, Mecklenburg County has applied for renewal of its permit for Charlotte Douglas International Airport discharging treated wastewater and stormwater to Coffey Creek, UT Ticer Branch and UT Taggart Creek in the Catawba River Basin. Currently total suspended solids, oil and grease, benzene, and toluene are water quality limited. This discharge may affect future allocations in this portion of the receiving stream.
