God's Order (Part III)  
J.M. Little, Teacher

And that is why your converts go back to the world. And you pull the gray hairs out of your head trying to figure it out. And let me say this to you, "If you preachers and Bible teachers admit that I am right about how God saves a poor, lost, totally depraved sinner, you are going to have to admit that you are wrong!" Some of you preachers have said you are not going to have that hell and damnation Bible teacher teaching at your church. You say I stir up the people, making them feel they are lost. I say this to you frankly; "If your church members feel like they are lost under my teaching, then they are lost." And in all likelihood you are lost, too. So, since Eve saw her nakedness as well as Adam, and they both died spiritually, and later died naturally, they both were under God's commandment. That is so plain and clear to me, I hope it will be for you henceforth. Many commentators, writers, Bible teachers, and preachers will tell you that "Adam was standing right there when the serpent beguiled Eve and he didn't lift a word against it." I ask you again, if you teach that, "Are you a shallow thinker or a deep thinker?" I brought this out in the Bible study. Let me reason with you just a little; it was the Devil using the serpent, or speaking through the serpent. The Devil was at first called Lucifer, the anointed cherub. He led the worship of the Lord Jesus Christ before the Fall. And the Devil sits next to God in power even though he is a fallen angel. The Devil is very wise and crafty. Remember now, he led one third of the angels down with him. Now, for just one second, if you acknowledge all that I just stated about the Devil, are you so shallow in your thinking that you do not know that the Devil thought much about what he was going to do before he did it? Don't you know that this fallen angel who sits next to God in power would not be so lazy as to give Adam the chance to object to his leading the woman into sin? It was no casual thing what the Devil did. Now let me approach you on a human basis. Hold your seats now! If a man wanted to do something with a man's wife that he knows the man will vehemently object to, is he going to approach the wife in the presence of her husband? Ten thousand times no! He is going to approach that wife in the absence of her husband!
