

Charlotte's R&B leader

"I am very proud to be working with The Charlotte Post. Our partnership is a perfect example of Unity in the Community. Both WQNC "Q92.7" and The Charlotte Post are African American owned and operated. We each have a responsibility to provide news, information, and entertainment for the Charlotte area.

As a corporation, Radio One, Inc. has been serving African Americans for over 25 years. Even though Q92.7 just celebrated its third birthday, we are making a difference each day! Sincere thanks to our listeners (your readers) for supporting us and holding us accountable for serving the community. I recognize that we can do a better job of doing more, and, a greater job of letting you, our family, know about our accomplishments! My ultimate goal is to provide not only quality choices of entertainment, but the leadership necessary to make it happen.

Gerald Johnson, thanks for partnering with the Q92.7 team. Together, we will make a difference."

Debbie Kwei-Cook
VP/General Manager
Radio One, Inc.
