August 14th, 1855. MR. JOHN KETTLEWELL: -- My Dear Sir: -- It affords me great pleasure to inform you that the fertiliser prepared by you and furnished me last fall, met my most sanguine expectations. I tried it side by side with Peruvian Guano, on wheat sown in land that was poor and stiff, and had a north western exposure, had been many years in cultivation, much nourished with manures and never brought a decent crop until this year, which I effected by the application of 300 lbs Peruvian Guano on part, and 200 lbs of your mixture on the other part. The WHOLESALE GROCERS, COMMISSION AND wheat was sown late last November and was a fine crop. Where the fertiliser was applied, the wheat was better than any where else in the field. My best regards to your brother. Believe me yours truly, W. W. W. BOWIE.

P. S. Your fertiliser I consider on my land fully equal to best Peruvian Guano. Indeed, 200 lbs has yieled on same sort of land, more wheat than 300 lbs of best Peruvian Guano, after 200 lbs of Mexican applied in the spring stantly on hand, Wines, Teas, Liquors, Provisions, Wood and Willow Ware, Fruit, Confectionaries, &c., or same ye
