VOL. III .-- NO. 199.

MONDAY EVENING, OCTOBER 27, 1856.

WHOLE NO. 819

Inhalation in Consumption. Bronchitis, Laryngites and other Diseases of the Chest and Throat, successfully treated by the Inhalation of Medicated Vapors and Powders, by Absorption and con-tinual treatment, as practiced at the "Stuyvesant Medical Institute," New York City. Diseases of the Heart Liver, Female Complaints, Dyspepsia, Venereal Affections, and Chronic Diseases generally, will receive the attention of the Physicians, to whom such may have

been speecially entrusted. The unprecedented success which has attended this method of treating diseases of the Lungs and Throat, has induced us to depart from our usual course, and avail ourselves of the Press, in order to bring it to the knowledge of such as may be laboring under, or predisposed

to such affections. The dawn of a brighter day has at length arrived for the Consumptive. The doctrine of the incurability of Consumption has at length passed away. We have indubitable proofs in our possession, that Consumption in all its stages can be cured; in the first, by tubercular absorption; in the second, by the transformation of tubercule into chalky and calcareous concretions; in the third by cicatrices or scars. Those wedded to the past, may assert, that even now Consumption is incurable such are behind the age. To all, this great truth must be apparent, viz: that medicines inhaled in the form of Vapor or Powder directly into the Lungs, must be much more effectual than that taken into the Stomach where the disease does not exist. The advantages derived from Inhalation in the treatment of Consumption and Throat diseases, are, that medicines in the form of Vapors are applied directly to the lungs, where the disease exists; the stomach being left free to aid in restoring health, by administering to it, healthy, life-giving food. There is no case so hopeless that Inhalation will not reach; the means, too are brought within the reach of all, the manner of administering the Vapors being so simple, that the invalid is never required to leave home, where the hands of friendship and affection tend to aid so much the Physician's efforts. I earnestly appeal to against the Number drawn. This operation is repeated the intelligence of all afflicted with diseases, or who may until all the Prizes are drawn out. have the germs of the disease within them, to embrace precious gifts that Nature and Art have given us, that "our days may be long in the land," and as the only "ARK OF REFUGE" for the Consumptive; a method not only RATIONAL BUT SIMPLE, SAFE, AND EFFICIENT.

Such of the profession that have adopted Inhalation, have found it efficacious in the highest degree, arresting the progress of the disease, and working wonders in many desperate cases; in verity, a triumph of our Art, over this fell destroyer of our species.

Nore .- Physicians wishing to make themselves acquainted with this practice, are informed, that our time being valuable, we can only reply, as to ingredients used, to such letters that contain a fee. The fee in all ly after the drawing-other Prizes at the usual time of cases of Pulmonary affections, will be \$10, on receipt of thirty days. which, the necessary medicines and instrument will be forwarded. The fee in other cases, will be from \$5 to

DR. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures EVERY KIND OF HUMOR; from the worst Scrofula

down to a common pim, le.

He has tried it in over 1100 cases, and never failed except in two cases, (both thunder humor.) He has now in his possession over two hundred certificates of its virtue, all within twenty miles of Boston. Two bottles are warranted to cure a nursing sore

mouth. One to three bottles will cure the worst kind of Pimples on the face.

Two to three bottles will clear the sys'em of Biles. Two bottles are warranted to cure the worst canker in the mouth and stomach.

Three to five bottles are warranted to cure the worst case of Erysipelas. One to two bottles are warranted to cure all humor in the Eyes.

Two bottles are warranted to cure running of the ears and blotches among the hair. Four to six bottles are warranted to cure corrupt and unning ulcers.

One bottle will cure scaly eruption of the skin. Two to three bottles are warranted to cure the worst case of ringworm.

Two to three bottles are warranted to cure the most desperate case of rhumatism.

Three to four bottles are warranted to cure the salt Five to eight bottles will cure the worst case of scrof-

A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quan-

Reader, I peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case. So sure as water will extinguish fire, so sure will this cure humor. I never sold a bottle of it but that I sold another: after a trial it always speaks for itself There are two things about this herb that appears to me sur prising; first that it grows in our pastures, in some places quite plentiful, and vet its value has never been known, until I discovered it in 1846-second, that it should cure all kinds of humor.

In order to give some idea of the sudden rise and great pularity of the discovery, I will state that in April 1853, I peddled it, and sold about six bottles per day-

Some of the wholesale Druggists who have been in business twenty and thirty years, say that nothing in the annals of patent medicine was ever like it. There is a universal praise of it from all quarters. In my own practice I always kept it strictly for hu-

mors-but since its introduction as a general family medicine, great and wonderful virtues have been found in it that I never suspected. Several cases of epileptic fits-a disease which was always considered incurable, have been cured by a few

bottles. O, what a mercy if it will prove effectual in all cases of that awful malady-there are but few who have seen more of it than I have.

I know of several cases of Dropsy, all of them aged people cured by it. For the various diseases of the Liver, Sick Headache, Dyspepsia, Asthma, Fever and Ague, Pain in the side, Diseases of the Spine, aud particularly in diseases of the Kidneys, &c., the discovery has done more good than any medicine ever known, No change of diet ever necessary-eat the best you

can get and enough of it. DIRECTIONS FOR USE. - Adults one table spoonful per day-Children over ten years desert spoonful-Children from five to eight years, tea spoonful.
