Election on TUESDAY, the 4th day of November, 1856.

FILLMORE MEETING. The friends of Fillmore and Donelson, will meet at "Head Quarters", at 7 o'clock, on Wednesday evening next.

We resume our notice of the meeting of the American party, left unfinished on Saturday. Mr. Meares, after showing the falsity of the Hon. Mr. Venable's assertion that the Kansas-Nebraska bill was identical in principle, so far as the doctrine of Squatter Sovereignty was concerned, with the New Mexico and Utah bill, which had been approved by Mr. Fillmore, alluded to the declaration of Mr. Venable that the Missouri Compromise had been repealed by the Kansas bill, and that if he had been in Congress at the time he should have been proud to have voted for it on that account.

Fillmore. His election would reconcile opposing elements—it would give perfect satisfaction to both the North and the South. Mr. Poisson acquitted himself with great credit and we think bids fair to be a very acceptable popular speaker.

At the conclusion of the meeting a procession was formed, repaired to the Market House, and broke up. In this connection we may state that the incident of a disagreeable character alluded to by the Journal, was as that paper rightly supposes the work not of the party proper, but of indiscreet persons—perhaps boys—and that all such demonstrations are regretted by right thinking men of whatever party affiliation.

In our Friday's issue we alluded to the large attendance of negroes at political discussions, and suggested the propriety of some action being taken for the purpose of preventing their attendance on future occasions. Subsequently, the Mayor waited upon us, and requested us to state that the tender of an efficient police was made to the Democratic Committee of Arrangements, but was declined, for the reason that the Committee had made their own arrangements for the Mass Meeting. This, of course, relieves the town of all blame in the matter.

We were anxious to see Mr. Choate's letter to the Committee of Arrangements of the Democratic Mass Meeting here, and have been gratified. It is very short—a simple declination on the score of other engagements. If we are not mistaken, Mr. Choate, although repeatedly invited to speak at Democratic meetings during the present canvass has uniformly declined to do so; and it was but the other day that he declined a Democratic nomination to Congress, we believe, unanimously tendered him.

The Philadelphia Bulletin says that the vote in the House of Bishops upon the restoration of Bishop Onderdonk, was twenty-one in favor, to eight against his restoration. Bishop Atkinson voted in the affirmative. Bishop Davis, of S. C., in the negative.

PENNSYLVANIA ELECTION.—The official returns from all the counties in the State have been received at Harrisburg, and the Democratic majorities stand: For Canal Commissioner, 3,744 For Surveyor General, 3,735 For Attorney General, 3,907

Another Witness to Abolitionized Democracy. This morning we received, says the Louisville Journal of Saturday, the Lebanon Advertiser of the 8th inst., one of the most important Buchanan organs in Pennsylvania. Like the other organs of the same party in that State, the Lebanon paper fought the late battle upon Free Soil ground. Rallying its party for the late State election, it exclaimed in capitals large enough for a double-sheet poster—

ONE DAY FOR LIBERTY AND UNION AGAINST SLAVERY AND DISUNION!! We can tell the people of the South, that wherever the Democracy of the North have thought that anything could be made by abolitionism, they have outstripped the Black Republicans in loud professions of ultra-abolitionism—even stigmatized the Black Republicans as too indulgent to slavery, and therefore unworthy to be trusted by the people.

It was reported on 'change, New York, on Friday, that T. Perry & Co., produce dealers, have suspended. Their liabilities amount to \$400,000. It is also rumored that a prominent house in the provision trade has suspended with liabilities to the amount of \$900,000.

Indiana Election. The Indianapolis Journal says that in consequence of the discovery of stupendous frauds the Republicans are determined to contest the State election. The official returns from four-fifths of the State show a Republican increase over 1854 of 12,000 votes, while the Democrats have increased their vote 28,000. In the 9th and 11th districts the Democrats have increased 5,000 votes in each.

Town Meeting. In pursuance of a notice from the Mayor, an adjourned meeting of the citizens of the town of Wilmington, was held on Saturday evening last, (25th inst.) in the Court House, for the purpose of taking in consideration, the new plan of the Town, as submitted by L. C. Turner, Civil Engineer, together with the report of the Committee appointed to co-operate with him.

On motion of Dr. A. J. DeRosset, jr., it was Resolved, That the Commissioners be requested to take into consideration the propriety of opening a street from Queen to Wooster street.

On motion of H. Nutt Esq., it was Resolved, That the Citizens recommend to the Commissioners the adoption of the New Plan of the town as submitted to them by Mr. Turner. Subject to such alteration as may be necessary from the passage of the foregoing resolutions.

On motion of Mr. Cowan the following preamble and resolution was adopted. WHEREAS, The crossing of the tracks of the W. & W. R. Co., at their depot below the hill is at once inconvenient to the business community, and decidedly dangerous to all who cross there:

Resolved, That the Commissioners of the town be instructed to enter into negotiations with the directors of the W. & W. R. Co., and make such arrangements as will enable them to open Front street, as far as Harnet street, said street being already opened from Harnet to the northern limits of the Town.

Important from Kansas—Peace and Quiet Restored—Gov. Geary's Letter. The following gratifying letter was received by the Secretary of State on Wednesday. It will be seen that peace and quiet have been restored in Kansas:

EXECUTIVE DEPARTMENT, Leocompton, Kansas Territory, October 10, 1856. SIR:—Your letter of the 23d ultimo, in reply to mine of the 9th, and your telegraphic dispatch of the 27th ultimo, in reply to my letter of the 16th, were both received on the evening of the 8th inst.

Despatches forwarded since the dates of those acknowledged have informed you that peace and quiet have been restored to the Territory. Not only have all large armed bodies of men been dispersed, but the smaller bands of marauders been driven off. The roads are travelled with safety, and dwellings are secure from intrusion. For upwards of two weeks no outrages have been authentically reported.

Very respectfully, Your obedient servant, JNO. W. GEARY, Governor of Kansas. To the Hon. WM. L. MARCY, Secretary of State, Washington, D. C.

A TYPE OF ITS KIND.—A gentleman relates to the editor of the Norfolk American a very good anecdote, based on an incident which recently took place in one of the cars of the North Carolina Railroad.

AMERICAN ANA.—On a bright sunny morning, early in February, 1796, says Thomas, in his Reminiscences, might have been seen entering my bookstore in Charleston, S. C., a fine looking florid complexioned old gentleman, with hair white as snow, contrasted with his own complexion, showed him to have been a free liver, a bon vivant of the first order.

At length he hit upon something that struck his fancy. My eye happened to be fixed upon his face at the moment, and never did I witness so sudden, so perfect a change of the human countenance. That which before was dull and heavy, in a moment became animated and flushed with the brightest beams of intellect.

A WEDDING.—There was quite an interesting circumstance which occurred in Anderson village on Monday last. We heard it first, by accident, from 10 or 20 school girls, pretty well grown, who were giving their views and opinions as to the propriety of the matter.

WHAT NEXT?—A speculator in Liverpool has offered the city authorities \$5,000 per annum for the use of the lamp posts to place advertising bills on. The offer was not accepted.

A noted politician was recently caught by a friend in the act of perusing the scriptures. Upon asking him what particular portion of the good book he had selected for examination, he replied: "I am reading the story about the loaves and fishes."

The great questions that now agitate the minds of the people generally is, who shall be President, and who takes the best Dageerrevolves—the former can not be determined until the 4th of November—but the latter can be calling at CROWL'S and having your pictures taken for ONE DOLLAR & DOWNWARDS, at his rooms Front st., directly opposite the Book Bindery.
