NO. 2.

FROM WASHINGTON. The New York Herald corre por lent

gives the following news from Washington dated May 28th 1865 : GEORGE N. SANDERS AND JACOB THOMP-

"The government is in possession of new and important testimony, fixing upon Geo. N. Sanders and Jacob Thompson, not only direct complicity with the assassin Booth's plot to murder President Lincoln, but their guilty agency in procuring the distribution of the infected clothing in the cities of the loyal States, and attempted introduction of portions of this clothing into the White

House. The Doctor Blackburn who figur ed in this infection plot is not the notorious "Tumblety," but a Dr. Blackburn formerly of Mesissippi, but lately of Kentucky, and an intimate and constant companion of Sanders and Thompson in Canada. A part of this testimony will probably be produced before the military commission to morrow."

Mr. Thompson in a letter to the New York Tribnne, dated May 10th which is published in full in that paper thus vindi cates himself:

"But of all the astonishing things which have happened during this war between the States, the late Proclamation of the President is the most unreasonable and unjust. It seems there has been cre ated a new bureau called 'the Bureau of Military Justice' In that, it seems there is evidence that the assassination of the late President was 'incited, concerted and procured by and between Jefferson Da vis, at Richmond, Va,' and myself and others who are Rebels and traitors 'harbored in Canada.' When this Proclamation my way home.
