**OUR SCALP PICNICS.**  
The attention of the Charlotte  
ronicle's observant editor is  
tracted to Rowan's scalp picnic  
he comments as follows:  
"In Rowan county they have  
a year what is known as a  
scalp picnic," at which the farm  
who has taken the greatest  
number of scalps is given a prize.  
The report made at the picnic  
last week, showed 6,459 "scalps"  
the previous year. One man  
killed 116 crows. He must have  
had proficiency as a "sneaker."  
Of all birds, the crow is the  
easiest to outwit. Another man  
had a penchant for flying squirrels  
and bagged 117 during the  
year. Jay birds was the specialty  
of another, who reported having  
killed 217. Yet another man had a  
ner for moles and succeeded in  
digging up and killing 72 of these  
burrowers. The owl, the  
natural enemy of the mole, was  
slooked, and there were wasps,  
rat, minks and hawks in  
great numbers. The object of  
the scalp contest, we believe, is  
to induce a crop of pestiferous  
imals and birds in Rowan, and  
the idea is a good one, but flying  
squirrels and jay birds ought to  
be struck from the list, while more  
encouragement ought to be given  
to hawk and rat specialists."

**NEGRO PASTOR DEPOSED FOR ALLEGED  
DRUNKENNESS.**  
Union, S. C., Aug. 22.—J. C.  
Tobin, pastor of the colored Baptist  
church, which entertained  
the big negro Sunday school  
convention here in May, has been  
deposed from his pulpit on ac  
count of his alleged drunken  
conduct Friday night while Chas.  
W. Stewart, a negro lecturer of  
Chicago, was speaking. He was  
arrested then and Saturday, but  
paid out. When notified by the  
church officials of his dismissal  
he created a scene. Trouble was  
expected Sunday, as he wanted  
to preach in the church, but was  
refused. However, things passed  
off quietly, though a hot time is  
anticipated at the board meeting  
tonight.—Charlotte Observer.

**SENATOR MAJORS**  
Senator Majors was nominated  
yesterday to succeed himself as  
United States senator from Vir  
ginia, in the Democratic primaries.  
Sensible Virginia Democrats  
They appreciate the increasing  
value of a representative who  
works and who grows in influence  
with increased tenure of office.  
There is in Virginia's decision an  
example which Georgia might em

We are a little late in announc  
ing it but in view of the wonder  
which we expressed that Mr.  
Howard A. Banks could assume  
the editorship of a Republican pa  
per when it was stated that he  
would become the editor of the In  
dustrial News, we are glad to  
learn that Mr. Banks will do no  
such thing. He may accept the  
business management of the paper  
but will in no way be connected  
with the editorial department.

**Cured of Leprosy, But Died.**  
Manila, August 22.—What ap  
pears to be a well authenticated  
instance of the cure of leprosy by  
the X-ray treatment has been  
found here. A few weeks ago a  
patient who had been afflicted with  
leprosy and who had been under  
treatment for that disease died of  
liver complaint. After the pati  
ent's death every part of the body  
was subjected to a searching mi  
croscopic examination by bacteri  
ologists, but not the slightest  
trace of leprosy could be found.  
Dr. H. B. Wilkinson, the physi  
cian who treated the patient for  
leprosy, is a graduate of the Uni  
versity of Virginia, class of 1894.
