IT'S A WOMAN AGAIN

ANOTHER NEGRO IS SHOT

South Carolina Darkey Falls Down on Rival and Gets Out

George Brooks, a negro, was shot in the right leg at Sugar Springs, the negro settlement between Salisbury and Spencer, last night by a South Carolina negro whose name could not be learned. Brooks' injuries are not serious, says Dr. J. Steven Brown, who attended him. As is usually the case in affairs of this kind at this notorious settlement, a woman was at the bottom of the trouble.

The South Carolina negro escaped and the slight knowledge the Sugar Springs people had of the man aided him in making it difficult for the officers to get any trace.

LIFTING STANDING CROPS

Mr. Burgess H. Owens Has Trouble With Unknown Thieves.

Mr. Burgess H. Owens, one of the county's best farmers, talking with a Post reporter today said that he had within the past week experienced more trouble with unknown thieves than during his 25 years experience as an agriculturist. Quite a good deal of his corn had been left on the stalk and a considerable quantity of cotton remained in the field in sacks and bales. For several nights thieves have invaded his fields and taken both cotton and corn the aggregate value of which is no small amount. Mr. Owens has suspicions of but no positive clue to the night visitors.

LOOKING OVER GOLD BILL

Capt. Emile A. Vandeputte Mr. D. W. to the Miner.

Capt. Emile Vandeputte this morning accompanied Mr. Warren K. Dowe, business manager of Wall Street Daily News, New York, to Gold Hill and the two are today looking over the mining properties at and in the vicinity of Gold Hill.

MR. WALSER ENDORSED

Suggestion at His Candidacy Side Favor Here.

Editor of THE POST.—It will be a source of pleasure to the people of the Piedmont section to see the name of the Hon. Z. H. Vance Walser mentioned in connection with the collector's office. No man would give greater satisfaction to the business public. There is none more competent. He possesses every qualification to make an ideal officer, and one who would give his time and attention to the discharge of the duties of the office and place the office in the tax-paying portion of the district. The office has been mismanaged for eight years and need to benefit the mountain district long enough. It has been proven that it cannot elect any one up there and has had a large office force long enough. Now let the tax-paying and of the collection district enjoy the business for which it is intended and name Mr. Walser collector.

The Wachovia Bank's Statement.

In yesterday's supplement containing the state meals of the Salisbury banks that of the Wachovia Loan and Trust was made to read May 29. It was of course, Nov. 9.

Capt. Buford Takes Hunting Trip.

Capt. A. Buford has returned from his old Virginia haunts, where he has been on a hunting trip of a week. His specialty on this trip was wild turkeys and he is home.

Every ounce of food you eat that fails to digest does a pound of harm. It turns the entire meal into poison. This not only deprives the blood of the necessary tissue-building material, but it poisons it. Kodol Digestive Cure is a perfect digestant. It digests the food regardless of the condition of the stomach. It allows the organs to rest and rest again. Relieves Belching, Heart Burn, Sour Stomach, Indigestion, Palpitation of the Heart, etc. Sold by Jas. Plummer.

A BRILLIANT OPENING.

THEATRE CHRISTENED LAST NIGHT

A Mad Cap Princess Pleases an Audience of 1,000

Meroney's theatre, the beautifully designed and splendidly constructed structure which is no less a credit to the new Salisbury as it is now and will be ten years hence than to its patriotic builders, Dr. L. J. and Miss Lena Meroney, was formally opened last night. The interior of the house was a revelation to the thousands of people who saw the opera "A Madcap Princess." As a matter of fact theatre and opera divided honors for the eye did not tire at looking upon the beautiful creations of architect and artist.

"A Madcap Princess" was inspired by but not presented last night entirely according to "When Knighthood was in Flower." It was unfair to criticise such insignificant and irremediable inconveniences as occurred on this first night for they but emphasized the annihilation of seemingly almost insuperable obstacles in the way of perfect readiness for this performance. Irrepressible, shadow and sunshine—bewitching in a word—was the star, Miss Sophie Brandt. She won her audience from her first appearance and grew upon it at every return. The same cannot be said of her support in its entirety, but on the whole no fair word of criticism could be spoken of this splendid opera presented by artists.

VALUABLE PROPERTY DIVIDED

Hairs of William Canup Draw for Divided Property.

County Surveyor Burnhardt has been recently engaged surveying the William Canup plantation and cutting it up in lots. It is now divided among his children. Canup.

Mr. J. N. Maxwell has been appointed district deputy counselor of the State Council J. O. U. A. M. His jurisdiction extends over several counties in this section and includes twenty five councils.

But few people are entirely free from indigestion at this season of the year. Kodol Digestive Cure is not only the best remedy to use because it digests what you eat but because it also enables the digestive apparatus to assimilate and transform all foods into tissue-building blood. Kodol relieves sour stomach, heart burn, belching, and all forms of indigestion. Sold by Jas. Plummer.

LICK, THEN BLINDNESS

Last week he was hit in the right eye by a chip which he says was thrown at him and in a short while he was stone blind. So far he has not been able to see anything and his sister brought him to Salisbury to day for treatment.

It is feared that the unfortunate negro is incurably afflicted.

GIRL GOES TO PEN.

ETTA BRANDON GETS 12 MONTHS.

An Incurable Thief is Sentenced to the Penitentiary.

Several interesting cases have been disposed of by Rowan Superior court since the adjournment at noon yesterday. Among these is that of Etta Brandon, a negro girl of sixteen who seems to be a hopelessly confirmed thief. Since she was twelve years old this girl, small for her age, has been in the mayor's court on an average of four times a year, always on the charge of larceny. Finally Mayor Byrd sent her case to the higher court with the result that Judge Peoples sentenced her to the penitentiary for twelve months.

Another case of rather the ordinary nature, that of Andy Long who was convicted of larceny. Although his guilt was evident the defendant stoutly denied the charge and Judge Peoples gave him five years on the chain gang for "larceny and lying."

Other cases disposed of follow: Cleo King, larceny; guilty. Twelve months on the chain gang. John Mack, assault with deadly weapon; 3 months on the chain gang. Peters Carter, larceny; ten months on the chain gang.
