

Motorcycling at its very best, with an

Indian Motorcycle

Most important new features are those providing absolute riding comfort. No jolting, no vibration.

The Cradle Spring Frame

is the greatest of all improvements. Riding on the Indian is like riding on air, so smooth is its running. There's no strain on the nervous system and no unnecessary jarring of the machine and fittings. The "ride" of the motorcycle is greatly improved by the new spring system.

Equipment of footboards is addition to pedal on our 4 h.p. and 7 h.p. "regular" models is another new feature. You have the choice of two comfortable riding positions with the footboard handlebar control system. You may use the handlebar for starting the motor if you wish. Improved linkage system will compress itself to absorb and traveling over irregularities.

Any speed from 4 to 50 miles an hour. Free Engine Clutch gives the Indian a thousand speeds. Motor has reverse gear that takes you up any hill. Wooden fully mechanical motorcycle to maintain. No repairs in price.

FIGHTING CONTINUING IN THE NEAR EAST

Allies Refuse to Muzzle Their Guns. Declaring That Their First Experience Proved That Turkey Was Only Gaining Time—It is Possible That the Allies May March Into Constantinople.

London, March 29.—Although the great powers have commanded that the Balkan war cease, the fighting continues. The allies, taking heart by success, received the ultimatum politely and reply that they agree with these in principle, but cannot accept all the details. The spectacle of the six great powers working in harmony on the dreaded eastern question is matched by the equally strange spectacle of the Balkan states defying them. Meanwhile the concert of the powers remains as strong only as its weakest link, and since Russia cannot be expected to use her army or navy against her slav brethren to loosen their grip on Turk, the proceedings have been their grip on the Turk, the proceedings have been reduced to a diplomatic debate.

The allies have accepted the powers' peace term to their determination to exact an indemnity and refuse to muzzle their guns until the Turks accept their terms. Their experience of the last armistice, they declare, was that Turkey used it merely to gain time. The Bulgarian army, therefore, continues to batter at the Tebatolja lines, and according to the last reports, stands just where it did when the armistice was arranged on December 3rd last. It is entirely possible that the allies may march into Constantinople before peace is signed.

The Montenegrins are protesting through the diplomats and the press and by every means against the powers' decision to include Scutari in the new state of Albania. Their argument is: "Why should Europe deprive Montenegro of a city necessary for its prosperity to create a new and artificial state?"

The entire Bulgarian cabinet is proceeding to Adrianople with King Ferdinand and will celebrate a Teikum in the ancient Turkish capital while the gallant Shukri Pasha and his generals are prisoners of war in Sofia.

PROMINENT VISITORS TO ATTEND MEETING.

(Continued from Page One.)
be too bad to let our prominent visitors go away saying that we do not care enough about the success of our commercial club to attend the annual meeting and dollar dinner. Col. Spencer will not take the "job" for less than a hundred plates, and up to this time there has only been 80 sold. There should be 200 easy. The evening will be one of pleasure, and we will have the opportunity of entertaining the several prominent men. Are you going?
The Public Service company has announced that arrangements will be made to operate cars after the banquet for the accommodation of those who desire to ride to their homes, as the banquet will not be over until after the regular night schedule of the cars.

ATLANTA MOVIES CLOSED.

Atlanta, March 31.—The movies were closed yesterday, by agreement of the picture theatre managers. They had intended to charge an admission for the benefit of the flood sufferers, but the city attorney ruled that charging admission would be a violation of the law.

The managers are going to ask council for permission to take a popular vote, of all registered voters, on whether Sunday movies are wanted or not, promising to abide by the result.

WILSON'S SUMMER HOME WILL BE IN VERMONT

President Has Chosen the Home of Winston Churchill, According to Telegram From the Novelist.

Cornish, N. H., March 31.—President Woodrow Wilson has chosen the home of Winston Churchill, the novelist, to be his summer capital, according to a telegram received here today from Mr. Churchill, who is now in Santa Barbara, Cal. The message was directed to E. F. Roberts, manager of the Churchill estate, and contained instructions for getting the place in readiness for the President's occupancy.

Harlakenderson house, as the Churchill property is known, is a two-story brick structure situated on a hill three miles beyond Windsor, Vt. It commands a view of the Connecticut river valley and of the Green mountains.

Between 600 and 700 acres of rolling land and fragrant pine groves give the estate the seclusion the President desires. Nearby is an artist colony, where Maxfield Parrish, Kenyon Cox and others come during the summer, and where the late Augustus St. Gaudens, the sculptor, spent many vacations.

On the estate are two seven-room cottages, where the executive offices can be established and where the President's attendants may live. A tennis court adjoins the mansion house, and at the foot of the hill the Connecticut river offers opportunity for boating.

Manager Roberts saw two men looking at the place a week ago, but did not know whom they were acting for until he received the telegram today from Mr. Churchill.

IMPORTANT MEETING IN ATLANTA GEORGIA

Association of Southern Fire Insurance Companies Get Together in the Georgia Capitol.

Atlanta, Ga., March 31.—The Association of Southern Fire Insurance Companies held an important executive committee meeting in Atlanta to discuss questions of interest in the fire insurance field, and also the general outlook of the entire South for the spring and summer.

A subject given particular attention was the "keep money at home" movement, in which the association was a pioneer and which, in recent years, has resulted in increased prosperity for practically all responsible Southern institutions and big business organizations. They have preached home patronage both in season and out of season, not only for fire insurance companies, but for all Southern business.

Annual reports which were made under the Georgia law to the State insurance commissioner on the first of this month show big gains among the home fire insurance companies. Some companies, not properly organized under the laws were compelled to quit business, such laws having been urged and placed in the statute books at the instance of the strong Southern companies.

The officers of the Southern Association of Fire Companies are: H. R. Bush, Greensboro, N. C., president; John McKay, of Macon, Ga., vice-president; Charles A. Bickelstaff, of Atlanta, secretary and treasurer. Executive committee: H. R. Bush, John S. McKay, Charles A. Bickelstaff; Edwin G. Helbles, Columbia, S. C.; W. J. Harris, Atlanta; Chas. P. Hard, Greenville, S. C.; Dana Blackmer, Columbus, Ga.; J. F. Stockell, Birmingham, Ala.

PRESIDENT WILSON TO GET "PAID OFF" TODAY

He Will Receive \$5,625 Representing Amount Due Him as President from March 31.

Washington, March 31.—Woodrow Wilson will receive his first pay check as President of the United States today, when Secretary McAdoo will present him with a treasury warrant for \$5,625, representing his salary from March 4 to 31. On payday hereafter, however, the President will receive \$6,250 a full month's proportion of his \$75,000 annual stipend.

The treasury department contemplates establishing a precedent in the method of paying President Wilson. Since the days of Washington, the President has been paid by what is known as an "accountable warrant" which means money to be accounted for. A "settlement warrant" which closes an account has been given the President only on his last payday when his services are debited on the books against the credits which have been made to him during his term of office. Mr. Wilson, however, probably will be given a "settlement warrant" each month and his salary account with the government balanced monthly as his term transpires. No one today knows why the President always has been paid by an "accountable warrant" which is issued in other cases only in connection with advanced money.

The President is the only official whose salary is paid directly by the treasury department. Vice-President Marshall will receive from the secretary of the senate tomorrow the portion he has so far earned of his \$12,000 annual compensation.

NEGRO KILLED POLICEMAN.

Special Officer Shot and Killed Instantly While Going to Aid of a Fellow Officer at a Negro Show Place Where a Row Was in Progress.

Charlotte, March 29.—Special Officer J. Robert Eskridge was shot and killed by an unknown negro, who used a revolver which he had snatched from the hands of Officer Wilson when the latter attempted to quell a rough house at the negro moving picture and vaudeville theatre on Trade street about nine o'clock tonight. Two special officers were on duty at the theatre and Wilson was closest to the unknown, who seemed to be the worst bad negro present.

He was using his stick a bit when the negro snatched his gun from his hands, hammered him over the head with it and after beating off his first opponent met Eskridge, who had come to take a hand, with four shots, one of which pierced the detective's brain. Then crying, "I'll get another officer," he parted the audience, which made way for him before they could have realized that he had already done this. No one seems to know who the negro is, and the police have not been able to find out from the spectators exactly what led up to the row. Wilson was not hurt badly by the blows received. Eskridge was married and leaves a wife and a large family, the youngest of which is two months old. Only two years ago he killed a negro in quieting a disturbance on an excursion train, being severely wounded himself. In this previous mixup Wilson was also present and carried off a bullet in his body.
