Hints to Advertisers

By HOLLAND.

THE man who prepares copy for a printer, whether it is a reading notice or an advertisement, should remember a few essentials. Typewriter copy is better than that made with a pen or pencil. But if you must use a pencil write as plainly as possible. Do not crowd your words together. Leave pleuty of space at the top and bottom of the page and between lines. Paper is cheaper than a man's time deciphering illegible writing. WRITE ONLY ON ONE SIDE OF THE PAPER, and if you use more than one sheet number the pages. Remember that some man must read what you are writing and that he does not know what you mean to say and must be guided by what you do say. Write your copy as plainly as you would like to have the other man write it if you had to put it in type. esignate the lines that you want displayed and do not expect extra large type in a

The editor of this paper knows something about advertising and a good deal about the typographical art. He will be glad to have you consult him about preparing your copy. The advice he offers will be free and honest. And you don't need to follow it unless it seems ound to you.

The charge planted in 541 holes at Hon. Whitehead Kluttz of this city an average depth of 30 feet, tore a made an address and in the afterbig gap in the barrier, but not to a noon, A. L. Star, Esquire, of Mooreswas at low tide.

Equally interesting as the explotion was the actual breaking of the parrier this afternoon, the tide creeping steadily up until at 1:35 o'clock it was level with the top of the gap. A workman seized a shovel and made a small trench through which a rill of water trickled. Gradually it widened, until an hour later a raging torrent, with a 35-foot fall, poured through an opening 400 feet wide into that part of the canal between Gambon dike and the Miraflores locks which previously had been excavated by steam shovels.

This cuit, 5,000 feet long, 500 feet wide and 41 feet deep below mean sea level, was filled entirely by 3 o'clock, when the waters of the Pacific laved for the first time the solid masenry of the Miraflores locks.

Dredges passed through the oper ing ,and in a few days the last vesvestige of the barrier will be removed. The dredges will begin September 2 to remove the last barrier of the Atlantic channel. When this work is accomplished ships may navigate to

A SPLENDID SUCCESS

Junior Order of Mt. Ulla Hold Another Annual Pienic and Entertain Their Visitors in Handsome Style-Whitehead Kluttz and A. L. Star Make Speeches to the Juniors on Saturday the 30th .- A great Day Among a Good People. The Juniors of, Mt. Ulla council

held their annual picnic Saturday at the school ground at Mt. Ulia. It was the second pienic of this charevery standpoint. These picnics will be fixture for the future, and as the day for an outrood event, and the delightful grove surrounding the school house was in splendid form for the making was held. In the forenoon ville spoke. Each speech was a well to the time and the place. Mr. Kluttz ever a happy and forceful speaker was in unusual form on thi sday and spoke with much humor and earnestness, pleasing his large audience greatly. He spoke of the Junior order and for what it stands for, especially stressing the educational policy of the order, which has for one of its leading principles the education of the American child and the patriotic training of the youth of the land, Also the principal which leads us to demand a test for immigrants, such as will be a credit and help, rather than a danger and menace to our civilization and out favored institutions. His advocacy of the Bible in the public school was earnest and vigorous.

Following Mr. Kluttz's speech there was a dinner served on the ground. There was a large table out under the trees and there every one enjoyed a dinner, such as the good people of this favored section know how to make ready. Plenty there was and nothing could have been better. Music was furnished by a string band, and this was of an excellent order and added much to the pleasure of
