GREAT SOLDIER. Of several things that entitle Earl kitchener to a place in world history, the most notable is that he organized the largest volunteer army the world has ever seen, in the greatest war of all times.

EARL KITCHENER

Within a year from the sud den outbreak of the European war in August 1914 the ranks of British fighting men were quadrupled by an increase from less than one million to nearly 4,000,000.

All other Great Powers that entered the war had huge standing armies and compulsory military service. Great Britain alone faced the issue with confidence that its people would readily respond to the call of King and Country without compulsion, and the precipitous developments that led to the war found both the people and the government unanimous in the verdict that Kitchener of Khartum was the man to lead in the recruiting and organization of the necessary army.

He grimly told the British people they had a bigger war on their hands than they realized, and one that might last longer than they expected but it was to be faced with entire confidence, and he, unsmiling, almost like a dehumanized machine, set about to make things hum. He had scarcely moved into Whitehall Street when he made numerous changes in the personnel of the War Office, which was said to be honeycombed with social and political favorftism.

Without his crowning achievements as the great organizer of the British campaign in the European war. Kitchener had already won wide and lasting fame by his many campaigns in Egypt, South Africa and in India.

Hughes or any other man and assailed the Hughes supporters for attempting to make capital out of his "preparedness speech" in Washington last night.

Political Leaders Puzzled.

Chicago, June 6 .- Political leaders are today trying to determine whether Justice Hughes has been strengthened or weakened by the temporary concentration of all forces on him with the avowed purpose of elminatpossibility.

The effect of the Hughes drive has been to place the whole field against him.

The conference between Republican and Progressive leaders yesterday lasted far into the night and was resumed early today but it is not believed it has yet proceeded far enough to clarify the situation.

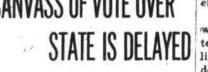

Lodge May Compromise.

Chicago, June 6 .- The two latest elements brought into consideration today was discussion of Senator Lodge, of Massachusetts, as a compromise candidate likely to command the support of Colonel Roosevelt. This phase of the situation almost vershadows the maneuvering among Republicans today regarding the question of what the Progressives will do when their convention assembles tomorrow. The Progressives on every hand ex-

pect a tremendous demonstration for Colonel Roosevelt despite | efforts in some quarters to hold back a nomination until the Republicans dictate their purpose and there has been opportunity for further conferences. The movement for delay has been met by decision of leaders to have

Washington, June 4 .--- Walter Murphy will be a candidate for Speaker of the House in the next North Caroto Washington immediately after learning the results of Saturday's primary, in which he was nominated for the Legislature from Rowan county by a large majority. He is happy over the large vote he received.

Mr. Murphy expects to be in St. I duis for the Democratic convention. He looks for quick work there; expecting the Democrats to finish their business without trouble of any sort. 'He believes President Wilson will have little trouble in being elected in November.
