Another Decrease is Shown. (By Associated Press.)

New York, Sept. 20.—Eighteen new cases of infantile paralysis, a decrease of 17 since yesterday, is shown today in the official report covering the 24 hours ending at 10 o'clock this morning. There were ten deaths, the same number as yesterday.

**IF BACKACHY OR KIDNEYS BOTHER**

Eat Less Meat Also Take Glass of Salts Before Eating Breakfast.

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll feel a dull misery in the kidney region you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming trouble while it is only trouble.

**SCHOOLS GETTING READY FOR WORK**

City Schools Open on Monday and Pupils and Parents Should Read Some of This Story.

**BOOK FEES MAY BE PAID FRIDAY AND SATURDAY**

The Grades the Teachers and the Fees, Together With Many Other Facts.

All children who have not attended school before are requested to report to the principal of the school which they may desire to attend on Friday morning at 9 o'clock.

All the city schools—both white and colored—will open on Monday, Sept. 25. On Friday Sept. 22, the teachers will meet the pupils at 9 o'clock at the respective schools to which they have been assigned for the purpose of giving out the book fee notices. One child may get the notices for all the children of a family that are to attend any given school. Children are requested to report at the school which they expect to attend.

Mr. T. W. Summersett, the city treasurer, will be at his office at 128 North Main street all day Friday and Saturday before the opening of schools for the purpose of collecting the book fees. We are very anxious that actual work may begin on the very first day of school. Parents are urged to pay the book fee before Monday, so the child may get his books the first thing Monday morning and be ready to go right to work. If the fee is not paid till Monday, the teacher will possibly not be able to furnish the books till Tuesday and the child will stand under a handicap. If the parent knows certainly the grade to which his child belongs Mr. Summersett will take the fee any time this week. The fees for the first half term, beginning Sept. 25, and closing the following January, will be as follows:

1st grade.....	\$0.75
2nd grade.....	.90
3rd grade.....	1.00
4th grade.....	1.00
5th grade.....	1.00
6th grade.....	1.25
7th grade.....	1.25
8th grade.....	1.25
9th grade.....	1.75
10th grade.....	2.00
11th grade.....	2.00

**Where to Go to School.**

The following rules were adopted by the city school board:

To maintain the following schools:

1. At the Vance Mill: A school for the first four grades.
2. At the Kestler Mill: A school for the first two grades.
3. At Chestnut Hill: A school for the first five grades.
4. At Innes Street: A school for the first five grades.
5. At Ellis Street: A school for all the grades and for the High

**OLD STYLES CHARMINGLY MODERNIZED CHARACTERIZE THE New Autumn Dresses**

Designers have drawn upon French historical periods and the costumes of European and Asiatic peasantry for this Fall's fashions. In street dresses tailored lines are conspicuous. There are redingotes, straight-line, tunic and pleated models without end. Fitted styles, slightly outlining the figure are also here. Skirts flare, measuring from four to six yards. There are many, equally fashionable, only three or four yards in width. Braids, beads, furs, embroidery and laces are the trimmings most favored. Satin charmeuse, taffeta, broadcloth, sheer silk crepe, silk-etamine, serge, etc., are just a few of the many materials. This is but a chapter relating to what may be seen here now.

**EMBROIDERY, BEADING AND BRAIDING ARE CONSPICUOUS ON The Waists for Fall**

These trimmings effectively "touch off" models that in themselves are dainty beyond your dreams. Many on Russian blouse lines are designed to be worn outside the skirt. Some in basque styles have a silk girdle. Sleeves are generally long, but some just cover the elbow and others are in three-quarter lengths. Collars are high, convertible or low, the high effects being most popular. Not a few models are semi-fitted; that is there is a suggestion of semi-fitting in the draping. Smartest models are of sheer silk crepe, chiffon, lace in combination with crepe, silk jersey net and chiffon. Of course there are plenty of waists of cotton voile, batiste, linens and other recognized materials.

**Modes Emerging From the Book of Fashion Will be Exhibited in a Brilliant Fall Opening**

Which We Warmly Invite You To Attend.

This Exhibition Will Be Held On **Thursday Evening, September 21st.** From 7:30 Till 10 O'clock.

No Goods Will Be Sold On This Occasion.

Souvenirs Will Be Given to the Ladies.

From a chaos of uncertainty the fashions for Fall step forth tomorrow, showing no trace of the oricals that accompanied their creation. They seem like a new and fragrant breath of Parisian daintiness, quite at variance with the semi-severe creations heretofore introduced at this period of the year.

They sparkle with individuality and originality of rare delight, and peculiarly well suited to the dress ideals of American women. The Second Empire, the Louis XV period and that half-barbaric era known as the Middle Ages supplied the inspiration for these styles. We submit them with every confidence that they will have your instant approval.

A simple examination of the various groups comprising this highly interesting exhibit will amply inform you regarding what must be worn this Fall for proper dressing.

WE THEREFORE CORDIALLY INVITE YOU TO BE PRESENT!!!

**EVERYTHING ABOUT THE Suits For Fall IS NEW AND EXCEPTIONALLY ATTRACTIVE**

Probably the most notable feature is the length of suit coats. Some are just to the knee, some 40 and 42 inches, while some are only 26 or 28 inches long. Many are rippled below the waistline at the sides, though some that will be liked are in straight-line effects. In collars there are straight high collars of fur, velvet or cloth buttoning under the chin; high collars attached to a cape or sailor collar, draped collars, and flat collars. Sleeves are usually full. Skirts are a trifle longer and of about the same fullness as in the past. They are mostly in straight lines, some being semi-circular. Not a few are pleated throughout. Navy blue, Cambria, mulberry, tete de negre, taupe and dark green are the favorite colors. For simple tailored suits serges, poplins, and gabardines are favored, with velvet, velvet and broadcloth for the dressier types.

**NOVELTIES ARE PLENTIFUL AMONG The Separate Skirts**

In this group of skirts for Fall are long tunic models, pannier and, the most popular of all, the straight-line effects. Pleats and gores are everywhere in evidence. Average widths are between 2 1/2 and 3 1/2 yards. Lengths generally are from 2 to 3 inches more than last season, although there are plenty of the shorter models heretofore in vogue for those who prefer them. The dressier skirts are of satin, charmeuse and plaid, stripe, check and novelty taffetas with a sprinkling of velvets. For everyday neat stripes, small checks, and plain-colored serges, gabardines and poplins will be preferred. Belts, pockets and buttons of course. See this collection. Complete in size.

**VARIETY THE NOTE IN Coats for Fall...**

Women and young women certainly have little to fear in the matter of choice as there are charming styles aplenty. Coats flaring from shoulder to hem, and coats fitted above and rippled below the waist are the most wanted. Collars are in regulation sailor or oblong sailor effects; cape, draped and high standing collars are also shown. There are simple coat sleeves, kimono sleeves and sleeves with a fullness below the elbow. Many wide turn-back cuffs are shown. Materials are English and Scotch mixtures, checks, plaids, wool velours, wool plushes, broadcloths as well as the pile fabrics. Trimmings are of various sorts, including practically every fur.

**School.**

It is Agreed:

1. That Main street shall be the dividing line between the Innes street school.
2. That all children in the old Chestnut Hill district, in the sixth grade and over, attend the Ellis street school.
3. That all the children in the old Kestler Mill district, in the third grade, or fourth grade, or fifth grade, attend the Innes street school; and all children in this district in the sixth or over attend the Ellis street school.
4. That all children in the fourth grade or over, who reside in the old Vance Mill district attend the Ellis street school if they reside on the west side of Main street, or attend the Innes street school if they reside on the east side of Main street, according to the grade distribution mentioned above.
5. That parents residing in the new territory, who prefer that their children should walk into Ellis street or Innes street school, may send them into these schools, paying due regard to Main street as the dividing line between the two schools and to the grade distribution mentioned above.
6. That no child shall be permitted to change his school after once entering a given school, without special permission of the board of education, unless he should change his residence into another district.
7. That the board reserves the right to restrict the city in a different way, if this plan should result in the over crowding of one school to the disadvantage of all.
8. Adopted by City School Board, dermen, Sept. 2, 1915.
9. Approved by the City Board of Al-

**TRAVELING MEN GUILTY OF ASSAULT.**

Raleigh, Sept. 20.—A. K. Morris and T. L. Wood, traveling men who attempted to force their attentions upon Mrs. L. F. Koonce and Miss Mamie Denton Sunday afternoon near the Bland hotel, yesterday were fined \$50 and costs each upon conviction of an assault after their attorneys announced that they would not resist a verdict. Judgment was rendered by Judge W. C. Harris, of this city, following a trial that lasted three hours and which was closed without argument. The judgment was acceptable to attorneys for Dr. Koonce, who was private prosecutors, and it is understood that Wood and Morris agreed to pay Dr. Koonce's attorney cost.

In passing judgment upon the defendants Judge Harris gave some timely remarks regarding the seriousness of the offense and stated that as long as he is judge he will not hesitate a minute in vnding anyone guilty of an assault when the evidence showed he touched the arm of a woman in Raleigh under circumstances similar to those of the case on trial. He warned all men that they should be very careful in addressing remarks to women and they should be very sure of no mistake. He stated that Raleigh was concerned and he wanted to protect the women of this city.

**YOUNG ASHEVILLE MAN HONORED.**

Mr. J. P. Sawyer, Jr., Appointed Assistant in Chemical Department at University of North Carolina.

The Asheville Times has the following regarding an appointment given a young man of that city, who is well known in Salisbury, being a nephew of Mrs. W. F. Snider and Mrs. B. G. Pearson, of this city, and who has other relatives here:

J. P. Sawyer, Jr., son of Mr. and Mrs. Clarence Sawyer, has been appointed an assistant in the chemical department at the University of North Carolina at Chapel Hill.

Mr. Sawyer, who has been taking a course in chemical engineering at the university for the past two years, is now a member of the junior class

at this institution and the fact of his having been chosen as one of the assistant instructors, which position came to him unsolicited, speaks very highly for his attainments and talents along this line of his chosen profession.

Asheville, as the home of Mr. Sawyer, feels always a great deal of pride in the attainments of her sons in the accomplishments of the world's problems and no doubt a great many of his friends and acquaintances in this city and elsewhere will be glad to know of the success held out to him so early in his career.

**STOLE COW—12 MONTHS.**

Negro Walks Off With Another's Cow and Gets a Long Term on the County Roads.

James Allison, colored, plead guilty in the county court this morning to the larceny of a cow, valued at \$20, from Anderson Allison in Providence township, and was sentenced to serve twelve months on the roads. The negro had purchased clothing with the money but had not taken the same from the store and everything was arranged so that no one lost any money.

Another negro was acquitted on a charge of stealing a hat.
