

YOUNG BOY KILLED AT MARS HILL BY A COW

Fletcher Webster Meets Tragic Death When Cow He Was Riding Stamped With Others—Had Rope Tied to Cow's Horns and Then About His Waist.

Asheville, Aug. 28.—Information has been received in the city of the tragic death last Friday near Mars Hill of a young son of Fletcher Webster. It appears that the boy, with two companions, had gone to a field near their home, to drive several cows up for the night. As was their custom, they jumped on the cows and rode them towards the house. While riding the cows became frightened and stamped and Webster's companions jumped off, but the Webster boy had a rope around the animal's horns he was riding and the rope was looped around his wrist or arm, so that when the cow started running he was thrown off. The cow reared and something wild for nearly a mile, dragging the boy by the rope. The boy screamed for help and some neighbors finally stopped the cow, after she had gone through fields, a wood and down the road, dragging the boy, until his skull was crushed and beaten into a pulp, his neck broken and his body badly torn.

JACKSON COLLEGE ITEMS.

Jackson College, Aug. 29.—The protracted meeting at St. Matthews E. Church, which was successfully held by the pastor, assisted by Rev. J. Bame, closed last night. Rev. Bame is a young minister who went out from St. Matthews congregation, and has a charge at Lexington at present date. The people were glad indeed to have him with them and hear him deliver some of his forcible sermons.

The people of St. Matthews are now putting a new roof on the church. Mr. and Mrs. Chas. Ketchie, and family of Evanston, Wyoming, are visiting relatives in North Carolina at present time.

Misses Minnie and Ida Kechie, of Spencer are visiting relatives and friends in the Jackson College vicinity at present time.

Miss Annit Ribelin is visiting her sister, Mrs. Chas. Caudle this week.

Misses Eula and Ena Earning, of Dunn's Mountain, are visiting their cousins, Misses Dorothy and Mathey Stoner.

Miss Bertha Trexler, of Richfield, is spending a few days with her father, Mr. Levi Trexler.

Quite a number of our young ladies and young men are preparing to enter school at an early date. Some have already gone.

Mr. and Mrs. W. C. Lisk and son, Burlie, visited at Mr. A. T. Klutz's Sunday afternoon.

PARTY FROM WALDESE.

Business Men from the Waldensian Colony Spent Last Night in the City.

A party of gentlemen from Waldese spent last night in the city and were in the hands of personal friends. The representatives of this prosperous Waldensian settlement were Messrs. J. L. F. and Albert Garrow, and J. A. Cline. These gentlemen are cotton manufacturers and buy and consume a good deal of staple in their hosiery mills. The Garrows are successful manufacturers and have charge of a chain of these mills. Waldese is a very thrifty little community made so by the industry of these good people who colonized there some years ago.

A LARGE CLAIM ALLOWED AGAINST THE ALUMINUM COMPANY

Referee Kimball at Greensboro Files Report Granting H. H. Greene, Jr., Claim of \$87,000 and Interest—Case He Been Pending Several Years.

Winston-Salem, Aug. 29.—Referee A. B. Kimball, of Greensboro, has filed his report in the case of H. H. Greene, Jr., vs. the Southern Aluminum Company. This is an action started about two years ago against the French corporation which originally entered upon the big aluminum development at Whitney and Budin. The suit is to recover a balance due on a contract with the original corporation for the construction of a railway to the development. When the action started the cash funds of the bank here and the property of the corporation were both attached, subject to the final decree of the courts as to judgment. The property has since changed hands, but subject to action of the courts in the suit pending.

The referee's reports finds that the defendant is indebted to the plaintiff in the sum of approximately \$87,000 with interest, which will swell the final judgment to more than \$100,000; if the referee's report is sustained.

The case appears on the motion docket for the next term of Forsyth superior court, and at that time the court will be asked to confirm the report of the findings of the referee.

This is the largest judgment ever recorded in Forsyth county. The case has been conducted by Manly, Henderson & Womble, of this city, representing the contractors. The defendants were represented by the late Colonel Henderson and L. A. Swicegood, of Salisbury, and the lamented Hon. J. C. Buxton, of this city. The first and last mentioned gentlemen appear since the action started about two years ago.

LEMONS BRING OUT THE HIDDEN BEAUTY

Make this lotion for very little cost and just see for yourself.

What girl or woman hasn't heard of lemon juice to remove complexion and to bring out the roses, the freshness and the hidden beauty? But lemon juice alone is acid, therefore irritating, and should be mixed with orchard white this way. Strain through a fine cloth the juice of two fresh lemons into a bottle containing about three ounces of orchard white, then shake well and you have a whole quarter pint of skin and complexion lotion at about the cost one usually pays for a small jar of ordinary cold cream. Be sure to strain the lemon juice so no pulp gets into the bottle, then this lotion will remain pure and fresh for months. When applied daily to the face, neck, arms and hands it should help to bleach, clear, smoothen and beautify the skin.

Any druggist will supply three ounces of orchard white at very little cost and the grocer has the lemons.

NATIONAL MORATORIUM IS PROPOSED BY WEAVER

Tenth District Congressman Prepares Bill in Interest of Soldiers.

Washington, Aug. 28.—Representative Weaver is preparing a bill for a nation-wide moratorium in the interest of the officers and soldiers. He declared today that unless this is done it will work unnecessary hardships and be a failure on the part of the government to take every precaution in preserving the soundness of business and industry. "There are many men of the age now required for officers who are hampered because of the danger that as soon as they are gone their business interests will collapse," Mr. Weaver said, "I do not believe the constitution would stand in the way of a moratorium for war times."

COOLEEMEE ITEMS.

Cooleemee, Aug. 29th.
Mr. I. P. Graham, who for the past year has been connected with the Erwin Cotton Mills Co., in the general office at Cooleemee, has resigned, to begin training in the officers' training camp at Fort Oglethorpe, Ga. Mr. Graham has made friends by the score since he came to Cooleemee, and they regret very much to see him leave our midst. His splendid service will long be remembered by the company and his kindness shall never be forgotten by his many friends in Cooleemee. The good wishes of the community go with him and long to see him return to his post.

Mr. J. P. Curlee, superintendent of the Erwin Cotton Mills Co., has resigned to accept a position as superintendent of Brown's mill at Concord, Mr. Curlee was also superintendent of the Methodist Sunday school. Therefore the Sunday school, the mill and the community in general were sorry to hear of his leaving.

The little daughter of Mr. and Mrs. J. W. Hughes, who has been sick for the past ten days is improving rapidly.

Dr. W. P. Speas, of Hickory, was a visitor in Cooleemee Saturday.

Mr. E. C. Click has accepted a position as salesman for the Auto Supply Co., of Danville, Va.

The Baraca's of the Methodist and Baptist churches are making preparations to present every man who is called into the service of his country, testament, also to those who have already gone.

There will be a union service at Riverside Park Sunday night for the boys who are called to the colors. Each minister of the gospel will deliver an address to the boys.

Cooleemee has the honor of furnishing the U. S. with about 14 volunteers and 10 others who were called under the draft law.

Mr. H. A. McDaniel has returned home from Arizona, where he has been in the hospital since last November.

Revival Closes.

The meeting that has been conducted for some days at the South Main Street Methodist church came to a close last night. On next Sunday morning those not yet taken into the church will be received—at the 11 o'clock hour, and in the evening Dr. J. C. Rowe will preach and administer the Lord's Supper.

N. Y. TROOPS LEAVING.

Thirty Thousand National Guardsmen From the Empire State Scheduled to Depart for Spartanburg Camp Today.

According to press dispatches the people of New York gave the 30,000 national guardsmen of the Empire State a rousing farewell reception in New York City last night. The troops were scheduled to leave today for the training camp at Spartanburg, S. C. It is estimated that it will take 50 or 60 trains to transport these troops and, while nothing is known publicly as to the route they will take, it is certain the greater part of the troops, if not all of them, will pass through Salisbury. If so these trains will be passing here late tonight and practically all day tomorrow.

UNIQUE RANCH 55 MILES LONG

Railway to Be "Junked" and Turned Into a Rancho, 200 Feet Wide and Fifty-Five Miles Long.

Denver, Colo., Aug. 28.—The most unique farm in the United States will be sown in wheat or alfalfa this fall. It will be fifty-five miles long and 200 feet wide, and will occupy the land which represents the present right of way of the Denver & Laramie railway, which will be "junked" September 1, by its owner, M. S. Radetsky. The "farm" will extend from Greeley, Colo., to Denver and will pass through the business sections of several small towns between the two.

The railroad which has never paid, was recently purchased at public auction by Radetsky, a dealer in defunct railroad properties. The rolling stock and track will be sold for junk, and the right of way user as a wheat or alfalfa field, unless the owner is restrained from "junking" the line by the state public utilities commission.

PHYSICIANS UNDER THIRTY-TWO DRAFTED

New Law Gets Every Physician Physically Fit Under Thirty-Two Years. Physicians under thirty-two years of age are amenable to the draft for soldiers, according to information received from the War Department at Washington. As the law now stands every physician who is physically fit and under thirty-two years of age is a drafted man whether his name has been called or not.

The need of young physicians in the army is imperative. Major Joseph C. Bloodgood, chairman of the Southern Committee on National Defense, says: "Every physically fit doctor thirty-two years old owes it to his country to be in the medical reserve corps. As a matter of fact, he is a drafted man whether his number has been called or not." The army calls for young physicians for two reasons: they can stand the strain of army life better than older men, and, as a rule, they are not held by so many family and financial obligations.

Dr. J. W. Long, of Greensboro, chairman of the state committee on national defense, medical section, will upon request furnish suitable blanks for making application in the medical officers' reserve corps. North Carolina has not yet given her quota but she ranks ahead of the average state in the number of medical men she has furnished the army.

TAKE THIS FOR CHILLS, FEVERS AND MALARIA.

For a malarial condition with chills, fevers and sweats, take Foley's King of Malaria Chill Tonic. It combines the virtues of quinine, without its unpleasant taste, with the strong purifying and tonic properties of iron. It gives appetite, strength and vital energy. Miss Rhoda Foster, Clarksville, Tenn., writes: "I suffered with chills every day, and whatever I took did me no good. A friend recommended Foley's King of Malaria Chill Tonic and the first bottle I took stopped the chills, and I felt well again." Sold Everywhere.

Sells fat work oxen to butcher
Mr. L. E. Standford, Wadley, Ga., has been feeding work oxen Buckeye Hulls for over a year. He states that four of them got so fat he sold them to the butcher.

BUCKEYE HULLS
LINTLESS

are not only concentrated roughage free from lint and trash but they are helpful also in that they carry the meal, corn or oats to best advantage and permit these fattening foods to be properly assimilated. Use Buckeye Hulls as we suggest and you will find it easier to provide a perfectly balanced uniformly mixed ration than with any other roughage. And the feed will cost you very much less.

To secure the best results and to develop the ensilage odor, wet the hulls thoroughly twelve hours before feeding. It is easy to do this by wetting them down night and morning for the next feeding. If at any time this cannot be done, wet down at least thirty minutes. If you prefer to feed the hulls dry, use only half as much by bulk as of old style hulls.

Book of Mixed Feeds Free
Gives the right formula for every combination of feeds used in the South. Tells how much to feed for maintenance, for milk, for fattening, for work. Describes Buckeye Hulls and gives directions for using them properly. Send for your copy to nearest mill.
