STAY-AT-HOME STARS.

(By Amelia Josephine Burr.)
 Our Service Flag has just one star. But mother said, "Of course you know That you and I, like father, are in service—but the stars that show Are for the ones that have to go. Father will know that ours keep bright Even if other folks don't see." The sky is full of stars tonight—Is it God's Service Flag, maybe—And one for her, and one for me? —The Outlook.

Miss Young Goes to France.

Many Salisbury friends will be interested to know that Miss Willie Young, daughter of Mr. and Mrs. A. M. Young, of Charlotte, leaves the middle of this month for France, in the interest of Y. W. C. A. work. Miss Young is well known in Salisbury, her father being a native of this city, a brother of Mrs. C. R. Barker, Mrs. L. McAllister and Messrs. Frank and John Young. Miss Young has been doing splendid work for several years as a Y. W. C. A. field secretary and being chosen for special work in France is high tribute to her talents and ability.

Today from 10 to 5 the garment and surgical dressings rooms are open for work. Leaders for the day in garment room, Mrs. W. B. Strachan and Miss Sadie Jenkins. Leader in surgical dressings room, Mrs. D. A. Atwell.

Great Latitude in Spring Clothes.

Never before, it seems, has there been such latitude for choice in clothes as this spring. Perhaps it is due to economy occasioned by the war, but, whatever the cause, one has a wide range of choice, and whether stout or thin, tall or short, blonde or brunette, one can dress to one's type and yet be in the style. For the slender woman, the bustle effects, reminiscent of the days of our grandmothers, are quaint and attractive, however, if, in spite of "Hooverizing," and strenuous war work, militarily happens to be stout, the long tunics or plain skirts, adorned only with tucks, are just as good.

In millinery also, one has the same wide field for choice, for both in regard to color and shape an infinite variety is offered. After many seasons of black and somber hues, there seems to be a reaction in favor of bright colors, and nature is rivalled in the gorgeous coloring of the new spring hats.

Reached France in All Safety.

A cablegram has just been received from Miss Elizabeth Lowe, by her mother, Mrs. J. C. Lowe, of this city, reporting a safe arrival somewhere in France. Miss Lowe is one of the Brenizer units which sailed from this country a few weeks ago for duty in France, and which is reported as reaching the port in safety. The many friends of this young Salisbury woman will be glad to know of her safe voyage and her arrival in France.

Personals.

Mrs. P. H. Thompson and daughter, Miss Luna Thompson, have gone to Baltimore, to spend the spring season.

Mr. and Mrs. Ramsay and children returned to Salisbury last night, while Miss Neave remained in Winston-Salem, to spend a week or more with Mrs. Craige.

WEST WARD SCHOOL NOW COMPLETE

Mayor Woodson and Building Committee of the Board of Aldermen inspect the building.

The West ward school building is practically completed, only one or two minor touches yet remaining to be put on. Mayor Woodson and the building committee of the board of Aldermen this week made a thorough inspection of the building and were much pleased with it. The work of grading about the grounds is now going on and the equipment is on hand and is being installed. It is hoped to have the building ready for occupancy within a very short time and it is now proposed to open school in the new and modern school house just as soon as possible.

This will be a great help in taking care of the school children in the western and southern sections of the city and will do away with the old wooden and cramped building used for many years.

BRIEF ITEMS OF LOCAL INTEREST TO SALISBURY

The board of city aldermen will meet in regular monthly session at the city hall tonight at 7:30 o'clock.

T. J. Jerome, Esq., of Greensboro, was in the city a short time this morning.

Mr. J. J. Conroy and little son, Joseph, spent Sunday in Belmont visiting his son, John, who is in college at that place.

Capt. Fallon, the wounded British army officer who made an address in Salisbury several weeks ago, was here a short while this morning between trains on his way south, continuing his lecture tour.

A freight car loaded with furniture was derailed and badly wrecked just west of the Jackson crossing yesterday afternoon. Much of the furniture was badly broken up and this was piled up beside the track and burned.

All interested parties are asked to remember the meeting of the home guard at the Community building Friday night at 8 o'clock. Capt. Frank Brown is anxious to have a full at-

tendance of the enlisted men as well as others interested.

There was only one case in the county court this morning, a female defendant being charged with larceny. A verdict of not guilty was rendered.

Mr. Chas Marmora is preparing to build a cottage on East Fisher street, just across the railroad bridge.

A case of shoes burst open was found beside the railroad track at a crossing just north of Spenced early this morning by some workmen on their way to the shops. Just how they came to be there is a mystery yet unsolved, but the impression is that the box was thrown from a freight car by would-be robbers.

ALMOST A YOUNG MAN AGAIN
 "When a man awakes in the morning with back so stiff he can hardly stoop over, with shooting twinges in sides and groins, dark and puffed pouches under eyes—when his movements seem slowed up and he lacks vim and energy—instead of saying, "I'm getting old," he should be on guard against kidney trouble. E. R. Whitehurst, R. F. D. No. 1, Norfolk, Va., writes: "I had been suffering for more than a year, but since taking Foley Kidney Pills I feel almost a young man again." Sold everywhere.

WILL ORGANIZE WAR SAVINGS SATURDAY AT CHINA GROVE

Meeting Planned at Which Organization Will be Made to Push the Sales of War Certificates and Thrift Stamps in Rowan Town—Mr. Cannon to Speak.

At China Grove on Saturday afternoon a meeting is to be held for the purpose of forming a war savings club to push the sales of war certificates and thrift stamps at China Grove.

Mr. I. W. Cannon, of Concord, one of the biggest mill men of the south, who is interested in China Grove and who is also deeply interested in the sale of these government certificates has agreed to be present and make a talk on the government plan of saving. Mr. Cannon will make a plain practical talk on the business end of the matter and explain the details of the plan.

It is desired that there be a large attendance at this meeting and that the war stamps be given a boost and that a good strong organization be made. Chairman Strachan is planning to have a delegation go from Salisbury to aid in making the organization.

W S S WISCONSIN HOUSE PASSES LAFOLLETTE RESOLUTION

Deadline in House Broken After All-Night Session—Final Vote 53 to 32.

Madison, Wis., March 6.—The deadline of the lower house of the Wisconsin legislature, which had been in progress a week, was broken today after an all-night session and the loyalty resolution, containing an amendment censuring Senator LaFollette for his attitude in the war, adopted, 53 to 32. The resolution was passed by the state senate ten days ago.

Tonight observers regarded the action as clearing the situation for immediate activity in the senatorial primary campaign to fill the vacancy caused by the death of Senator Hustling.

Congressman Irvine Lenroot, choice of the recent Republican caucus, and James Thompson, the LaFollette candidate, both were in Madison today conferring over speaking and publicity programs.

The state assembly reached its maximum attendance of 86 out of 100 members last night. Being under call of the house, members were not permitted to leave the chamber.

Repeated roll calls failed to develop controlling strength on either side up to 11 o'clock this morning. The members, weary from loss of sleep, appointed a conference committee of six, a Republican, a Democrat and a socialist on each side, to find a way to end a situation which was fast becoming intolerable. The LaFollette wing obtained by the compromise permission to add two amendments and 45 minutes for each side for debate.

W S S JURY WANTS SOLDIER \$75,000 FOR R. R. INJURY.

New York, March 7.—A verdict for \$75,000 damages in favor of Private Harry Bauman for the loss of both legs in a railroad accident in the yards of the Norfolk and Western railroad, at Lynchburg, Va., was rendered in the supreme court yesterday. Justice Tugro, finding the amount excessive, reduced judgment to \$50,000.

Bauman will appeal for the full \$75,000. He sued the railroad for \$15,000. Bauman is a Russian. At the outbreak of the war he enlisted in the Forty-seventh regiment, New York. He was on guard duty when injured.

SEEK MONEY PAID FOR OLD STORES OF COTTON

Washington, March 6.—The money derived from cotton taken and sold by United States treasury agents after the close of the Civil war is the subject of a suit of Robt. H. Thompson, administrator of John Thompson, in which a brief on behalf of the government was filed in the Supreme Court of the United States today by the department of justice.

The suit arose in Mississippi, and is one of a class of interesting cases which grew out of the war between the states.
