SUSPECT ARRESTED IN DOUBLE FORSYTHE COUNTY MURDER

Napoleon Spencer, a Young Negro Man, Being Rushed to the State Prison—Strong Circumstantial Evidence Against Prisoner.

(By Associated Press.)

Winston-Salem, March 7.—Napoleon Spencer, colored, 18 years old, was arrested at midnight last night at the home of his father, Henry Spencer, in the eastern part of the city on a charge of murdering Mr. and Mrs. Harvey Hester, the white couple shot and killed Tuesday afternoon at their home two miles east of this city.

The capture of Spencer was made by Deputy Sheriff Flynn and Chief of Police Thomas, who did not bring the prisoner to this city but hurried him through the country in an automobile where he is being taken to the state penitentiary at Raleigh. This action was deemed advisable owing to the sentiment prevailing in this community.

Spencer, who had a bad reputation, was found in bed by the officers with a .38-calibre pistol under his pillow. While the evidence against him so far is circumstantial it is regarded as strongly incriminating. Spencer is alleged to have been seen by various people in the vicinity of the Hester home Tuesday afternoon and is charged with having fired a pistol several times. He also answers the description by two white men on the Beverly farm of the man seen leaving the Hester home after the shooting.

Baby Was Calling Dead Mother.

Winston-Salem, Mar. 6.—Complicating the double murder, perpetrated by an unknown man near this city yesterday afternoon, Harvey Hester, aged 24, died early this morning as the result of a pistol shot through the head when he looked into his window where his young wife was dead as the result of three pistol shots through her body. Officers are holding two men, a negro and a white, on suspicion.

When two men working nearby arrived at the home a few minutes after the shooting, one little daughter, aged about 18 months, was on her mother's breast calling her, while another, three years old, was calling her father.

Feeling is running high, as the man and woman killed were highly respected and no motive can be found.

The funeral of Mr. and Mrs. Hester will be conducted from Oak Grove Moravian church, five miles east of the city, tomorrow afternoon. They are survived by two daughters, aged three and two years.

Mrs. Hester was found dead across a bed, three bullets having been fired into her body, one penetrating her heart. No motive for the crime can be assigned.

WANTED—AT ONCE ONE EXPERIENCED SALISBURY. Saba Bros. Dept. Store. 7-2t

AMERICAN GAS MASK WORN BY SOLDIERS OF PERSHING

This is the type of gas mask worn by General Pershing's men in France, the kind one contingent of his troops had when they were assailed by bursting German gas shells. Many of the men under attack were unable to adjust the masks in time to save themselves. As a result five died and many more were severely injured.

PETERSON HAS NOT BEEN ARRESTED

(Continued from page 1)

the court room when the case was called. The attorneys for Major Peterson did their utmost to make the court see that the defendant was absent in good faith and because of his onerous and numerous duties in the army service. It would be no reflection on them to say their presentation was not impressive. The defendant is in the courts because interviewed by the governor and the attorney general before any warrant was sworn out, his explanations were hopeless.

Sharp Break in Cotton.

New York, March 7.—A very sharp break in the cotton market at Liverpool was attributed by private cables to a 2 per cent reduction in British war risk insurance rates which was calculated as equivalent to a decline of about \$4.80 per bale in the cost of landing cotton abroad. The local market open at a decline of 4 to 12 points under realizing and local selling which had been in progress at the close yesterday, but soon turned steady influenced by lower cables being offset by the hope that reduced war risks would encourage receipts. May rallied from 31.76 to 32.09 and October from 30.99 to 30.41 before the end of the first hour, or about 20 points higher as compared to last night's closing figures.

"IT SURE DOES THE WORK"

Changeable weather and wet feet make March a dangerous month for coughs, cold, croup and whooping cough. Be prepared to get prompt relief. Don't let colds run into serious sickness. Mrs. W. H. Thornton, 3523 W. 10th street, Little Rock, Ark. writes: "My little boy had a severe attack of croup and I honestly believe he would have died if it had not been for Foley's Honey and Tar. Two doses relieved him. I would not be without it at any price." Sold everywhere.
