FRIDAY, MARCH 15, 1918.

This paper has enlisted with the government in the cause of America for the period of the war.

Planting time, the most important of the year, approaches.

Let the song of the plow be the national air for a while.

Clean-up week is coming. Clean-up is in order that the dirty fly may not be so prosperous as heretofore.

Watch for Saturday's Post. Get one and read it at your leisure, then save some of the most helpful articles to be found in this issue.

An Edenton merchant has been blacklisted by the food commission. This means, as we understand it, that the wholesalers are forbidden to furnish him with supplies, which, of course, puts him out of business.

The man who refuses to save his country from distress by his selfish actions deserves to be put out of business. It ought not to be necessary to "blacklist" many of them. It will not be.

President Wilson is calling on the boys to enroll in a boy's working reserve. The President has called on about all of us, all outside the cemetery, to do some service and in singling out the young boys of the nation he is calling out a force that can render splendid aid. If all the teen energy in this nation were turned to account what a wonderful result would be the outcome.

"Germans to get some of their own medicine," is the way a headline reads. Goodness knows, it is time the dirty Huns were getting some of their own medicine. The allies have been treating them like human beings for four years and in return get the treatment which a beast would inflict. It is certainly time to fight the brutes as becomes brutes. Away with this pussy-footing that has been the rule with the allies—treating these Huns like human beings. The sooner the allies fight these German brutes as brutes the better for the world. This applies to those in America as well as those in Europe.

Two thousand American women physicians have registered for medical service during the war.

She was married to Mr. J. E. Holler in 1872. This union was blessed with eight children, five daughters and three sons. Her husband and one daughter and two sons preceded her to the heavenly home. Four daughters and one son are left to mourn their loss; also three brothers and three sisters. She loved her church and was always in attendance when possible. Truly the memory of the just is blessed.

W. S. S.—Rowan County Teachers Association to Hold a Meeting in Community Building—Mrs. Johnston to Be Present.

There is to be a meeting of the Rowan County Teachers Association in the Community building here tomorrow, beginning at 11 o'clock. Superintendent R. G. Kizer has made every effort to get out a full attendance of the white public school teachers of the county and is looking for a good meeting.

Mrs. T. E. Johnston, a member of the State examining board, will be present and conduct a recitation and this will be one of the real interesting and helpful features of the meeting.

One important matter to be given attention is the coming county commencement to be held next month. Several features of past commencement will be dropped but other features will be added and when all plans are completed it is believed one of the best programs yet offered at the annual county commencement will be carried out.

A SOLDIER'S LETTER.

23rd Co. 156 Depot Brigade, Camp Jackson, S. C. Mar 10, 1918. Mrs. Wm. S. Benton, 215 W. Horah St., Salisbury, N. C., Dear Madam:

This is to thank you for the nice khaki sweater vest which you were so patriotic and kind to knit. We were proud of our sweaters from the very minute we were presented with them and after we came to camp we saw lots of other boys coming in from different parts of our good old North State; but we were the only boys wearing sweaters. We appreciate them from the fact that they were made by God-fearing mothers and daughters of Rowan county, North Carolina, who love peace and liberty always. Yes, I almost forgot, our sweaters are comfortable when it is cold and rainy weather. When we came down here, Feb. 27, we were about the only boys in the depot brigade from North Carolina, but they have been coming in almost every day and we have lots of North Carolina boys here now. We have one or two delicate boys in our number from Rowan and possibly they will be given discharges. Of course, I don't know but I am inclined to think that there will be one or two discharges out of our number. I am proud to say that North Carolina is equal to any state in turning out good, strong boys. We have not been assigned to companies yet, but expect to be within the next week or two.

We are all anxious to see a copy of the Post. Won't some body be kind enough to mail us just one copy. We will certainly appreciate it but we can't men to beg. Some of the boys will subscribe for the Post when we are assigned to our companies.

We have had our second typhoid inoculation and vaccination too. Some of the boys have sore arms and some are sick from the inoculation.

You may hand this to the Post if you like, but it will take some figuring, as the boys say, to make this out.

This South Carolina sand is blowing high today and the boys are elbowing for lots of them are writing a long letter to mother.

W. S. S.—I WOULDN'T TAKE \$1,000 FOR THE GOOD IT IS DOING

Prominent Masonic Officer Tells How New Herbal Medicine Astonished Him—Gives Signed Statement.

"I wouldn't take a thousand dollars for the good it is doing me. Really it astonished me." These are the words of W. D. BRANSON, who resides on R. F. D. No. 3, Kernersville, Guilford County, N. C. Mr. Branson is prominent in fraternal circles, holding the important office of Junior Deacon in his Masonic Lodge. He has suffered for some time from stomachic, kidney and liver trouble, headaches and constipation. He took one bottle of Drecto, the new herbal medicine and the good results he obtained may be gathered from the above signed statement.

Mr. Branson is only one in hundreds of men and women who suffered who tried almost everything without relief and who, just as they were about to give up hope were persuaded to try Drecto. It is these men and women who are always glad to make public their experience so that other people in the same unfortunate condition may read and be benefited.

Drecto is purely an herbal medicine. It is pleasant to take, harmless and contains no injurious mineral salts. Its action is quick and pleasant in most cases.

Drecto is recommended and sold in Salisbury by Smith Drug Co., and in Spencer by Rowan Drug Co.

RHEUMATISM

Physician Believes a Genuine Remedy for the Liscas Has Been Found.

Rheuma, the wonderful rheumatism remedy sold by People's Drug Store and all druggists gives quicker and more lasting relief than other remedies costing many times as much.

Rheuma passes the deadly poisonous secretions into the bowels and kidneys from which they are quickly thrown off in a natural way.

Read what a reputable physician says about Rheuma: "I have made a most careful investigation of the formula employed in the manufacture of Rheuma, and I heartily recommend it as a remedy for all forms of rheumatism. I find Rheuma far in advance of the methods generally employed in the treatment of rheumatism, and altogether different in composition from the remedies usually prescribed."—Dr. M. C. Lyons.

This should give any sufferer from rheumatism confidence to try Rheuma.

LADIES! LOOK YOUNG, DARKEN GRAY HAIR

Use the Old-time Sage Tea and Sulphur and Nobody Will Know.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Weyth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

Weyth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.
