DEATH OF MR. ABNER WALTER

One of the Oldest and Best Citizens of This Section Passes Into Rest. (Concord Tribune.)
Death yesterday claimed another Confederate veteran and one of the oldest citizens of Cabarrus county, when Mr. Abner Walter died in Mooresville, where he had been for several months past. He would have passed his 93rd birthday in about one more month. Up until recently he had been making his home with Mr. Geo. C. Goodman, in No. 4 township.
Mr. Walter is survived by two sons: Mr. Charles Walter, of this county, and Mr. Wesley Walter, of Salisbury. He was a half-brother of Mr. C. F. Walter, of this city.
Mr. Walter was in every respect a good citizen. He was true in all the walks of life and his fine qualities won for him lasting friends. We hope to have a fuller sketch of this good man's life from the pen of some one who knew him intimately.
The body was brought today to Center Grove church, in No. 4 township, where the funeral was held this afternoon at 3 o'clock, and the interment made in the Center Grove cemetery.

PUBLIC SPEAKING THIS EVENING

French Officer is to Make an Address at the Community Building and the Public is Invited and Expected to be Present—Major Dupont This Evening.

Major Edouard DuPont, of the French military commission at Camp Greene, is to be in Salisbury this evening and will make an address at the Community building at 7:30.
The public is most cordially invited to hear this distinguished officer of the French army, who is in this country teaching our men in camp modern warfare when they must face in France.
He has spoken at Concord, Statesville and other nearby towns and those who heard him are enthusiastic over him and his address. With a wide experience on the battle front, with a personal knowledge, he is able to speak from experience and knowledge.
His address in Salisbury this evening should be heard by all of our people. The auditorium should be packed. There is no charge, and the public is not only invited but expected. The hour is 7:30 and the place the Community building.

This distinguished visitor ought to be given a most enthusiastic greeting. It ought to be the greeting which a loyal and enthusiastic American community gives to a French hero who comes to talk to us about matters that directly concern the very life of every one of us.
It would be too bad if this distinguished visitor should face empty benches, as so many others recently have done.

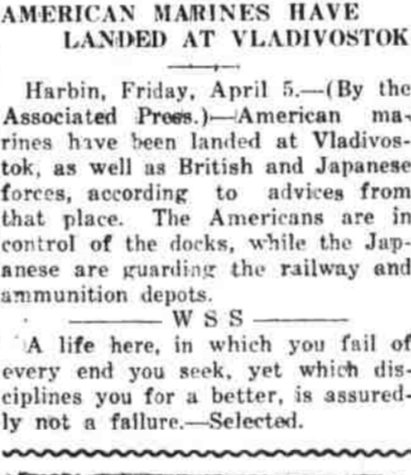

BIRMINGHAM ATTORNEY HELD ON GRAVE CHARGE

Wm. A. Denson Alleged to Have Said, "Wilson Should Be Hung and I Would Like to See Him Hang." Birmingham, Ala., April 11.—Wm. A. Denson, a prominent Birmingham attorney, was arrested this afternoon by federal authorities on charges of violating the espionage act. Mr. Denson is charged with saying "Wilson is the cause and the whole cause of the United States being mixed up in the European war. Wilson should be hung and I would like to see him hang."
Mr. Denson acted as counsel for Arnold Jacob Uhl, recently convicted on a charge of defacing his questionnaire. During his trial, Uhl testified that it was on the advice of Denson that he refused to fill out the questionnaire and made an indorsement across its face, claiming exemption from foreign military duty.
When arrested and shown the warrant for his arrest containing the statement he is charged with making, Mr. Denson asserted that the charge was untrue.
Denson's arrest has caused a sensation here as he is reputed to be one of the most prominent attorneys in Birmingham.

AMERICAN MARINES HAVE LANDED AT VLADIVOSTOK

Harbin, Friday, April 5.—(By the Associated Press.)—American marines have been landed at Vladivostok, as well as British and Japanese forces, according to advices from that place. The Americans are in control of the docks, while the Japanese are guarding the railway and ammunition depots.

A life here, in which you fail of every end you seek, yet which disciplines you for a better, is assuredly not a failure.—Selected.

To drive a tank, handle the guns, and sweep over the enemy trenches, takes strong nerves, good rich blood, a good stomach, liver and kidneys. When the time comes, the man with red blood in his veins "is up and at it." He has iron nerves for hardships—an interest in his work grips him. That's the way you feel when you have taken a blood and nerve tonic, made up of Blood root, Golden Seal root, Stone root, Cherry bark, and rolled into a sugar-coated tablet and sold in sixty cent vials by almost all druggists for past fifty years as Dr. Pierce's Golden Medical Discovery. This tonic, in liquid or tablet form, is just what you need this spring to give you vim, vigor and vitality. At the lag end of a hard winter, no wonder you feel "run-down," blue, out of sorts. Try this "Medical Discovery" of Dr. Pierce's. Don't wait! To-day is the day to begin! A little "pep," and you laugh and live.

The best means to oil the machinery of the body, put tone into the liver, kidneys and circulatory system, is to first practice a good house-cleaning. I know of nothing better as a laxative than a vegetable pill made up of May-apple, leaves of aloe and jalap. This is commonly sold by all druggists as Dr. Pierce's Pleasant Pellets, and should be taken at least once a week to clear the twenty-five feet of intestines. You will thus clean the system—expel the poisons and keep well. Now is the time to clean house. Give yourself a spring house cleaning.

ANTI-TYPHOID WORK PAYS.

According to figures just compiled by the state board of health, it appears that those counties that have had special anti-typhoid campaigns during 1915 and 1916 have reduced their typhoid death rate nearly twice as much as those counties that had no such campaign.

Another interesting fact noted is that in at least one instance in Sampson county where good consistent health work has been carried on for a number of years the typhoid death rate for the last four years is only 29.9 per hundred thousand population, while the rate in every county that borders on Sampson is higher, the average for Sampson's seven neighboring counties being 33.2 or about 59 per cent higher. It is pointed out by the board that this great difference can scarcely be attributed to anything but health work for the reason that the soil, climate and practically all other conditions are substantially the same in the entire group of counties and the essential difference being in the fact that Sampson has been doing consistent work for several years while the others have not.

Ladies! Salute Him!

Discovers drug that loosens sore, touchy corns so they lift out

A noted chemist discovered a new ether compound and called it freezeone and little quarter ounce bottles can now be obtained from any drug store for a few cents.

You simply apply several drops of freezeone upon a tender corn or painful callus and instantly the soreness disappears, then shortly you will find the corn or callus so loose that you can just lift it off with the fingers. No pain, not a bit of soreness, either when applying freezeone or afterwards and it doesn't even irritate the skin.

Hard corns, soft corns or corns between the toes, also toughened calluses just shrivel up and lift off so easy. It is wonderful! seems magical. It works like a charm. Millions of women will hereafter keep a little bottle of the wonderful freezeone handy and never let a corn ache twice.

Good Advice for Piano Purchasers

Make up your mind you are going to buy a GOOD piano even if the cost is a little more, for a "cheap" piano is anything but an economy.

Go to a dealer of good standing, because his business has been built up by honesty and integrity.

If you will subscribe to these cardinal principles we believe you are assured of satisfaction. If you believe that (and, who give this good advice, are worthy of your confidence, as we hope we are, we shall be glad to show you the

Stultz & Baur Pianos

and recommend them to you as entirely splendid instruments in which we know you will find most complete satisfaction. We also have other pianos which we should like you to see, and we simply mention the Stultz & Baur as one of the finest piano values it has ever been our good fortune to know.

WHICH Bondage - Liberty - Death

? ? ?

Do your own little inconveniences loom so large that you have forgotten our boys in the trenches in France—our boys who are facing so cheerily the danger and desolation of No Man's Land? They are living in mud-trampled trenches, sleeping in mouldy straw. They are cold and wet. In spite of the best supply system, they must sometimes go hungry. Day in and day out they move and eat and sleep and wake to the living hell of an artillery bombardment that never ceases. And always they face undauntedly a million chances of death.

How do your sacrifices compare with theirs? Are they not too small, too petty, by comparison to merit such consideration? We at home are at war, too. We must all make sacrifices, meet daily inconveniences, that America may win and win quickly.

We know that our soldiers in France will never fail to answer the call to service. Are we any less ready? The call has sounded.

Your share in the Third Liberty Loan must be ALL the bonds you can buy. Upon the united support of the whole American people hangs the question of Victory.
