Dates Are May 11th to 18th Just One Week Off—Buy Your Tickets Now.

The guarantors of the Redpath Chautauqua held a meeting Thursday afternoon and planned to sell the tickets—the usual advance sale—and to attend to the many details resting on the local organization.

The advance sale of tickets at the price mentioned here is good up until the time that the Chautauqua comes to the city, after that the price advances and the local guarantors get nothing from the proceeds.

There is to be another meeting of the guarantors on Monday afternoon, and all of those who signed the agreement are desired. The following are the guarantors of the Chautauqua:

HOME ADDRESSES TO GO WITH CASUALTY LISTS

Orders Issued to That Effect Become Effective With List Issued Today. Washington, May 2.—The war department will resume tomorrow publication of the home addresses of men reported on the casualty lists from France.

This action means that it has been determined that any military information the enemy might gain from the lists would not be of sufficient value to justify the added anxiety among the relatives of soldiers occasioned by suppression of this aid to positive identification.

When the department began issuing casualty lists without addresses the committee on public information refused to handle them on the ground that they were of no news value in that form.

W S S MR. CLEMENT DOES NOT WISH TO TALK

Solicitor in Washington But Says He is Not Talking of the Latest Turn in the King-Means Case.

Writing the Charlotte Observer of this date, Mr. Bryant says:

"Solicitor Hayden Clement left here today for Salisbury. He and Mrs. Clement came here to do shopping and sight-seeing.

"When his attention was called to the statement from Concord that Otto Schumann, an enemy alien, was to be prosecuted for the killing of Mrs. Maude A. King, Mr. Clement refused to state his attitude.

"It would not be proper for me to comment on this case," said he. "I may be called upon to officiate in it."

"Mr. Clement was keenly interested in the new turn things have taken at Concord. He will begin an official inquiry when he returns home.

"It is believed by North Carolina people here that the Gaston B. Means case will be used in an effort to defeat Mr. Clement for re-election.

"Solicitor Clement declared while here that he did not know anything about the C. B. Ambrose case except what he had seen in the papers and that he would not discuss it."

WHY SUFFER SO?

Why suffer from a bad back, from sharp, shooting twinges, headaches, dizziness and distressing bladder ills?

Salisbury people recommend Doan's Kidney Pills. Could you ask for stronger proof of merit?

Mrs. J. E. Ingram, 327 E. Kerr St., Salisbury, says: "For five years I was under the doctor's care for inflammation of the bladder and disordered kidneys. My back was weak and I could hardly get about. I had a burning sensation across my loins, and my kidneys were inactive and caused me a lot of annoyance. My head ached and I was often so dizzy that I almost fell. Spots floated before my eyes. The doctors couldn't give me no relief and I began taking Doan's Kidney Pills. Every box I took did me more good, than the one before and it wasn't long before I was cured of kidney trouble."

Glass of Hot Water Before Breakfast a Splendid Habit

Open sluices of the system each morning and wash away the poisonous, stagnant matter.

Those of us who are accustomed to feel dull and heavy when we arise; splitting headache, stuffy from a cold foul tongue, nasty breath, acid stomach, lame back, can, instead, both look and feel as fresh as a daisy always by washing the poisons and toxins from the body with phosphated hot water each morning.

We should drink, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to flush from the stomach, liver, kidneys and ten years or frowls, sour bile and poisonous toxins, thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

The action of limestone phosphate and hot water on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast and it is said to be but a little while until the roses begin to appear in the cheeks. A quarter pound of limestone phosphate will cost very little at the drug store, but is sufficient to make anyone who is bothered with biliousness, constipation, stomach trouble or rheumatism a real enthusiast on the subject of internal sanitation. Try it and you are assured that you will look better and feel better in every way shortly.

TWO KILLED, 18 INJURED IN BALLOON EXPLOSION

In Fire Which Followed Explosion One of the Balloon Sheds Near Omaha Was Badly Damaged.

Omaha, Neb., May 2.—Two soldiers met death and 18 men were burned severely when a captive observation balloon of the C-quot type exploded tonight at Florence field, the army balloon school at Fort Omaha, near here, according to a statement by Col. H. B. Hersey, post commandant. In the fire which followed the explosion one of the balloon sheds was badly damaged.

Colonel Hersey's statement follows:

"A serious explosion occurred at Florence field tonight when one of the observation balloons exploded as it was being stored away for the night. Static electricity, generated by friction of the balloon fabrics, is believed to have caused the explosion.

"Two men were killed; burned so as to be unrecognizable, and a roll call in the morning will be necessary before it is possible to establish their identity beyond question. Eighteen men were more or less injured in the blast and a few quite seriously, but not fatally. The men burned received immediate medical attention by surgeons at the fort hospital."

TWO BOTTLES OF DRECO DID MORE FOR ME THAN \$500 WORTH OF OTHER MEDICINES

SAYS PROMINENT PROXIMITY MACHINIST, SEVERE CASE OF KIDNEY TROUBLE REPORTED REACHED BY NEW HERBAL MEDICINE—NOTED FRATERNAL MEMBER TELLS WONDERFUL STORY.

Almost everybody in this section knows C. L. Teal, the prominent fraternal worker and machinist of the Proximity Mills, and whose home address is Box 92, Proximity.

Mr. Teal is an active member of the Red Men and was the distinction of having gone through all the chairs of the Woodmen of the World. His popularity is due in no small measure to his active interest in the affairs of his community and his advice on social and political matters is much sought.

Mr. Teal has been afflicted for a long time with a particularly malignant form of stomach trouble which seemed to defy all treatment until a friend of his, Mr. Basinger, told him of Dreco, the new herbal medicine which he said helped him wonderfully.

Here is Mr. Teal's story of his exciting experience. It will prove interesting reading for the hundreds of men and women in this section who think their cases are beyond relief. Read every word:

"I have been suffering for years and the doctors said I would not live six months longer if I wasn't operated

on. They made an X-Ray picture and said I had "kidney stone."

"I have spent between \$50 and \$600 trying to get cured and two bottles of Dreco have done me more good than everything else put together. I suffered such pains in my back that I could not stoop or bend over. When I had taken three-quarters of the first bottle of Dreco every pain had left me.

"The reason I ever bought the first bottle was because it had helped my friend, Mr. Basinger, so much. I expect to take a half dozen bottles before I stop and feel that I will be permanently cured."

Dreco is the purely herbal medicine that is causing such a furore throughout this section. Hundreds of men and women are etaking it regularly and reporting remarkable results in cases of stomach and kidney disorders, liver complaints, constipation, rheumatism, catarrh and similar troubles.

Dreco is dispensed by most good drug shops and is particularly recommended in Salisbury by Smith Drug Co., and in Spencer by Rowan Drug Co.

IN THE LAND O' COMMON SENSE

Says it is suicide to cut corns, and tells how they lift right out

You simply say to the drug store man, "Give me a quarter of an ounce of freezeone." This will cost very little but is sufficient to remove every hard or soft corn from one's feet.

A few drops applied directly upon a tender, aching corn should relieve the soreness instantly, and soon the entire corn, root and all, can be lifted out with the fingers without pain.

This new way to rid one's feet of corns was introduced by a Cincinnati man, who says that while freezeone is sticky it dries in a moment, and seems to simply shrivel up the corn without inflaming or even irritating the surrounding tissue or skin.

Don't let father die from infection or lockjaw from whittling at his corns, but cut this out and make him try it.
