

Don't Let Catarrh Drag You into Consumption

Avoid Its Dangerous Stage.
 There is a more serious stage of Catarrh than the annoyance caused by the shaggy-up air passages, and the hacking and spitting and other distasteful features.
 The real danger comes from the tendency of the disease to continue its course downward until the lungs become affected, and then dreaded consumption is on your path. Your own experience has taught you that the disease cannot be cured by

sprays, inhalers, atomizers, jellies and other local applications.
 S. S. S. has proven a most satisfactory remedy for Catarrh because it goes direct to its source, and removes the germs of the disease from the blood. Get a bottle from your druggist today, and begin the only logical treatment that gives real results. You can obtain special medical advice without charge by writing to Medical Director, 27 Swift Laboratory, Atlanta, Ga.

Great Suds For Washing Clothes

Great, bubbling, glorious suds. Millions of them—every one helping to clean. Immerse the clothes in tub or washing machine. Add the necessary amount of GRANDMA'S Powdered Soap and it will do the rest.

There is no cutting and chipping away of bar soap. No waste on all sides of the bars as it lies in the water.

GRANDMA is the compromise soap that saves time—saves work and saves soap. Now is the time to save soap. HOOVERIZE.

GRANDMA'S Powdered Soap
 Your Grocer Has It!

The cemented patch is but a very unreliable makeshift—have the puncture repaired RIGHT here by STEAM VULCANIZING. STEAM VULCANIZING cures the rubber right—it DOESN'T sap the life out of the rubber like the dry heat of electric or gasolene vulcanizing. The puncture repaired HERE is a you again. The cost is nominal and service prompt.

MAIL TRUCKS PASS THROUGH THIS CITY

Several Large Trucks Which Are Intended for Delivery of the Mails in the States of Georgia and South Carolina Are Taken Through Salisbury.

Several large motor trucks passed through Salisbury this morning on their way from Washington to Columbia, S. C. These trucks are to be used on parcel post motor truck service between Orangeburg and Columbia, Orangeburg and Charleston, Orangeburg and Augusta, and Orangeburg and Statesboro.

The government is endeavoring to get the producer and the consumer nearer together and a number of these routes are being established. Another feature is to expedite parcel post and to lighten the traffic on the railroads which are already burdened on account of the war.

These trucks beyond to the post-office department and on the routes to which they are going they will be operated by government employees. The position of motor vehicle carrier pays approximately \$100 per month. A number of these routes are already being operated.

In a few weeks there will also be established routes from Statesboro, Ga., to Savannah; Dublin to Statesboro, and Atlanta to Dahlonega.

Inspector T. B. Dawson told the Post that he found some very good roads through this state, but that he found very poor highways in Virginia. The government is working to the establishment of a long chain of such truck delivery links. It is desired that the line from New Orleans extend to Chicago and to New York, then from the latter place to Portland, Maine, the link between New York and Chicago being linked up as well. The truck is a large one and has proven satisfactory and gives evidence of being able to stand hard, heavy work.

UNION CHURCH NEWS.

Mr. John Lewis Kepley and Miss Addie Alma Rotty, of Providence township, were quietly married Saturday evening at 9 o'clock at the Union parsonage by Rev. C. R. Pless. After the ceremony the couple motored to the groom's father's where they will make their home.

A notable event took place at the home of Mr. Frank Agner's on Thursday, July 4th, when a large number of friends and relatives gave Mr. and Mrs. Agner a surprise birthday dinner. Mr. Agner is fifty and his wife forty-seven years young. In honor of the event Mr. Agner had sacrificed a mus ton which brought many smiles from his guests. There were in all about 75 visitors coming from Salisbury, China Grove and the Union section of the county, all with a word of good cheer and many presents.

Reva C. P. Fisher, N. D. Bodie, C. R. Pless and Theological Student Mr. Fesperman, nephew of Mr. Agner were present and made appropriate addresses.

On last Sunday morning the ladies and children of Union celebrated their annual Missionary day. The occasion was honored with an overflowing church, seats were filled, windows windows were filled and still many had to turn back and content themselves on the outside. The children rendered very fine exercises in the morning, said by many to be the best they had ever witnessed. In the afternoon we listened to a most excellent sermon by Rev. F. B. Lingle of Spencer. The collection amount to about \$30.

The Fair Association will meet next Saturday evening at 4 o'clock. Everybody has an invitation and the hand of welcome is extended. Come and hear a list for which premiums can be secured at the Union Community Fair this fall.

SALISBURY BOYS ON THE WAY

Number of Men Leave Fort Caswell for the North and Are Headed France-ward.

Mr. and Mrs. James Lyons have just returned from Fort Caswell where they went to see their son, Sergeant James Lyons, who left Monday for a northern point, making another lay in the journey to France. (At the same time Walker (Boas) Rankin, Nick Farris and others also left, fifteen former members of the 4th Co., in all being said to be in the number. These boys has been at the fort ever since they left Salisbury nearly a year ago, but now these who have left are certain they are on their way to France.

A number of other Salisburyans who left Salisbury with the 4th Co. landed in France some weeks ago.

ACCEPTS POSITION AS TEACHER AT OXFORD

Biss Hattie Moore was in the city Monday afternoon on her way home to Albemarle from Oxford Orphanage where she had been looking over the field with a view to accepting work as a teacher.

She was very much impressed with the work and liked the town very much, and has decided to accept the position. She goes there about the last of August to begin her work as teacher the first of September.

She was educated in the schools of Stanly and later attended Mont Amocna Seminary at Mount Pleasant, N. C. She has taught school for several years in the county.

RED BUCK SENDS INFORMATION

Washington that Mr. Thomas H. Vanderford has been promoted to "the highest field position within the gift of the Internal Revenue Bureau." The information will create no surprise in North Carolina where the accomplishments of that official are so well known and appreciated. When Mr. Vanderford was given the position of revenue agent in charge of the North and South Carolina division, it was predicted that his scope of influence would find extension in the course of time and that this has come so soon is matter for gratification. Mr. Vanderford was one of Commissioner Osborn's right-hand men and one of the agencies through which Colonel Osborn was enabled to establish a record that drew praise from President Wilson and that placed the Internal Revenue Bureau in the highest state of efficiency yet achieved.

MADE STRONG AND WELL BY VINOL—Why It is Best for Children.

Williamson, W. Va.—"My little boy was weak, puny and tired all the time, did not want to do anything. Vinol was recommended and it has built up his strength and made him healthy."—Harley Clay, Williamson, W. Va.

The reason Vinol was so successful in this case, is because it contains beef and cod liver peptones, iron and manganese peptones and glycerophosphates, the very elements needed to build up a weakened, run-down system, make rich, red blood and create strength.
