VOL. 15. NO. 134.

SALISBURY, N. C., WEDNESDAY, JAN. 5, 1921

Number of Street Paving Petitions Approved on First Reading-Board Sits Down on Carnivals.

The board of aldermen at its meeting last night at which May-of. W. B. Strachan presided with all members being present, took the first steps looking to considerable new street work in various parts of the city and put the taboo on a carnival proposition, and also took up some police matters.

The first proposition coming be-fore the board was that of pass-ing a resolution approving a suffi-ciency of signatures to create ad-ditional paving districts in various sections of the city, as required unsections of the city, as required under the state paving act. This
went on its first reading and will
come up at the next regular session to go on the second reading.
While this action does not bind the
city officials to put down these
streets it does put these districts
officially on the road to final action
at a later date. The individual districts ambrace the following tricts embrace the following streets, each one forming a separate district:

Caldwell street, from Inness to Council, a distance of one block, then out West Council to Craigo, a distance of two blocks; West Thomas street, from Main to Ful-ton, a distance of three blocks; East Bank from Main to Shaver, four blocks; South Church, Inness to Thomas, six blocks; West Lib-erry, Ellis to Craig, two blocks; West Harrison, Main to Fulton, three blocks, this being the route of the car line from Main to Ful-ton; West Horah, from Main to ton; West Horah from Main to Fulton, three blocks; ; West Horah, Caldwell to Institute street, about three blocks; West Council, Main to Church, thence Church from Council to Inness, a total of two blocks. On a number of these streets it will be necessary to lay sewer lines and water and gas pipes before any permanent im-provement can be done.

December 24th, of Capt. B. W. Hall of the police force and moved that suitable resolutions be drawn up and presented to the family of the dead officer and also spread upon the minutes and published in the newspaper, and this was pass-ed. On suggestion of Alderman Heilig the board stood with bowed heads for a moment out of respect to the memory of the late captain of police. Alderman Crowder offered a motion which passed unanimously to the effect that the city present to the widow of Capt. Hall the sum of \$100 toward defraying his burial expenses.

On recommendation of the police committee the board voted to abolish the office of captain of police and instead elect a regular patrol-man. Clerk Rainey stated that he had three applications for patrol-man, these being S. A. Powell and W. M. Julian, the latter having been on the force a number of been on the force a number of years and who resigned several months ago but who has been subbing since the death of Capt. Hall, and also William Cuthbertson, of Woodleaf, a former soldier of the world way. The police committee, thru the chairman, Alderman Holshouser, recommended that Mr. Julian, being an old officer and thoroughly familiar with the duties of a patrolman, be chose to fill

The firemen, thru Alderman Crowder, chairman of the fire Crowder, chairman of the fire committee, made request of the board for permission to stage a carnival here the first week in April for the benefit of the volunteer fire department. Chief Brown of the department, stated that they had a guarantee of \$1,000 and that the firman proposed to use had a guarantee of \$1,000 and that the firemen proposed to use this money with which to fit up more convient and commodious quarters in the city hall. There was some discussion, Mayor Strachan coming out strongly in opposition to permitting a carnival to show here, especially at this time. Alderman Mahalay also voiced opposition to carnivals and finally in order to get the matical before the board in the proper shape Alderman Julian made a motion to the effect that the firemen be permitted to bring the carnival here. This was seconded by Alderman Ride-

Adequate appropriations for state's educational institutions, expansion of the present State Highway Commission for the construction of a state wide system of hard surfaced highways, approximately 5,500 miles in length, and changes in or the complete repeal of the primary law are the biggest tasks the 1921 season will have to deal with. Although the North Carolina Methodist conference recently adopted recalutions urging certain blue laws, including the stopping of the operation of trains and publishing of newspapers on Sunday, leaders do not believe any great pressure will be brought to pass such laws at this session. Soldier bonus legislation is not expected to be considered at this term.
