EVOLUTION DEBATE AT STATE COLLEGE THIS AFTERNOON

Dr. Bailey and Professor Metcalf to Discuss Query Before a Large Crowd.

(By Associated Press.)

Raleigh, May 17.—The debate between Dr. W. B. Bailey, pastor of the First Baptist church of Minneapolis, and Prof. Z. P. Metcalf, representing the faculty of the State College, on the query, "Resolved, That evolution is a demonstrated fact," will be held in the assembly hall of the college here at 4 p. m. today. The hall will seat 1,500 people and inquiries for reservations indicate that it will be filled to overflowing.

The controversy between the preacher, who is conducting services at a local Baptist church, and members of the science faculty of the State College started when the preacher stated in a public address that there was no foundation in fact for the theory of evolution and that no man could believe in evolution and be a Christian. Members of the faculty answered this in the newspapers and provoked a challenge from the preacher for a debate on the subject. The science faculty immediately accepted the challenge and suggested the form of query.

Back of the local controversy is a bigger fight in the Southern Baptist denomination over the teaching of evolution in the church schools. North Carolina denominational publications have been carrying on a vigorous fight against Dr. William Lewis Potest, president of Wake Forest College, because he taught the theory of evolution in a class in theology. Dr. Metcalf, of the college faculty, announced that he would confine his discussion purely to the scientific side of the question, declaring that evolution was a scientific and not a religious matter.

Upholds Evolution Theory. Des Moines, Iowa, May 17.—Dr. Cleveland Boyd McAfee, against whom friends of William J. Bryan are expected to advance Mr. Bryan's candidacy as moderator of the general assembly of the Presbyterian church in the United States, today upheld the theory of evolution "from a theological viewpoint, because our religion is broad enough to encompass all the discoveries of science."

Mr. McAfee was speaking at a conference of presidents of 57 Presbyterian universities and colleges held today in advance of the assembly, which opens tomorrow. Dr. McAfee declared that conventional college training through the substitution of sciences for classics aims at economy and efficiency rather than the development of personal character.

In connection with the election of moderator tomorrow it was learned today that the question of Bryan's eligibility will come up as he will be present as alternate from Florida and not as a commissioner.

TO OPEN UP ANOTHER RESIDENTIAL SECTION

Another new residential street and section is to be opened up here, if present intentions of property owners along the proposed new street are carried out and it is believed they will be and very soon at that. The new street would be a western extension of Henderson street, beginning at the intersection of Fulton and Henderson and connect with Mockville avenue at some point near the Mahaley place.

It is said the majority of property owners on the proposed street have signified a willingness to pave this street under the 50-50 basis adopted at the last meeting of the board of aldermen, this being that the owner of property on each side bear half of the expense, thus relieving the city of any street cost. Already a number of transfers of building sites are taking place in this section.

DR. H. A. BOAZ CHOSEN FIFTH NEW M. E. BISHOP

(By the Associated Press.)

Hot Springs, Ark., May 17.—The general conference of the Methodist Episcopal church, south, in session here today, completed the election five new bishops to be named at this time by electing Dr. H. A. Boaz, president of the Southern Methodist University at Dallas, Texas, to be the fifth new prelate. Four bishops were elected yesterday. Boaz received 215 votes.

BISHOP COADJUTOR TO BE ELECTED TO ASSIST CHESHIRE

Rev. S. S. Bost Proposed Election of Assistant; Little Opposition.

(By the Associated Press.)

Raleigh, May 17.—It is expected that a bishop coadjutor to assist Bishop Joseph Blount Cheshire in his work in the diocese of North Carolina and to eventually become bishop of the diocese when Bishop Cheshire shall have finished his work will be a special order for tonight before the convention now in session at the Church of the Good Shepherd here.

The report of the special committee appointed Tuesday to consider the advisability of electing a coadjutor and ways and means of financing his work was presented by Rev. S. S. Bost, of Durham, and was taken up at the opening of the morning session. The committee recommended the election of a bishop coadjutor before adjournment of the convention and recommended that the expenses be met by increasing from 10 to 15 per cent the current expenses for episcopal and contingent fund.

The entire morning session, with the exception of fifteen minutes adjournment for parish conference to consider the financial part of the resolution, and a brief intermission on noon day prayer for missions, was devoted to consideration of whether a bishop coadjutor was needed at this time to relieve Bishop Cheshire, as to whether the apportionment of further work in the diocese would impose too heavy financial burden on the parishes and as to whether the election of a bishop coadjutor should be delayed a month or month and a half. It was one o'clock before the tangle in which the convention became involved was finally straightened out and a vote taken. The roll call vote of the parishes showed all favored financial assessment as recommended if a bishop coadjutor is elected. The final vote as to the election of a bishop coadjutor showed only a scattering vote or two in opposition. The motion to defer the matter a month or more, making it a special order for June 22, received only a few favorable votes.

COTTON MARKET.

New York, May 17.—The cotton market opened barely steady today with declines of 7 to 17 points on or immediately following the call. There were a great many bullish and private weather crop reports and prices soon came up higher on more favorable political news from abroad, July and October selling 4 to 9 points higher.

Opening Steady.

New York, May 17.—Cotton futures opened steady: May 21.15, July 20.30, October 20.25, December 20.33, January 20.19.

TREASURER LACY GOES NORTH WITH HIGHWAY BONDS

Six Million Sold Last April to Be Signed and Delivered; School Loans Are Made to Counties.

(By O. J. Coffin)

Raleigh, May 17.—The six millions of State highway bonds which North Carolina sold on the 27th of April to the Citizens National Bank of Raleigh, the Wachovia Bank and Trust Company of Winston-Salem and New York associates are to be taken to New York today by Treasurer Ben Lacy and there signed and delivered to the "associates." Governor Morrison will join Treasurer Lacy in New York, and soon the millions will be on their way into the State Treasury.

Nothing as yet has been heard as to whether the bidders who have sixty-day option on nine millions more of these 4-1-2 per cent bonds at the same price, 100.1, will purchase the remainder of the issue, but there is enough money on hand now, so there is no worrying.

The State Department of Education has loaned a million dollars of the five-million dollar building fund to 50 of the North Carolina counties for use in building schoolhouses. This first loan is rather in the nature of a refund to the counties which went ahead with their construction program and borrowed from local banks against the money to be advanced by the state.

It was intended and thought that the money would be available January 1, but when the bonds were to be sold a question arose as to their validity which went to the Supreme Court for decision. The court declared the bonds valid and in April 1,000,000 of them found purchasers.

Almost exclusively these first loans are for the purpose of building high schools in rural communities. Only \$40,000 of the amount goes to a city school and this, the high school at Wilmington, is a school for the entire county.

The counties and the amount of their loans are as follows: Alleghany, \$20,000; Anson, \$14,000; Ashe, \$2,000; Avery, \$19,000; Beaufort, \$27,500; Bertie, \$20,000; Buncombe, \$15,000; Caldwell, \$30,000; Carteret, \$16,000; Caswell, \$10,000; Catawba, \$25,000; Chatam, \$6,600; Clay, \$9,000; Cleveland, \$8,000; Craven, \$25,000; Cumberland, \$4,000; Currituck, \$16,000; Dare, \$2,000; Davidson, \$40,000; Durham, \$30,000; Edgecombe, \$15,000; Gaston, \$41,000; Granville, \$22,000; Guilford, \$59,000; Halifax, \$3,000; Harnett, \$11,000; Henderson, \$30,000; Iredell, \$45,000; Lincoln, \$37,000; Martin, \$26,000; Montgomery, \$6,000; Moore, \$9,000; New Hanover, \$40,000; Pamlico, \$20,000; Orange, \$10,000; Person, \$15,000; Pitt, \$17,000; Polk, \$20,000; Randolph, \$10,000; Richmond, \$15,000; Robeson, \$10,000; Rutherford, \$26,000; Stanly, \$10,000; Stokes, \$20,000; Union, \$8,000; Wake, \$45,000; Warren, \$15,000; Watauga, \$15,000; Wayne, \$45,000; Yancey, \$22,000.

65 PER CENT OF POLAND'S DEBT IS OWED THIS COUNTRY

Warsaw, May 17.—Sixty-five per cent of Poland's national debt is owned to the United States, according to the first budget of the new republic. The Polish debt to America totals \$183,000,000. In 1921, foreign debts to the amount of 7,000,000,000 marks were repaid.

Although the new budget of Poland, like that of every other country in Europe, shows a deficit, it reveals also a state revenue covering 90 per cent of the expenditure as against 30 per cent in 1921 and only 10 per cent in 1920.

ALLEGED WIFE SLAYER RETURNS FOR TRIAL

Canton, Miss., May 17.—Miles D. Buckingham, a Memphis, Tenn., business man and head of an insurance agency, who returned voluntarily to Canton to answer an indictment charging him with having murdered his wife pleaded not guilty in circuit court here today, waived a preliminary hearing and asked that his case be continued.

A motion to defer the trial was taken under advisement by the judge before whom Buckingham was arraigned. The county attorney announced that the state was ready for immediate trial.

Director, Upon Return From Wilmington, Says No Warehouse Whiskey Was Stolen.

New York, May 17.—A fortune estimated at \$200,000 goes begging while a determined woman keeps her 12-year-old son in hiding. Will her mother love conquer her antipathy for the boy's father and everything pertaining to him? Two New York lawyers are wondering. They are the executors of the will of Col. Frederick J. Barrett, famous surgeon, whose country-wide search for his divorced wife and kidnapped son ended tragically with his death recently.

"He was hard-headed," says Andrew A. Fraser, an old friend, "a real 'he-man'." But a frail woman beat him! She kept him from winning back their boy; and the father died—heart-broken.

War Breaks Up Home Dr. Barrett and his family lived happily until the beginning of the war. The physician enlisted and was detailed to the base hospital at Augusta, Ga.

Mrs. Barrett went with him. But she found difficult adjusting herself to the new conditions. In New York she had been living in luxury; in the South she had to live on the meager salary of an army officer. The doctor's new work took him away from his family for the first time in his life. His wife began making friends of her own.

Dr. Barrett sued for divorce, then dropped the action. "He loved his son too dearly," says a friend, "to disrupt the family permanently." "The boy was sent to a New England school. He led in athletics. His father was very happy—for a while. "But conditions at home did not change. A new action for divorce was started—and carried to a finish. Then began a fight for possession of the boy. The father was awarded his custody."

While the youngster was home for the Easter vacation in 1920, he was kidnapped on Broadway. After a long time detectives reported they had located him in Hollywood with his mother.

Before his father could get him, the lad was spirited to Arizona. Another hunt. Once more the boy was found and was with his father for Christmas.

GEORGE ALTEA HAS BIG LEAD FOR GOV.

(By the Associated Press.)

Philadelphia, May 17.—Clifford Pinchot "has evidently won the Republican nomination for governor in the face of unofficial returns," W. Harry Baker, secretary of the state Republican executive committee, declared in a statement this afternoon. "Unless Allegheny county gives a larger majority than my advisers indicate then there is no doubt that Mr. Pinchot has carried the state," the statement said.

Returns from 6,178 of the 7,934 districts in the state received shortly after Secretary Baker made the announcement reduced Alter's majority to 11,696.

MULLINS TO HEAD SOUTHERN BAPTIST CONFERENCE AGAIN

Jacksonville, Fla., May 17.—Dr. E. Y. Mullins, of Louisville, was re-elected president of the Southern Baptist conference which opened its 66th annual session here today.

Four vice-presidents were elected: Rev. R. M. Inslow, of Sedalia, Mo.; Rev. W. W. Gaines, of Atlanta, Ga.; Rev. J. J. Taylor, of Leaksville, N. C., and Rev. W. D. Nowlin, of Greenville, Ky. George W. Norton, of Louisville, treasurer, and Dr. W. P. Harvey, of Harrodsburg, Ky., were re-elected and the convention then began its first contest over office. Three names were put for the two positions of recording secretaries. Dr. H. C. Moore, of Nashville, Tenn., and G. H. Burnett, of Macon, Ga., were nominated to succeed themselves, while the name of A. S. Barnes, of Montgomery, Ala., was also placed in nomination. The convention voted by ballot, and Dr. Moore and Mr. Burnett were re-elected.

FORCE PAYMENT ALLIED DEBT CRIPPLE TRADE

(By the Associated Press.)

Washington, May 17.—Speeches devoted to discussion of the tariff, allied debt to the United States, and reparations question as affecting this country's foreign trade outlook, occupied most of the morning session of the 10th annual meeting of the Chamber of Commerce today.

Reviewing the financial condition of Europe, which he said by creating disadvantage of high exchange rates already had seriously curtailed this country's foreign trade, John R. Delafield, of New York, former chairman of the board of contract adjustment of the war department, told the convention that insistence on payment of even the interest on the allied debt would greatly add to this hindrance. To request payment of the principal, he said, would still materially seriously aggravate the situation.

Paris, May 17.—The French government informed the American war debt funding commission today that it is ready to send a special mission to the United States to confer regarding payment of the French debt.

FRENCH SENT A "FEELER" FIRST

French Acted Prior to Issuance of Invitation to United States to Economic Conference.

(By the Associated Press.)

Washington, May 17.—French sources at Genoa, prior to issuing an invitation to the United States to participate in the Hague meeting, sent a "feeler" to develop the American attitude towards participation, it was learned here today.

The American reply, it was explained, was sympathetic in character, but was not an acceptance although apparently construed at Genoa to mean probable participation by the United States.

This, it was said, only explained that it could be assigned in official quarters here to the confusion in European capitals, followed the declaration of the United States to participate in the conference.

The French proposal was of a general nature and fixed no time or place for the suggested economic commission to meet.

DOLLAR DAY IS EXTENDED THURS.

Rain Made it Advisable for Carrying the Trade Event Through Wednesday.

Dollar Day is wet.

Dollar Day will also continue another day—tomorrow.

The downpour of rain last evening, through the night and the condition during today make it advisable for the local business men to carry their sale over till tomorrow.

Despite the bad conditions a good deal of shopping was the rule during today, but in spite of the determination of some to go to the street and shop, regardless of the weather, the great majority of those who would have been out today did not make the venture, so tomorrow will be Dollar Day, too.

GEN. SEMENOFF'S ERRAND BARED

Semenoff's Real Purpose of Visiting United States Was to Overthrow the Bolshevik.

(By Gene Cohn.)

San Francisco, May 17.—The real purpose of General Ataman Semenov's visit to the United States has been bared here by Count Vladimir A. Baranoff, accredited Semenov agent.

It is the overthrow of the Bolshevik government in Russia by a new united drive under a relative of the dead czar, Count Baranoff says.

Semenoff and other Russian political leaders will confer in San Francisco, Washington, New York and other central points probably within the next month.

Semenoff then will continue on to Europe for meetings that will close plans for bringing the constitutional monarchial forces into one gigantic drive against the Bolsheviks—possibly within a year.

The general will meet in Europe a relative of the late czar who is to lead the drive.

"This man cannot now be named," says Baranoff. "But he is an idol of the Russian army. The new offensive will be pressed simultaneously in Siberia, where Semenov will lead; in South Russia, where Wrangel will attack, and in Estonia."

"Semenoff, after his European conference, will return to America. He will be accompanied by Horvath ex-governor of Vladivostok; Gondate, one-time governor of Siberia and other leaders."

INDUSTRIAL CENSUS IS NOT ACCURATE

(By the Associated Press.)

Chicago, Ill., May 17.—That the present industrial census plan does not permit of accurate comparisons of imports was asserted in a draft of a new plan which the Illinois Manufacturers' Association has presented to Secretary Hoover.

"A mere examination of statistics of imports for 1920 and 1921," it was asserted in a report from the association, "shows numerous cases where the units of quantity have doubled and the monetary comparison shows a decrease in trade. In some cases the comparison shows a decrease in trade. In some cases the variation has been as much as 200 per cent."

"TO HELL WITH LANDIS AWARD" IS TERRORISTS' CRY

\$100,000 Damage to Building; Woman Confesses to Caring for Occupants of "Death Car."

(By Associated Press.)

Chicago, May 17.—Police today searched for unexploded bombs believed to have been placed in a \$500,000 department building which was damaged by fire said to have been started by terrorists in the Chicago labor war.

Other developments are expected, and efforts were concentrated today in effecting a confession said to have been obtained from Mrs. Margaret Miller, wife of John Miller, now under arrest, as alleged driver of the "death car," from which shots were fired killing two Chicago policemen early last Wednesday in a labor feud.

Police connect the firing of the building with labor disorders from a man who warned several women in an adjoining building to escape before they were burned to death. The man ran through the hall, giving notice of the approaching fire by yelling.

"To hell with the Landis award." It is estimated that the loss of the fire damage will amount to \$100,000. The building was being erected under the Landis wage award. The so-called Landis award was a decision handed down by K. M. Landis, former federal judge, which was intended to settle labor disputes between contractors and members of the Chicago building trades.

The questioning of Mrs. Miller, police say, brought a full confession, and in which she named the occupants of the "death car," which was given and substantiated by previous confessions said to have been obtained from her husband.

The police said Mrs. Miller admitted carrying for the occupants of the handie-car who are supposed to have been wounded by shots from the policemen's pistol. Mrs. Miller also admitted sitting in a conference of labor leaders at which bomb attacks were discussed and the police said she admitted knowing explosives were kept in her home to be used by labor men in the fight against the Landis award.

POLIOY OF SERVICE MUST BE ADOPTED

(By Associated Press.)

Atlantic City, N. Y., May 17.—A policy of "greater service" must be adopted by industries and by individuals if American business is to return to more stable ground, Martin J. Insull, vice president of the Middle West Utilities Company, of Chicago, told the National Electric Light Association convention here today.

"We have, as a nation, learned to do many things in a slipshod way; to give as little as we could and take as much as we can get," Mr. Insull said. "It is this idea of 'greater service' which made this nation great. It was the feeling of the individual that he should give just a little more in the way of goods or service which made all kinds of business try to outstrip their competitors."

89TH ANNIVERSARY.

(By Associated Press.)

Bedford, N. Y., May 17.—Today is the 89th anniversary of the death here of John Jay, native of New York city, governor of New York, a leader of the revolting colonists and first chief justice of the United States supreme court. Jay was also President Washington's special envoy to Great Britain in 1784, and his name has been given to a treaty which he effected at that time, and which is credited with having prevented an impending war with England. It was signed under extreme opposition, was termed by Democrats as the "Treaty of Commerce" and by Tories as the "Treaty of Amity" and by Lord Shelburne, of England, on the other hand, "that the political treaty of 1784 which Lord Grenville was so proud to call by Jay's name."
