

PERSONAL AND NEWS NOTES.

A yellow chill is reported at Mr. W. B. Boykins, the first we have heard of this season.

Stove peddlers are canvassing this county without license. What has become of all the officers?

Dr. W. P. Moore and family of Jackson have gone to Buffalo Lithia Springs, Va., to spend a few weeks.

The public school at Galatia, taught by Mr. C. L. N. Stephenson, has an unprecedented large attendance, the average being over 60 a day.

Miss Chloe Parker, of Raleigh, who taught Lasker school last year, has accepted the position as teacher of music in Winton Academy. She is one of the very best teachers we know.

Mr. and Mrs. S. M. Simpson have just returned from an extended trip to Baltimore, Philadelphia, Niagara Falls and Canada. They express themselves as being delighted with their trip.

Mr. A. McDaniel and son, Augustus, have won their suit against the Seaboard R. R. Company for false imprisonment in Norfolk year or two ago. The case was tried at present term of Northampton Superior Court.

At the conference held at Jackson last Saturday between the Populist and Republican leaders it was decided that the Republicans nominate candidates for county officers only and the Populist nominate only the Legislative ticket. The Republican county convention will meet next Monday and the Populist September 8th, to make the nominations.

The Democratic Senatorial Convention for the 3rd District meets at Rich Square next Monday the 20 inst. Northampton is entitled to 29 votes in the convention, and as only nine delegates were elected each will have 3-2-9 votes in the convention, and if any delegates is absent his votes will be proportioned to those present. We trust that a good man may be selected.

The new schedule on the Roanoke and Tar river railroad is the worst the company has ever given us. Ever since the road was opened to public travel our people could go to Norfolk and return same day, but now it takes three days to go to Norfolk and return, if any business is to be attended to, eleven hours of which is spent in Boykins, Va. It is now more convenient to go to Petersburg and Richmond trading than it is to Norfolk. Travel from Lasker and vicinity is now by way of Jackson.

Lasker Locals.

Mrs. Jere Brown, who was quite sick last week, has much improved.

Misses Maud and Ada Gerrish returned to Norfolk last Saturday.

Mr. J. B. Parker is painting his dwelling which adds much to its appearance.

We regret to learn that Mr. P. B. Murphy is still in poor health. We hope to see him out again soon.

Mr. W. T. Picard, of Jackson, was in our village last Sunday and made a pleasant call at Mr. S. M. Simpson's.

There is much sickness in the vicinity, principally chills and fever, something unusual for this community.

Mr. J. H. Channing, of Newsoms, Va., spent a few days here last week visiting his sister, Mrs. W. E. Lassiter.

Rev. J. B. Boone of Windsor, is assisting the pastor, Rev. J. N. Hoggard in a meeting at Potocasi church this week.

Mr. F. C. Brewer moved into his new dwelling in Lasker this morning. We are glad to welcome his family back to our village.

Master Willie Cole, of Courtland, Va., nephew of Mrs. W. E. Lassiter, who has been visiting here several days, left for his home yesterday.

Mr. and Mrs. P. T. Hicks, after an absence of seven months at Wilmington, N. C., returned home yesterday. Our people are glad to see them again.

Mrs. Jane Copeland, of Chowan county, is visiting her father, Chas. Britton, and relatives in this vicinity. She reports crops very good in Chowan county.

One of Northampton's best citizens and a leading and highly respected member of the Society of Friends, Eli Copeland of Eagle-town, accompanied by his wife and adopted daughter, is visiting his daughter, Mrs. Jere Brown, and grand daughter, Mrs. J. J. Parker, for a few days.

There is more sickness in the community than at one time before in a long time. John H. Allen's 4 year old child has had two congestive chills, but is now improving. J. B. Vaughan is having chills every day and is quite sick. J. H. Spivey's four year old son has the typhoid fever, Timothy Vaughan and wife have been sick for several days, two or three of Z. Vaughan's children have been quite sick. L. G. Draper has been unable to come to the stores nights to see his chums on account of chills, besides several other cases which we do not now recall.

FROM UPPER NORTHAMPTON

ATTEMPTED MURDER OF A PEDDLER—POSTOFFICE ROBBED—PERSONAL ITEMS.

One of Mr. Charlie Lifsey's little children, of Emporia, Va., while playing with a toy candle burned one of its eyes so as to lose the sight of it.

Capt. W. P. Clements, of the A. C. Line, and Mr. E. D. Clements, of Raleigh, are visiting their mother and step-father, Mr. and Mrs. Joe Shaw.

Miss Helen Persons, of Franklinton, N. C., who has been visiting friends and relatives in Greensville county, Va., has returned home. We regret to learn the illness of Miss Helen's mother was the cause of her returning sooner than she intended.

A burglar entered the post office at Emporia, Va., a few nights ago, bored a hole near the combination, broke the lock of the safe, procured three registered packages, \$195.00 in cash and stamps, and has not been detected. It appears to have been the work of an expert.

Joe Blacker, a Jewish pedler, was attacked on the road in this vicinage last Friday evening by a slick black colored dirty looking tramp, pelted with rocks and beaten with a stick (until doubtless the robber thought dead) and robbed of a purse containing five or six dollars. After the robber and would be murderer left the place Mr. Blacker recovered strength enough to get to a colored man's house near by, who aided him in getting to Mr. Charlie Shaw's where he was cared for. Dr. D. B. Zollicoffer dressed the wounds and pronounced them painful, but not fatal. Several neighbors went in pursuit and chased the robber some distance through the woods after dark, finally losing him, though obtaining his cap, which the writer has now.

Mr. T. P. Gurley, Mrs. William Rascoe and her grandson, Frank Gillam, left for Nags Head on the Steamer Bertie last Friday night.

Mr. A. S. Rascoe attended the State Convention in Raleigh on the eighth. He also visited the Panacea Springs and Norfolk before his return.

Miss May A. Webb, who has been visiting in town and at Scotch Hall during the summer, returned to Southport, N. C., where she is engaged in teaching.

Castine, the little seven year old daughter of Mr. Thos. W. Morris, had a very painful accident to happen to her last Wednesday. She, together with some other children, were playing in the street when some cattle came along. One of the boys, Fayette Vick, who had a fishing reed in his hand, struck at one of the cattle and struck her over the eye inflicting a very painful wound, cutting three distinct gashes, one of which had to be sewed up. It was at first thought that the eyeball was injured but at present no danger of losing her sight is apprehended. She is improving rapidly. The wound was dressed by Doctors Gurley and Pugh. The little boy who did the injury was effected very much and for about a day was almost crazy with grief.

ROXOBEL CHIMES.

PROTRACTED MEETING AT BAPTIST CHURCH—THE NEW SCHEDULE—THE PICNIC—PERSONALS.

Fodder pulling is now in progress by some of our farmers.

Miss Maud Hedspeth, of Conway, N. C., is visiting Mrs. E. Bell's family near the depot.

Watermelons are more than plentiful in this section and the existing price is far below par.

Now that two more years have rolled past political discontent is again showing its teeth.

The protracted effort with the Baptist church at this place begins next Sunday night and continues the succeeding week.

Usual divine services at the Baptist church last Sabbath morning and at night; also service by Methodist at the Academy in the afternoon.

The new schedule that went into effect over the R. & T. R. R. last Sunday is one of general dissatisfaction with patronizers. The R. R. Co. should not expect patronage from the people after thus doing and they ought not to have it.

The Republican township primary convened at Roxobel last Monday and elected delegates to the county convention. Some of the prominent colored Republicans of the county were present, looking after their interest and that of their political friends.

Mr. W. C. Barnes, (our Cling) who, with his brother, joined the United States Navy about eighteen months ago, having received a furlough for a number of days, arrived home over the N. & C. R. R. this afternoon at 5 o'clock on a visit to his parents for the first time since his departure in January, 1893. His many friends are proud indeed to see him.

The long talked of day of recreation and pleasure has come and gone. A goodly number of young people (Josh among the select) chaperoned by Mrs. J. B. Sadler and Mrs. W. C. Livermon, went on a picnic and fishing excursion at Burden's Mill yesterday, Tuesday the 14th. There was a pretty handsome crowd of lads and lasses, a most bountiful dinner of all the good things that one could desire, all the ice water and melons that could be consumed, and it was a day, to say the least, of general enjoyment. Several nice canoes were pressed into service and by this means canoeing furnished an important feature of the day's pleasure, in which all, save a wee number, extensively indulged. At 5:30 p. m. our party turned their faces homeward and bade the "mill" adieu, all being well pleased with their day's enjoyment and almost promising to return one year hence on a similar occasion. Most truly everybody had a good time and all were abundantly rewarded for the pains of preparing for the day. Long live in memory the picnic at Burden's and hoi for the next we exclaim. **JOSE.**

KITCHEN AT ROXOBEL.

ADDRESSES AN AUDIENCE ESTIMATED AT 2000—WHY HE LEFT THE DEMOCRATS.

Capt. W. H. Kitchen addressed an audience here today, variously estimated at from 1,500 to 2,000. He was appropriately introduced by Hon. M. L. Wood and held the crowd spell-bound for two hours and a half. He told the people about the crime committed against silver money by the Republican party in 1873, and the Democratic crime against silver in 1893.

Speaking about his work in the campaign of 1892, he said: "Now, fellow citizens if you will just give us "one chance," if you will not forsake the old ship now, when it is about to be successful and thus enter the country upon a state of happiness, prosperity and glory, it is all we ask."

There was enough that listened to this kind of appeals to elect the Democrats to every branch of the Government, and the old ship was landed into what he thought was the peoples harbor, and he rejoiced, with others.

But soon a cloud began to rise; factories began to shut down, and

men, women and children were thrown out of employment and made tramps. From tramps they went to thieves and from thieves to criminals. The thunders began to roll and rumble and banks and business men went under. Finally, they threw a deep gloom over the country, from one end to the other, by striking down silver. The fellows who wanted your votes had no further use for you. They had carried all of us into the ranks of the Republican party and there they left us. And they, have repealed their platform, and annulled the principles of Democracy. They sent me out to denounce the Republican party and bless your life, they have endorsed every act of the Republican party, even to Reed's plan of counting a quorum, and are carrying out the program better than they could do it themselves.

I told the Peoples party that if the Democrats did not fulfil their pledges I would come to them, and I've come to stay until the party proves false, and then I'll leave it and help tear it up. Aycock, Glenn and all of our speakers said they would leave the party and go with the Peoples party if pledges were not kept; all of them, except Tom Jarvis, and he said he could not go, "because it was composed of the rag tag and bob tail scum of creation." But he would take to the woods. (A voice in the audience), Yes, and "Bob" Peebles said in a speech in Windsor that if we did not get free coinage of silver he would go with the Peoples party next campaign.

The Capt. denounced Cleveland's sending troops into states against the governor's wish or until called for by the State authorities, as subversive of civil liberty. He denounced the manner pursued by strikers in unmeasured terms. The speech opened the eyes of many to the true principles of Democracy as embodied in the creed of Jefferson. Your correspondent has at last become convinced that the only hope of preserving our liberties is in the success of the People party. Many there were, who left here pledging themselves anew to the holy mission of bringing the government back to the old land marks. *Esio perpetua.*
