Will SCOTT'S EMULSION cure consumption? Yes and no. Will it cure every case? No. What cases will it cure then? Those in their earlier stages, especially in young people. We make no exaggerated claims, but we have positive evidence that the early use of

of Cod-liver oil with Hypophosphites of Lime and Soda in these cases results in a positive cure to a large number. In advanced cases, however, where a cure is impossible, this well-known remedy should be relied upon to prolong life surprisingly.

SPANISH FORECAST OF DE-

First of Spanish Military Writers Predicts What Would Hap-

Senor Genaro Alas who is considered in Spain to be the first Spanish military writer, published the following article in La Epoca of Madrid on March, 11 about the results of a war between his country and the United States:

"Will it be a duel in French style, or until the first blood is shed, or a fight to the death? In my opinion neither one nor the other. If we are and probably also Poto Rico, and it supplies furnished to the Union by loyal is very likely that we shall have a stronger revolt in the Philippines and serous troubles at home. "But suppose that at the begin-

ning of the war we sink the whole Yankee fleet and even bombard with success two or three Yankee ports. Will it all end there? Oh, no. The Americans will not stand it, and the nation that from 1861 to 1865 put in arms more than 1,000,-000 soldiers, raised powerful fleets, spent \$4,000,000,000 and lost nearly the same amount, will make such efforts then that, in spite of all my respect for Spanish patrotism, I cannot believe that Spain will be able to stand against it.

If there are those who believe in intervention by European powers in favor of Spain, I do not.

"A fight to the death, it will not cannot conquer us with so many miles of ocean between the two countries. We may lose our colonies, but Spain will remain. Probably that ss, though immediately disastrous,

For large railroad companies expend as tion, blockade the ports of Cuba, and starve to death our army there, that subsists now exclusively on imported food.

"What will be the role of our navy? To break the blockade in order to provision our army and in order to get coal for itself; because I suppose that our ships will not come back to coal in Spain.

"That will be all. At the start the Yankees may destroy our whole Havana in the service of his country, is navy or we may destroy theirs, but not good enough to "inherit property in the long run they will get the ad- given by a loyal citizen of the United vanage. All other things will be mere episodes of the war. The privateers on either side will amount to nothing in deciding where victory shall rest.

He Was not Deaf.

Joseph has gone into the service of two old bachelors, brothers, who are so much alike that they can hadly be told apart, but of whom one is deaf. Thinking he was speaking to the latter, Joeph brings the letters and newspapers on his first morning, and remarks:

"There's the paper, you old buck."
What is his confusion to hear the old gentleman answer benevolently:

"It is my brother who is deaf, not I!" "A word to the wise is sufficient" and a word from the wise should be sufficient, but you ask, who are the wise? Those who know. The House of Representatives Tuesday served notice on Southern men and women that the civil war is not yet over, and that while it is quite willing to allow Southern citizens to shed their blood in defence of the country it is not willing to do them the barest justice when they or their relatives come before Congress with well-founded pecuniary claims against the government. The case that justifies this reflection was the action of the House on the claim presented by the heirs of the widow of Gen. Robt. E. Lee, for tucky, moved to strike the claim out of

No one claimed loyalty for Mrs. Lee, and as a legal proposition, he said, it was absurd to claim the residuary legatee, who was disloyal, should have an interest under the Bowman act. Mr. Swanson, (democrat, of Virginia,) who championed the payment of the claim, said that Mrs. Lee was the heir of Mrs. Fitz a loyal citizen of the United States.
